

circumstances specified in the application, purchasers will be required to purchase Creation Units by depositing specified instruments (“Deposit Instruments”), and shareholders redeeming their shares will receive specified instruments (“Redemption Instruments”). The Deposit Instruments and the Redemption Instruments will each correspond pro rata to the positions in the Fund’s portfolio (including cash positions) except as specified in the application.

4. Because shares will not be individually redeemable, applicants request an exemption from section 5(a)(1) and section 2(a)(32) of the Act that would permit the Funds to register as open-end management investment companies and issue shares that are redeemable in Creation Units only.

5. Applicants also request an exemption from section 22(d) of the Act and rule 22c-1 under the Act as secondary market trading in shares will take place at negotiated prices, not at a current offering price described in a Fund’s prospectus, and not at a price based on NAV. Applicants state that (a) secondary market trading in shares does not involve a Fund as a party and will not result in dilution of an investment in shares, and (b) to the extent different prices exist during a given trading day, or from day to day, such variances occur as a result of third-party market forces, such as supply and demand. Therefore, applicants assert that secondary market transactions in shares will not lead to discrimination or preferential treatment among purchasers. Finally, applicants represent that share market prices will be disciplined by arbitrage opportunities, which should prevent shares from trading at a material discount or premium from NAV.

6. With respect to Funds that effect creations and redemptions of Creation Units in kind and that are based on certain Underlying Indexes that include foreign securities, applicants request relief from the requirement imposed by section 22(e) in order to allow such Funds to pay redemption proceeds within fifteen calendar days following the tender of Creation Units for redemption. Applicants assert that the requested relief would not be inconsistent with the spirit and intent of section 22(e) to prevent unreasonable, undisclosed or unforeseen delays in the actual payment of redemption proceeds.

7. Applicants request an exemption to permit Funds of Funds to acquire Fund shares beyond the limits of section 12(d)(1)(A) of the Act; and the Funds, and any principal underwriter for the Funds, and/or any broker or dealer

registered under the Exchange Act, to sell shares to Funds of Funds beyond the limits of section 12(d)(1)(B) of the Act. The application’s terms and conditions are designed to, among other things, help prevent any potential (i) undue influence over a Fund through control or voting power, or in connection with certain services, transactions, and underwritings, (ii) excessive layering of fees, and (iii) overly complex fund structures, which are the concerns underlying the limits in sections 12(d)(1)(A) and (B) of the Act.

8. Applicants request an exemption from sections 17(a)(1) and 17(a)(2) of the Act to permit persons that are Affiliated Persons, or Second-Tier Affiliates, of the Funds, solely by virtue of certain ownership interests, to effectuate purchases and redemptions in-kind. The deposit procedures for in-kind purchases of Creation Units and the redemption procedures for in-kind redemptions of Creation Units will be the same for all purchases and redemptions and Deposit Instruments and Redemption Instruments will be valued in the same manner as those investment positions currently held by the Funds. Applicants also seek relief from the prohibitions on affiliated transactions in section 17(a) to permit a Fund to sell its shares to and redeem its shares from a Fund of Funds, and to engage in the accompanying in-kind transactions with the Fund of Funds.³ The purchase of Creation Units by a Fund of Funds directly from a Fund will be accomplished in accordance with the policies of the Fund of Funds and will be based on the NAVs of the Funds.

9. Section 6(c) of the Act permits the Commission to exempt any persons or transactions from any provision of the Act if such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act. Section 12(d)(1)(j) of the Act provides that the Commission may exempt any person, security, or transaction, or any class or classes of persons, securities, or transactions, from any provision of section 12(d)(1) if the exemption is consistent with the public interest and the protection of investors.

³ The requested relief would apply to direct sales of shares in Creation Units by a Fund to a Fund of Funds and redemptions of those shares. Applicants, moreover, are not seeking relief from section 17(a) for, and the requested relief will not apply to, transactions where a Fund could be deemed an Affiliated Person, or a Second-Tier Affiliate, of a Fund of Funds because an Adviser or an entity controlling, controlled by or under common control with an Adviser provides investment advisory services to that Fund of Funds.

