

public comment because the most recent, relevant data only became available as of November 7, 2017.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: November 15, 2017.

Emily H. Menashes,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

[Docket No. 161020985-7181-02]

RIN 0648-XF838

Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Ocean Perch in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting directed fishing for Pacific ocean perch in the Eastern Aleutian district (EAI) of the Bering Sea and Aleutian Islands management area (BSAI) by vessels participating in the BSAI trawl limited access fishery. This action is necessary to prevent exceeding the 2017 total allowable catch (TAC) of Pacific ocean perch in the EAI allocated to vessels participating in the BSAI trawl limited access fishery.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), November 15, 2017, through 2400 hrs, A.l.t., December 31, 2017.

FOR FURTHER INFORMATION CONTACT: Steve Whitney, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI exclusive economic zone according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific

Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR parts 600 and 679.

The 2017 TAC of Pacific ocean perch, in the EAI, allocated to vessels participating in the BSAI trawl limited access fishery was established as a directed fishing allowance of 695 metric tons by the final 2017 and 2018 harvest specifications for groundfish in the BSAI (82 FR 11826, February 27, 2017).

In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance has been reached. Consequently, NMFS is prohibiting directed fishing for Pacific ocean perch in the EAI by vessels participating in the BSAI trawl limited access fishery.

After the effective dates of this closure, the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, (AA) finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such a requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the closure of the Pacific ocean perch directed fishery in the EAI for vessels participating in the BSAI trawl limited access fishery. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of November 14, 2017. The Acting AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: November 15, 2017.

[Docket No. 160920866-7167-02]

RIN 0648-XF786

Fisheries of the Exclusive Economic Zone Off Alaska; Chinook Salmon Prohibited Species Catch Limits in the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; inseason adjustment.

SUMMARY: NMFS is reapportioning the projected unused amount, 404 Chinook salmon prohibited species catch limit, from the vessels participating in directed fishing for pollock in the Central Regulatory area of the Gulf of Alaska (GOA) to vessels participating in directed fishing for pollock in the Western Regulatory area of the GOA. This action is necessary to provide opportunity for harvest of the 2017 pollock TAC, consistent with the goals and objectives of the Fishery Management Plan for Groundfish of the Gulf of Alaska.

DATES: Effective 1200 hours, Alaska local time (A.l.t.), November 15, 2017, until 2400 hours A.l.t., December 31, 2017.

FOR FURTHER INFORMATION CONTACT: Josh Keaton, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council (Council) under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The annual PSC limit of Chinook salmon vessels participating in directed fishing for pollock in the Central Regulatory area of the GOA is 18,316

Chinook salmon, in accordance with § 679.21(h)(4)(i)(A). The Administrator, Alaska Region, NMFS, (Regional Administrator) has determined that the vessels participating in directed fishing for pollock in the Central Regulatory area of the GOA will not require 404 Chinook salmon of the Chinook salmon PSC limit allocated to those vessels under § 679.21(h)(4)(i)(A). Regulations at § 679.21(h)(5)(iii) allow the reapportionment of Chinook salmon PSC limits. Therefore, in accordance with § 679.21(h)(5)(iii) and taking into account the need of the sectors for Chinook salmon PSC, and following the limits set forth in § 679.21(h)(5)(iv)(A), NMFS reapportions 404 Chinook salmon to vessels participating in the directed fishery for pollock in the Western Regulatory area of the GOA.

The 2017 Chinook salmon PSC limits are revised as follows: 17,912 Chinook salmon for vessels participating in directed fishing for pollock in the

Central Regulatory area of the GOA (18,316 minus 404 Chinook salmon) and 7,088 Chinook salmon for vessels participating in the directed fishery for pollock in the Western Regulatory area of the GOA (6,684 plus 404 Chinook salmon).

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would provide opportunity to harvest

remaining pollock in the Western Regulatory area of the GOA. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of November 14, 2017.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*
