DEPARTMENT OF COMMERCE

International Trade Administration

AGENCY: Enforcement and Compliance, International Trade Administration, United States Department of Commerce.

SUMMARY: On August 1, 2017, the Department of Commerce (Department) initiated an administrative review of the antidumping duty order on tapered roller bearings and parts thereof, finished and unfinished (TRBs) from the People’s Republic of China (PRC) for 24 companies. Based on timely withdrawal of requests for review, we are now rescinding this administrative review with respect to four of these companies, Changshen Peer Bearing Co., Ltd. (CPZ/SKF), Hubei New Torch Science & Technology Co Ltd (New Torch), Shanghai General Bearing Co., Ltd (SGBP), and Wanxiang Group Corp (Wanxiang).

FOR FURTHER INFORMATION CONTACT: Andrew Medley or Whitley Herndon, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–4987 or (202) 482–6274, respectively.

SUPPLEMENTARY INFORMATION:

Background

In June 2017, the Department received multiple timely requests to conduct an administrative review of the antidumping duty order on TRBs from the PRC. Based upon these requests, on August 1, 2017, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), the Department published a notice of initiation of an administrative review covering the period June 1, 2016, through May 31, 2017, with respect to 24 companies.1 On September 13, 2017, CPZ/SKF and SGBP withdrew their requests for an administrative review. On September 13, 2017, and October 30, 2017, The Timken Company (the petitioner) withdrew its requests for an administrative review on SGBP, Wanxiang, and New Torch.

Partial Rescission

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, in whole or in part, if a party who requested the review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review. CPZ/SKF and SGBP timely withdrew their requests for an administrative review of themselves. The petitioner timely withdrew its requests for review concerning SGBP, Wanxiang, and New Torch. No other party requested a review of these four companies. Accordingly, we are rescinding this review, in part, with respect to these companies, pursuant to 19 CFR 351.213(d)(1).

Assessment

The Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. For the companies for which this review is rescinded, antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment

instructions to CBP 15 days after publication of this notice.

**Notification to Importers**

This notice serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

**Notification Regarding Administrative Protective Orders**

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with sections 751 and 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).

James Maeder,
Senior Director performing the duties of Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

**Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, From the People’s Republic of China: Notice of Initiation of Circumstances Reviews, and Consideration of Revocation of the Antidumping and Countervailing Duty Orders in Part**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** Based on a request from Pitsco, Inc., d/b/a Pitsco Education (Pitsco), the Department of Commerce (the Department) is initiating changed circumstances reviews to consider the possible revocation, in part, of the antidumping duty (AD) and countervailing duty (CVD) orders on crystalline silicon photovoltaic cells, whether or not assembled into modules, from the People’s Republic of China (PRC) with respect to certain solar panels, as described below.

**DATES:** Applicable November 27, 2017.

**FOR FURTHER INFORMATION CONTACT:** Lauren Caserta or Kaitlin Wojnar, AD/ CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–4737 and (202) 482–3857, respectively.

**SUPPLEMENTARY INFORMATION:**

**Background**

On December 7, 2012, the Department published AD and CVD orders on certain crystalline silicon photovoltaic cells, whether or not assembled into modules, from the PRC.2

On October 6, 2017, Pitsco, an importer of the subject merchandise, requested through a changed circumstances review revocation, in part, of the Orders pursuant to section 751(b)(1) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.216(b), with respect to certain solar panels. On October 13, 2017, SolarWorld Americas, Inc. (the petitioner) submitted a letter stating that it does not oppose the scope exclusion language proposed by Pitsco.3 From October 25, 2017, through November 8, 2017, the Department consulted with both Pitsco and SolarWorld regarding revision to the proposed exclusion language; specifically, the Department suggested limiting the language to a description of the physical characteristics of the product and also expressed concerns regarding the dimensions indicated in the description.5

Accordingly, on November 10, 2017, Pitsco submitted the following revised exclusion language:6

Excluded from the scope of these orders are panels with surface area from 3,450 mm² to 33,782 mm² with one black wire and one red wire (each of type 22 AWG or 24 AWG not more than 206 mm in length when measured from panel extrusion), and not exceeding 2.9 volts, 1.1 amps, and 3.19 watts. No panel shall contain an internal battery or external computer peripheral ports.

On November 13, 2017, SolarWorld submitted a letter stating that it does not oppose the revised exclusion language submitted by Pitsco on November 10, 2017.7

**Scope of the Antidumping and Countervailing Duty Orders on Certain Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, From the People’s Republic of China**

The merchandise covered by the orders is crystalline silicon photovoltaic cells, and modules, laminates, and panels, consisting of crystalline silicon photovoltaic cells, whether or not partially or fully assembled into other products, including, but not limited to, modules, laminates, panels and building integrated materials.

The orders cover crystalline silicon photovoltaic cells of thickness equal to or greater than 20 micrometers, having a p/n junction formed by any means, whether or not the cell has undergone other processing, including, but not limited to, cleaning, etching, coating, and/or addition of materials (including, but not limited to, metallization and conductor patterns) to collect and forward the electricity that is generated by the cell.

Merchandise under consideration may be described at the time of importation as parts for final finished products that are assembled after importation, including, but not limited to, modules, laminates, panels, building-integrated modules, building-integrated panels, or other finished goods kits. Such parts that otherwise meet the definition of merchandise under consideration are included in the scope of the orders.

Excluded from the scope of the orders are thin film photovoltaic products produced from amorphous silicon (a-Si), cadmium telluride (CdTe), or copper indium gallium selenide (CIGS).