Section 17(b) of the Act authorizes the Commission to grant an order permitting a transaction otherwise prohibited by section 17(a) if it finds that (a) the terms of the proposed transaction are fair and reasonable and do not involve overreaching on the part of any person concerned; (b) the proposed transaction is consistent with the policies of each registered investment company involved; and (c) the proposed transaction is consistent with the general purposes of the Act.

For the Commission, by the Division of Investment Management, under delegated authority.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-82113; File No. SR-BOX-2017-35]

Self-Regulatory Organizations; BOX Options Exchange LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Rule 7300

November 17, 2017.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on November 8, 2017, BOX Options Exchange LLC (the “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 7300. The text of the proposed rule change is available from the principal office of the Exchange, at the Commission’s Public Reference Room and also on the Exchange’s Internet Web site at <http://boxoptions.com>.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Rule 7300. Specifically, the Exchange is proposing to amend how the quoting requirements for Preferred Market Makers³ are calculated. A Preferred Market Maker must maintain a continuous two-sided market, pursuant to Rule 8050(c)(1), throughout the trading day, in 99% of the non-adjusted option series of each class for which it accepts Preferred Orders,⁴ for 90% of the time the Exchange is open for trading in each such option class.⁵ Compliance with the Preferred Market Maker quoting requirement is determined on a monthly basis; however, determining compliance with this requirement on a monthly basis does not relieve a Preferred Market

³ The term “Preferred Market Maker” means a Market Maker designated as such by a Participant with respect to an order submitted by such Participant to BOX. See Rule 7300(a)(2).

⁴ The term “Preferred Order” means any order, whether on a single option instrument or on a Complex Order Strategy, for which a Preferred Market Maker is designated with respect to such order, upon submission of such order to BOX. See Rule 7300(a)(1).

⁵ For purposes of this requirement, a Preferred Market Maker is not required to quote in intra-day add-on series or series that have a time to expiration of nine months or more in the classes for which it receives Preferred Orders and a Market Maker may still be a Preferred Market Maker in any such series if the Market Maker otherwise complies with the requirements.

Maker from meeting this quoting requirement on a daily basis, nor does it prohibit the Exchange from taking disciplinary action against a Preferred Market Maker for failing to meet this requirement each trading day.

Currently, the Exchange applies the quoting requirements on a class-by-class basis. The Exchange is now proposing that compliance with the quoting requirements apply to all of a Preferred Market Maker’s classes for which it receives Preferred Orders collectively. This change is being proposed as a competitive response to the rules of another exchange.⁶ The Exchange is not proposing any change to the actual quoting requirements, only to how the requirements are applied to Preferred Market Makers.

The Exchange believes that applying the continuous electronic quoting requirements for Preferred Market Makers collectively across all classes is a fair and efficient way for the Exchange and market participants to evaluate compliance with the continuous electronic quoting obligation. Applying the continuous electronic quoting requirements collectively across all classes rather than on a class-by-class basis is beneficial to Preferred Market Makers by providing some flexibility to choose which series in their appointed classes they will continuously electronically quote—increasing the continuous electronic quoting in the series of one class while allowing for a decrease in the continuous electronic quoting in the series of another class. This flexibility, however, does not diminish the Preferred Market Maker’s obligation to continuously electronically quote in a significant percentage of series for a significant part of the trading day. This flexibility is especially important for classes that have relatively few series and may prevent a Preferred Market Maker from reaching the continuous electronic quoting obligation when failing to quote 90% of the trading day in more than one series in an appointed class. The Exchange believes that the proposed rule change will not diminish, and may in fact increase, market making activity on the Exchange, by applying continuous electronic quoting obligations in a reasonable manner, which is already in place on other options exchanges.⁷

2. Statutory Basis

The Exchange believes that the proposal is consistent with the
