

Magnuson-Stevens Fishery Conservation and Management Act (MSA), which require the Secretary of Commerce to commence improvements to recreational fisheries surveys, including establishing a national saltwater angler and for-hire vessel registry, by January 1, 2009. A final rule that includes regulatory measures to implement the Registry Program (RIN 0648-AW10) was adopted and codified in 50 CFR 600, Subpart P.

The Registry Program collects identification and contact information from those anglers and for-hire vessels who are involved in recreational fishing in the United States Exclusive Economic Zone or for anadromous fish in any waters, unless the anglers or vessels are exempted from the registration requirement. Data collected includes: For anglers: Name, address, date of birth, telephone contact information and region(s) of the country in which they fish; for for-hire vessels: Owner and operator name, address, date of birth, telephone contact information, vessel name and registration/documentation number and home port or primary operating area. This information is compiled into a national and/or series of regional registries that is being used to support surveys of recreational anglers and for-hire vessels to develop estimates of recreational angling effort.

II. Method of Collection

Persons may register on line at a NOAA-maintained Web site. Registration cards, valid for one year from the date of issuance, are mailed to registrants.

III. Data

OMB Control Number: 0648-0578.
Form Number(s): None.

Type of Review: Regular submission (extension of a currently approved collection).

Affected Public: Individuals or households; business or other for-profit organizations.

Estimated Number of Respondents: 2,724.

Estimated Time per Response: 3 minutes.

Estimated Total Annual Burden Hours: 137.

Estimated Total Annual Cost to Public: \$78,996 in registration fees.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden

(including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: November 29, 2017.

Sarah Brabson,

NOAA PRA Clearance Officer.

COMMODITY FUTURES TRADING COMMISSION

Agency Information Collection Activities: Notice of Intent To Renew Collection Number 3038-0062, Off-Exchange Foreign Currency Transactions; Correction

AGENCY: Commodity Futures Trading Commission.

ACTION: Notice; correction.

SUMMARY: The Commodity Futures Trading Commission published a document in the **Federal Register** of November 28, 2017, concerning a request for comments on a Paperwork Reduction Act Notice related to off-exchange foreign currency transactions. The document contained a reference to an incorrect Office of Management and Budget control number. This document corrects that error.

FOR FURTHER INFORMATION CONTACT: Lauren Bennett, Special Counsel, 202-418-5290, email: lbennett@cftc.gov, Division of Swap Dealer and Intermediary Oversight, Commodity Futures Trading Commission and refer to OMB Control No. 3038-0062.

Correction

In the **Federal Register** of November 28, 2017, FR Doc. 2017-25698, on page 56221, in the second column, correct the second sentence of the **ADDRESSES** caption to read:

Please identify the comments by OMB Control No. 3038-0062.

Dated: November 29, 2017.

Robert N. Sidman,

Deputy Secretary of the Commission.

* As defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION

Qatar—F-15QA Construction, Cybersecurity, and Force Protection Infrastructure

The Government of Qatar has requested support of its F-15QA multi-role fighter aircraft program to include design and construction services, new parking/loading ramps, hot cargo pads, taxiways, hangars, back shops, alert facilities, weapons storage areas, hardened shelters, squadron operations facilities, maintenance facilities, training facilities, information technology support and cyber facilities, force protection support facilities, squadron operations facilities, other F-15QA related support structures, construction/facilities/design services,

cybersecurity services, mission critical computer resources, support services, force protection services, and other related elements of logistics and program support. The estimated cost is \$1.1 billion.

This proposed sale supports the foreign policy and national security objectives of the United States. Qatar is an important force for political stability and economic progress in the Persian Gulf region. Our mutual defense interests anchor our relationship and the Qatar Emiri Air Force (QEAF) plays a predominant role in Qatar's defense.

The proposed sale improves Qatar's capability to operate and sustain its F-15QA aircraft. A robust construction, cybersecurity, and force protection infrastructure is vital to ensuring the QEAF partners can utilize the F-15QA aircraft to its full potential. Qatar will have no difficulty absorbing this support into its armed forces.

The proposed sale of this construction, cybersecurity, and force protection infrastructure will not alter the basic military balance in the region.

The prime contractor for construction, cybersecurity, and force protection infrastructure will be determined through competition. The purchaser typically requests offsets. Any offset agreement will be defined in negotiations between the purchaser and the contractor.

Implementation of the construction, cybersecurity, and force protection aspects of this notification include the establishment of a construction office in Doha with as many as ten (10) U.S. Government civilians which will adjust in size as case workload varies. Anticipated contractor footprint for this effort is approximately fifteen (15) to fifty (50) personnel, which may vary

based on phases of construction and establishment of required services.

There will be no adverse impact to U.S. defense readiness as a result of this proposed sale.
