NATIONAL SCIENCE FOUNDATION**Request for Recommendations for Membership on Stem Education Advisory Panel**

ACTION: Notice.

SUMMARY: The National Science Foundation (NSF), the Department of Education, the National Aeronautics and Space Administration, and the National Oceanic and Atmospheric Administration are currently requesting recommendations for membership on the Science, Technology, Engineering, and Mathematics (STEM) Education Advisory Panel (Committee). Recommendations should consist of the

name of the submitting individual, the organization or the affiliation providing the member nomination, the name of the recommended individual, the recommended individual's curriculum vita, an expression of the individual's interest in serving, and the following recommended individual's contact information: Address, telephone number, FAX number, and email address. Self-recommendations are accepted. If you would like to make a membership recommendation, please send your recommendation to Nafeesa Owens at stemedadvisory@nsf.gov.

ADDRESSES: The mailing address for the National Science Foundation is 2415 Eisenhower Avenue, Alexandria, Virginia 22314. The web link to committee information may be found on the NSF Web site: NSF Advisory Committees.

SUPPLEMENTARY INFORMATION: The STEM Education Advisory Panel (Committee) was established on October 18, 2017, under the authority of the American Innovation and Competitiveness Act (Pub. L. 114-329; Section 303(b)) and the Federal Advisory Committee Act ("FACA") of 1972 (5 U.S.C. Appendix 2, as amended).

The role of the Science, Technology, Engineering, and Mathematics (STEM) Education Advisory Panel (Committee) is to provide advice and recommendations to the Committee on Science, Technology, Engineering, and Mathematics Education (CoSTEM), assess CoSTEM's progress in carrying out responsibilities related to the America COMPETES Reauthorization Act, and help identify need or opportunity to update the Federal STEM Education 5-Year Strategic Plan.

NSF encourages individuals to submit their recommendations by November 30, 2017, in order to be considered for initial selection. Thereafter, NSF intends to publish a notice requesting recommendations on an annual basis. NSF will keep recommendations active for 12 months from the date of receipt. Although NSF welcomes all recommendations, the Agency will not be able to acknowledge or respond positively to each person who contacts NSF or has been recommended.

A primary consideration when formulating committee membership is recognized knowledge, expertise, or demonstrated ability. Other factors that may be considered are balance among diverse institutions, regions, and groups underrepresented in science, technology, engineering, and mathematics.

Membership will consist of no less than 11 individuals. Members shall

primarily be individuals from academic institutions, nonprofit organizations, and industry, including in-school, out-of-school, and informal education practitioners; and shall be individuals who are qualified to provide advice and information on STEM education research, development, training, implementation, interventions, professional development or workforce needs or concerns. Members may serve on the panel (Committee) for up to a three-year term. Advisory meetings will be held twice a year.

Dated: October 30, 2017.

Crystal Robinson,

Committee Management Officer.
