Environmental Assessment and Finding of No Significant Impact for the Issuance of Depredation Permits for Double-Crested Cormorants

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability.

SUMMARY: This notice advises the public of the completion of an environmental assessment (EA) and finding of no significant impact (FONSI). The EA analyzed the potential impacts of a proposal to make decisions on depredation permit applications for the annual take (*i.e.*, lethal removal) of up to 51,571 double-crested cormorants, *Phalacrocorax auritus*, across 37 central and eastern States and the District of Columbia. The EA considered two alternatives: The proposed action; and the reduced take alternative (which is the preferred alternative). The scope of the EA is to issue permits to manage cormorant damage at aquaculture facilities, protect human health and safety, protect threatened and endangered wildlife, and alleviate damage to property. Based on the analysis contained in the EA, the Service finds that the preferred alternative would not constitute a major Federal action significantly affecting the quality of the human environment, as outlined in the accompanying FONSI.

ADDRESSES: You can obtain a copy of the EA and FONSI by writing to the Division of Migratory Bird Management, 5275 Leesburg Pike, Falls Church, VA 22041. We will also post the EA on our Web site at <http://www.fws.gov/migratorybirds>.

FOR FURTHER INFORMATION CONTACT: Ken Richkus, Deputy Chief, Division of Migratory Bird Management, (703) 358-1730; Ken_Richkus@fws.gov.

SUPPLEMENTARY INFORMATION:

Background

The U.S. Fish and Wildlife Service (Service) is the Federal agency delegated the primary responsibility for managing migratory birds. Our authority derives from the Migratory Bird Treaty Act of 1918, as amended (MBTA or Act, 16 U.S.C. 703 *et seq.*), which implements conventions with Great Britain (for Canada), Mexico, Japan, and the Russia Federation. The MBTA protects certain migratory birds from take, except as permitted under the Act. We implement the provisions of the MBTA through regulations in parts 10, 13, 20, 21, and 22 of title 50 of the Code of Federal Regulations (CFR). Regulations pertaining to migratory bird permits are at 50 CFR part 21.

The EA serves as a framework for the Service to make timely decisions on depredation permit applications submitted pursuant to 50 CFR 21.41 for the lethal take of cormorants. Based on the scope and environmental consequences identified in the EA, the
