PART 180—[AMENDED]

1. The authority citation for part 180 continues to read as follows:

2. In §180.686, amend the table in paragraph (a) by:
   i. Adding alphabetically the commodities “Onion, bulb, subgroup 3–07A”, “Onion, green, subgroup 3–07B”, and
   ii. Revising the commodity “Sugarcane, cane”.

The additions and revisions read as follows:

§180.686 Benzinodiflurpyr; tolerances for residues.

BILLING CODE 6560–50–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 372

[APA] (5 U.S.C. 553(b)(3)(B)) to withdraw the direct final rule discussed in this document without prior notice and comment. Alongside the direct final rule, EPA published an identical proposed rule and gave notice in the Federal Register that the direct final rule would be withdrawn if the Agency received adverse comment.

For this document, notice and comment is impracticable and unnecessary because EPA is under a time limit to publish this withdrawal before the direct final rule is to take effect to limit confusion among Federal agencies and the regulated community. As such, EPA has determined that this document is not subject to the 30-day delay of effective date generally required by 5 U.S.C. 553(d). This withdrawal must become effective prior to the effective date of the direct final rule being withdrawn.

V. Statutory and Executive Order Reviews

This document withdraws regulatory requirements that have not gone into effect. As such, the Agency has determined that this withdrawal will not have any adverse impacts, economic or otherwise. The statutory and Executive Order review requirements applicable to the direct final rule being withdrawn were discussed in the August 17, 2017 Federal Register document. Those review requirements do not apply to this action because it is a withdrawal and does not contain any new or amended requirements.

VI. Congressional Review Act (CRA)

Pursuant to the CRA (5 U.S.C. 801 et seq.), EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the Federal Register. This action is not a “major rule” as defined by 5 U.S.C. 804(2). Section 808 of the CRA allows...
the issuing agency to make a rule effective sooner than otherwise provided by CRA if the agency makes a good cause finding that notice and public procedure is impracticable, unnecessary, or contrary to the public interest. As required by 5 U.S.C. 808(2), this determination is supported by a brief statement in Unit IV.

List of Subjects in 40 CFR Part 372

Environmental protection, Community right-to-know, Reporting and recordkeeping requirements, Toxic chemicals.

E. Scott Pruitt,
Administrator.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 648

[Docket No. 151130999–6594–02]
RIN 0648–XF821

Fisheries of the Northeastern United States; Atlantic Bluefish Fishery; Quota Transfer

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; quota transfer.

SUMMARY: NMFS announces that the State of New Jersey is transferring a portion of its 2017 commercial bluefish quota to the State of Rhode Island. This quota adjustment is necessary to comply with the Atlantic Bluefish Fishery Management Plan quota transfer provisions. This announcement informs the public of the revised commercial bluefish quotas for New Jersey and Rhode Island.

FOR FURTHER INFORMATION CONTACT: Cynthia Hanson, Fishery Management Specialist, (978) 281–9180.

SUPPLEMENTARY INFORMATION:

Regulations governing the Atlantic bluefish fishery are found in 50 CFR 648.160 through 648.167. The regulations require annual specification of a commercial quota that is apportioned among the coastal states from Maine through Florida. The process to set the annual commercial quota and the percent allocated to each state are described in §648.162 and the initial 2017 allocations were published on March 13, 2017 (82 FR 13402).

The final rule implementing Amendment 1 to the Bluefish Fishery Management Plan published in the Federal Register on July 26, 2000 (65 FR 45844), and provided a mechanism for transferring bluefish quota from one state to another. Two or more states, under mutual agreement and with the concurrence of the NMFS Greater Atlantic Regional Administrator, can request approval of a transfer of bluefish commercial quota under §648.162(e)(1)(i) through (iii). The Regional Administrator must first approve any such transfer based on the criteria in §648.162(e).

New Jersey is transferring 50,000 lb (22,680 kg) of Atlantic bluefish commercial quota to Rhode Island. This transfer was requested by state officials in Rhode Island to ensure their 2017 commercial bluefish quota would not be exceeded. Both states have agreed to the transfer and certified that it meets all pertinent requirements. The revised bluefish quotas for calendar year 2017 are now: New Jersey, 1,215,633 lb (551,402 kg); and Rhode Island, 731,563 lb (331,831 kg); based on the initial quotas published in the 2016–2018 Atlantic Bluefish Specifications and subsequent transfers.

Classification

This action is taken under 50 CFR part 648 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 et seq.

Dated: November 8, 2017.

Emily H. Menashes,
Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
