Title: 46 CFR part 565—Controlled Carriers.

OMB Approval Number: 3072–0060 (Expires December 31, 2017).

Abstract: Section 9 of the Shipping Act of 1984, 46 U.S.C. 40701–40706, requires that the Commission monitor the practices of controlled carriers to ensure that they do not maintain rates or charges in their tariffs and service contracts that are below a level that is just and reasonable; nor establish, maintain, or enforce unjust or unreasonable classifications, rules, or regulations in those tariffs or service contracts which result or are likely to result in the carriage or handling of cargo at rates or charges that are below a just and reasonable level. 46 CFR part 565 establishes the method by which the Commission determines whether a particular ocean common carrier is a controlled carrier subject to section 9 of the Shipping Act of 1984. When a government acquires a controlling interest in an ocean common carrier, or when a controlled carrier newly enters a United States trade, the Commission's rules require that such a carrier notify the Commission of these events.

Current Actions: There are no changes to this information collection, and it is being submitted for extension purposes only.

Type of Review: Extension.

Needs and Uses: The Commission uses these notifications in order to effectively discharge its statutory duty to determine whether a particular ocean common carrier is a controlled carrier and therefore subject to the requirements of section 9 of the Shipping Act of 1984.

Frequency: The submission of notifications from carriers is not assigned to a specific time frame by the Commission; they are submitted as circumstances warrant.

Type of Respondents: Ocean common carriers when a majority portion of the carrier becomes owned or controlled by a government, or when a controlled

carrier newly begins operation in any United States trade.

Number of Annual Respondents: Based on filings over the past three years, the Commission estimates one respondent annually.

Estimated Time per Response: The estimated time for each notification is 2 hours.

Total Annual Burden: For purposes of calculating total annual burden, the Commission assumes one response annually. The Commission thus estimates the total annual burden to be 2 hours (1 response × 2 hours per response).

Assistant Secretary.

Proposal to approve under OMB delegated authority the extension for three years, without revision, of the following report:

Report title: Disclosure Requirements Associated with CFPB's Regulation DD (Truth in Savings Act (TISA)).

Agency form number: FR DD.

OMB control number: 7100-0271.

Frequency: Monthly.

Respondents: State member banks, branches and agencies of foreign banks (other than federal branches, federal agencies, and insured state branches of foreign banks), commercial lending companies owned or controlled by foreign banks, and organizations operating under section 25 or 25A of the Federal Reserve Act.

Estimated number of respondents: 936.

Estimated average hours per response: Account disclosures, 1 hour; Change in terms notices, 1.5 hours; Notices prior to maturity, 1.5 hours; Periodic statement disclosure, 8 hours; and Advertising, 30 minutes.

Estimated annual burden hours: Account disclosures: 11,232 hours; Change in terms notices: 16,848 hours; Notices prior to maturity: 16,848 hours; Periodic statement disclosure: 89,856 hours; and Advertising: 5,616 hours.

General description of report: TISA was contained in the Federal Deposit Insurance Corporation Improvement Act of 1991. The purpose of TISA and its implementing regulation is to assist consumers in comparing deposit accounts offered by institutions, principally through the disclosure of fees, the annual percentage yield (APY), and other account terms. TISA requires depository institutions to disclose key terms for deposit accounts at account opening, upon request, when certain changes in terms occur, and in periodic statements. It also includes rules about advertising for deposit accounts. TISA does not provide exemptions from compliance for small institutions.

Legal authorization and confidentiality: The Board's Legal Division has determined that section 269 of TISA specifically authorizes the CFPB "to prescribe regulations" to carry out the purposes and provisions of the Act, as well as to adopt model forms and clauses for common disclosures to facilitate compliance (12 U.S.C. 4308). FR DD implements this statutory provision (12 CFR part 1030). The Board's imposition of the disclosure requirements on Board-supervised institutions is authorized by Section 270 of TISA, 12 U.S.C. 4309, and the provisions of Regulation DD (12 CFR

1030.1(a), 1030.2(j)). An institution's disclosure obligations under Regulation DD are mandatory. The Board does not collect any information; therefore, no issue of confidentiality arises.

Board of Governors of the Federal Reserve System, November 17, 2017.

Ann E. Misback,

Secretary of the Board.
