NPRM Notice of proposed rulemaking  
§ Section  
U.S.C. United States Code

##### II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable.

The Coast Guard received a notice of the event on September 7, 2017. After receiving and fully reviewing the event information, circumstances and exact location, the Coast Guard determined that a safety zone was necessary to protect personnel, vessels, and the marine environment from potential hazards created from a land based fireworks display. It would be impracticable to complete the full NPRM process for this safety zone because we need to establish it by November 17, 2017 and lack sufficient time to provide a reasonable comment period and then consider those comments before issuing the rule.

We are issuing this rule, and under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making it effective less than 30 days after publication in the **Federal Register**. Delaying this rule would be contrary to the public interest of ensuring the safety of spectators and vessels during the event and action is necessary to prevent possible loss of life and property.

##### III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 33 U.S.C. 1231. The Captain of the Port Pittsburgh (COTP) has determined that a safety zone is needed on November 17, 2017. This rule

is needed to protect personnel, vessels, and the marine environment from potential hazards created from a land based fireworks display.

#### IV. Discussion of the Rule

This rule establishes a safety zone from 8:30 p.m. through 10:30 p.m. on November 17, 2017. The safety zone will cover all navigable waters on the Monongahela River from MM 31.5 to MM 32.5. The duration of the safety zone is intended to protect personnel, vessels, and the marine environment from potential hazards created from a land based fireworks display. No vessel or person will be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative.

#### V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive Order related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

##### A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the size, location, and duration of the safety zone. This safety zone impacts a small portion of the waterway and for a limited duration of two hours. Vessel traffic will be informed about the safety zone through local notices to mariners. Moreover, the Coast Guard will issue Broadcast Notices to Mariners via VHF-FM marine channel 16 about the zone and the rule allows vessels to seek permission to transit the zone.

##### B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small

businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A. above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

##### C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

##### D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section above.

##### E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

##### F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone lasting two hours that will prohibit entry on the Monongahela River from MM 31.5 to MM 32.5, during the land based fireworks event. It is categorically excluded from further review under paragraph 34(g) of Figure 2–1 of the Commandant Instruction. A Record of Environmental Consideration supporting this determination is available in the docket where indicated under **ADDRESSES**.

##### G. Protest Activities

The Coast Guard respects the First Amendment rights of protestors. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

**I. Introduction**

On May 24, 2017, the Postal Regulatory Commission (Commission) issued a notice of proposed rulemaking to amend the Commission's ethics rules, 39 CFR subpart A of part 3000.<sup>1</sup> On the same day, with the concurrence of the Office of Government Ethics (OGE), the Commission also issued a notice of proposed rulemaking to amend the supplemental standards of ethical conduct, 5 CFR part 5601, applicable to Commission employees.<sup>2</sup>

Executive branch employees are subject to multiple federal ethics laws, regulations issued by OGE, and executive orders. Because existing 39 CFR subpart A of part 3000 contains several rules that are duplicative of rules contained in 5 CFR part 2638 and 5 CFR part 5601, as amended, the Commission will revise existing 39 CFR subpart A of part 3000. The Commission will replace those duplicative rules with rules that reflect the Commission's current regulatory role under the Postal Accountability and Enhancement Act (PAEA), Public Law 109–435, 120 Stat.

<sup>1</sup> 82 FR 23766 (May 24, 2017). The Commission posted this document on its Web site on May 19, 2017. Notice of Proposed Rulemaking on Amendments to Ethics Rules, May 19, 2017 (Order No. 3907).

<sup>2</sup> 82 FR 23758 (May 24, 2017). The Commission posted this document on its Web site on May 19, 2017. Order No. 3906, Notice of Proposed Rulemaking on Amendments to Supplemental Standards of Ethical Conduct for Employees of the Postal Regulatory Commission, May 19, 2017.

3198 (2006). The revised rules will treat employees' and former employees' interactions with the Postal Service substantially the same as if those interactions were with entities that are not part of the federal government.

**II. Background**

The ethics rules contained in 39 CFR subpart A of part 3000 were adopted in a 1971 rulemaking, in which the Civil Service Commission promulgated employee conduct regulations on the Commission's behalf. 36 FR 5412 (Mar. 23, 1971). In 1993, the Commission collaborated with OGE to revise the Commission's ethics rules in 39 CFR subpart A of part 3000. 58 FR 42873, 42874 (Aug. 12, 1993). The Commission amended the ethics rules in 2001 to eliminate a redundant provision. 66 FR 32544, 32545 (Jun. 15, 2001).

In 2006, the PAEA changed the agency's name from the Postal Rate Commission to the Postal Regulatory Commission and made several changes to the Commission's regulatory role. In 2007, the Commission amended its ethics rules to correct the statutory authority and the agency's name, both of which were changed by the PAEA. 72 FR 33164, 33165 (Jun. 15, 2007). In 2016, the Commission amended its ethics rules to redesignate the numbering to be consistent with the **Federal Register** Document Drafting Handbook and to correct the listed authority. 81 FR 42534, 42540 (Jun. 30, 2016). Neither amendment modernized the Commission's ethics rules to reflect the PAEA's enhancements to the Commission's responsibilities.

Because the ethics rules in existing 39 CFR subpart A of part 3000 are redundant to rules contained in title 5 of the Code of Federal Regulations, the Commission undertook this rulemaking to streamline its regulations. Order No. 3907 at 4–5. Further, the PAEA's changes to the Commission's responsibilities drive the need to modernize the ethics rules to ensure that consistent rules will apply to employees' and former employees' interactions with entities outside the federal government and with the Postal Service.

**III. Comments**

The Commission received two sets of comments pertaining to the proposed revisions to the supplemental standards of ethical conduct and the Commission's ethics rules.

*Sum Comments.* The Commission received the following comment through the [www.federalregister.gov](http://www.federalregister.gov) Web site: "Any deletion of ethical conduct would not be in the best
