SUPPLEMENTARY INFORMATION:**About the Council**

In accordance with the North American Wetlands Conservation Act (Pub. L. 101-233, 103 Stat. 1968, December 13, 1989, as amended; NAWCA), the State-private-Federal North American Wetlands Conservation Council (Council) meets to consider wetland acquisition, restoration, enhancement, and management projects for recommendation to, and final funding approval by, the Migratory Bird

Conservation Commission. NAWCA provides matching grants to organizations and individuals who have developed partnerships to carry out wetlands conservation projects in the United States, Canada, and Mexico. These projects must involve long-term protection, restoration, and/or enhancement of wetlands and associated uplands habitats for the benefit of all wetlands-associated migratory birds. Project proposal due dates, application instructions, and eligibility requirements are available on the NAWCA Web site at www.fws.gov/birds/grants/north-american-wetland-conservation-act.php.

About the Advisory Group

In accordance with Neotropical Migratory Bird Conservation Act (Pub. L. 106-247, 114 Stat. 593, July 20, 2000; NMBCA), the Advisory Group will hold its meeting to discuss the strategic direction and management of the NMBCA program and provide advice to the Director of the Fish and Wildlife Service. NMBCA promotes long-term conservation of neotropical migratory birds and their habitats through a competitive grants program by promoting partnerships, encouraging local conservation efforts, and achieving habitat protection in 36 countries. The goals of NMBCA include perpetuating healthy bird populations, providing financial resources for bird conservation, and fostering international cooperation. Because the greatest need is south of the U.S. border, at least 75 percent of NMBCA funding supports projects outside the United States. Project proposal due dates, application instructions, and eligibility requirements are available on the NMBCA Web site at <http://www.fws.gov/birds/grants/neotropical-migratory-bird-conservation-act.php>.

Notice of Intent To Prepare a Supplemental Environmental Impact Statement for the Proposed United States Gypsum Company Mine Expansion/Modernization Project, Imperial County, CA

AGENCY: Bureau of Land Management, Department of the Interior.

ACTION: Notice.

SUMMARY: In compliance with the National Environmental Policy Act of 1969, as amended (NEPA), and the Federal Land Policy and Management Act of 1976, as amended, the Bureau of Land Management (BLM) El Centro Field Office, with the United States Army Corps of Engineers (USACE) as a cooperating agency, intends to prepare a Supplemental Environmental Impact Statement (EIS) for the United States Gypsum Company (USG) Mine Expansion/Modernization Project. The Supplemental EIS will analyze additional alternatives and update technical information in the 2008 USG Mine Expansion/Modernization Project Final Environmental Impact Report (EIR)/EIS. The USACE was not involved in the development of the EIR/EIS, but will be involved with the Supplemental EIS, based on USACE’s jurisdiction by law and special expertise, pursuant to section 404 of the Clean Water Act. Scoping is not usually required for preparation of a Supplemental EIS. However, since USACE was not a cooperating agency during scoping of the EIR/EIS, they have requested that public scoping be included for the Supplemental EIS.

This notice announces the beginning of the public scoping process for input into the Supplemental EIS. The goal of the scoping process is to solicit public comments, for the purpose of identifying relevant issues that will influence the scope of the environmental analysis, including alternatives, and guide the process for developing the Supplemental EIS.

DATES: Comments for input into the Supplemental EIS may be submitted in writing until January 11, 2018. A public scoping meeting will be announced at least 15 days in advance through local newspaper(s), the BLM Web site, BLM Newsbytes, and BLM social media. All comments received during the scoping period will be considered for input into the Supplemental EIS. In order to be included in the Supplemental EIS, all comments must be received prior to the close of the 45-day scoping period or 15 days after the last public meeting, whichever is later. Additional opportunities for public participation will be provided upon publication of a Draft Supplemental EIS. Upon completion of the public review and comment period of the Draft Supplemental EIS, a Final Supplemental EIS will be prepared and subsequently published for public review.

ADDRESSES: You may submit comments on issues related to the Supplemental EIS by any of the following methods: Email: lgreenhalgh@blm.gov; Fax: 530–224–2172; or Mail: Attn: Susie Greenhalgh, BLM Northern California District Office, 6640 Lockheed Drive, Redding, CA 96002.
