

address one or more of the following four points:

Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

Evaluate whether and if so how the quality, utility, and clarity of the information to be collected can be enhanced; and

Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection:* Approval of a new collection.

(2) *Title of the Form/Collection:* Federal Bureau of Investigation Laboratory Division Survey of Forensic Science Services.

(3) *Agency form number:* The form is unnumbered.

(3) *Affected public who will be asked or required to respond, as well as a brief abstract:* This form will be utilized by the FBI Laboratory Division to collect feedback from state and local law enforcement agencies that have used the FBI Laboratory Division for forensic science examinations. The results of this survey will inform a five year forensic discipline portfolio projection for the Laboratory Division. The Laboratory Division is using this survey as a tool to answer questions about what their specific forensic science priorities are and how they value each forensic discipline; whether the Laboratory Division is servicing these specific needs; what they perceive as strengths and weaknesses of the FBI LD, and if they've identified trends in criminal investigations that a laboratory should be addressing.

(4) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* It is estimated that 1000 respondents will respond. We estimate the form will be completed within approximately 30 minutes.

(5) *An estimate of the total public burden (in hours) associated with the collection:* There are an estimated 500

total annual burden hours associated with this collection.

4. *Affected public who will be asked or required to respond, as well as a brief abstract:*

Primary: District/Aviation Security Officers Job Applicants

Abstract: This form will primarily be used to collect applicant reference information. Reference checking is an objective evaluation of an applicant's past job performance based on information collected from key individuals (*e.g.*, supervisors, peers, subordinates) who have known and worked with the applicant. Reference checking is a necessary supplement to the evaluation of resumes and other descriptions of training and experience, and allows the selecting official to hire applicants with a strong history of performance. The questions on this form have been developed following the OPM, MSPB, and DOJ "Best Practice" guidelines for reference checking.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* An estimated 1000 respondents will utilize the form, and it will take each respondent approximately 60 minutes to complete the form.

6. *An estimate of the total public burden (in hours) associated with the collection:* The estimated annual public burden associated with this collection is 1000 hours, which is equal to 1000 (total # of annual responses) * 60 minutes.

BILLING CODE 4410-04-P

DEPARTMENT OF LABOR

Employment and Training Administration

Notice of Decisions on States' Applications for Relief From Tax Credit Reductions Provided Under Section 3302 of the Federal Unemployment Tax Act (FUTA) Applicable in 2017

AGENCY: Employment and Training Administration, Labor.

ACTION: Notice.

SUMMARY: Sections 3302(c)(2)(A) and 3302(d)(3) of the FUTA provide that employers in a State that has an outstanding balance of advances under Title XII of the Social Security Act at the beginning of January 1 of two or more consecutive years are subject to a reduction in credits otherwise available against the FUTA tax for the calendar year in which the most recent such January 1 occurs, if a balance of advances remains at the beginning of November 10 of that year. Further, section 3302(c)(2)(C) of FUTA provides for an additional credit reduction for a year if a State has outstanding advances on five or more consecutive January firsts and has a balance at the beginning of November 10 for such years. Section 3302(c)(2)(C) also provides for waiver of this additional credit reduction and substitution of the credit reduction provided in section 3302(c)(2)(B) if a state meets certain conditions.

California and Virgin Islands were potentially liable for the additional credit reduction and applied for a waiver of the 2017 additional credit reduction under section 3302 (c)(2)(C) of FUTA. It has been determined that each one met all of the criteria of that section

necessary to qualify for the waiver of the additional credit reduction. Further, the additional credit reduction of section 3302(c)(2)(B) is zero for California and Virgin Islands for 2017. Therefore, employers in California and Virgin Islands will have no additional credit reduction applied for calendar year 2017.

As a result of having passed eight consecutive January 1's with an outstanding Title XII advances and not having repaid the balance as of November 10, 2017, both California and Virgin Islands are subject to a FUTA credit reduction of 2.1 percent.

Nancy M. Rooney,

Deputy Assistant Secretary, Employment and Training Administration.

SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Consumer Expenditure Surveys: Quarterly Interview and Diary. The BLS uses the Consumer Expenditure Surveys to gather information on expenditures, income, and other related subjects. The data is updated periodically in the national Consumer Price Index. In addition, the data is used by a variety of researchers in academia, government agencies, and the private sector. The data is collected from a national probability sample of households designed to represent the total civilian non-institutional population. The purpose of this revision request is to make changes to the two Consumer Expenditure (CE) Surveys: The Quarterly Interview Survey (CEQ) and the Diary Survey (CED) as part of an ongoing effort to improve data quality, maintain or increase response rates, and reduce data collection costs. The Census Authorizing Statute and BLS Authorizing Statute authorize this information collection. See 13 U.S.C. 8b and 29 U.S.C. 2.

The ICR has been characterized as a revision for several reasons. More specifically, three major changes are proposed for the CED. (1) In an effort to alleviate burden and improve response rates, an alternative version of the paper CED has been developed. The new version consolidates the four main diary categories into two, facing, diary pages so that all expenses for a single day can be entered without flipping pages. An effort was also made to reduce the amount of instructions and examples so that respondents are not confused or intimidated. (2) The earliest placement date and last placement date restrictions for the Diary will be removed allowing
