Title: Investment Securities.

OMB Control No.: 1557-0205.

Description: Under 12 CFR 1.3(h)(2), a national bank may request an OCC determination that it may invest in an

The OCC uses the information contained in the request as a basis for ensuring that the bank's investment is consistent with its investment authority under applicable law and does not pose unacceptable risk.

Under 12 CFR 1.7(b), a national bank may request OCC approval to extend the five-year holding period for securities held in satisfaction of debts previously contracted for up to an additional five years. In its request, the bank must provide a clearly convincing demonstration of why any additional holding period is needed. The OCC uses the information in the request to ensure, on a case-by-case basis, that the bank's purpose in retaining the securities is not speculative and that the bank's reasons for requesting the extension are adequate. The OCC also uses the information to evaluate the risks to the bank of extending the holding period, including potential effects on the bank's safety and soundness.
