

Field Representatives to place the diary on any day within the collection month. (3) In order to simplify procedures and reduce costs, all Diaries will be double placed. As a result, the second Field Representative interview to pick up the Week 1 Diary and place the Week 2 Diary will be eliminated. Additionally, the CE will delete several tax questions that were deleted from CEQ in 2015 as data received from the IRS have enabled CE to calculate this data rather than collect it. Several changes will also be implemented in CEQ in order to keep the CEQ questionnaire current. These changes include changes to question wording, deletions, additions, and section restructurings.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1220-0050. The current approval is scheduled to expire on June 30, 2019; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on June 30, 2016 (81 FR 42731).

SUPPLEMENTARY INFORMATION: This ICR seeks OMB approval for revisions to the Annual Refiling Survey (ARS). The ARS is used in conjunction with the BLS Quarterly Census of Employment and Wages (QCEW) program. The primary purpose of the ARS is to verify or to correct the North American Industry Classification System (NAICS) code assigned to establishments as well as to obtain accurate mailing and physical location addresses of establishments. As a result, changes in the industrial and geographical compositions of the economy are captured in a timely manner and reflected in BLS statistical programs. The QCEW program provides data necessary to administer State Unemployment Insurance systems. QCEW data accurately reflect the extent of coverage of the State UI laws and are used for determining UI total and taxable wages rates and for other purposes. Federal, State, and local government officials as well as private researchers depend on accurate geographical and industrial coding based on the NAICS Manual. This ICR has been classified as a revision because BLS will increase efforts to collect information from more establishments that are in NAICS Code 999999. These are unclassified establishments (NCA) for which there is no information

currently available about their industrial activities. Online collection has made it easier to pursue data from unclassified establishments and more NCA contacts are attempted than in past years. The BLS Authorizing Statute authorizes this information collection. *See* 29 U.S.C. 2.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. *See* 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1220-0032. The current approval is scheduled to expire on December 31, 2017; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on July 21, 2017 (82 FR 33928).

SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Quarterly Census of Employment and Wages information collection. The BLS uses QCEW data provided by State Workforce Agencies as a sampling frame for establishment surveys; for publishing accurate current estimates of employment for the U.S., States, counties, and metropolitan areas; and for publishing quarterly census totals of local establishment counts, employment, and wages. The Bureau of Economic Analysis uses the data to produce accurate personal income data in a timely matter for the U.S., States, and local areas. Finally, the data is critical to the Employment Training Administration in administering unemployment insurance program. BLS Authorizing Statute and the Wagner-Peyser Act of 1933 section 15 authorizes this information collection. *See* 29 U.S.C. 1, 2, and 49l-2.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. *See* 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1220-0012.
