Abstract of Proposed Collection

The Refugee Biographic Data Sheet describes a refugee applicant's personal characteristics and is needed to match the refugee with a sponsoring voluntary agency for initial reception and placement in the U.S. under the United States Refugee Admissions Program administered by the Bureau of Population, Refugees, and Migration, as cited in the Immigration and Nationality Act and the Refugee Act of 1980. In addition, the information is used to run security checks on refugees by the intelligence and federal law enforcement community before refugees can be permitted to travel to the United States.

Methodology

Biographic information is collected in a face-to-face intake process with the applicant overseas. An employee of a Resettlement Support Center, under cooperative agreement with PRM, collects the information and enters it into the Worldwide Refugee Admissions Processing System.

Kelly Gauger,

Deputy Director, Office of Admissions, Bureau of Population, Refugees, and Migration, Department of State.
