

Intent to Prepare an Environmental Impact Statement for the Proposed Calcasieu Pass Project, Request for Comments on Environmental Issues, and Notice of Public Scoping Meeting (NOI). On August 2, 2016, the Commission issued a Supplemental NOI that discussed TransCameron Pipeline, LLC's June 28, 2016 amendment, which included removal of the West Lateral pipeline as well as minor workspace adjustments along the East Lateral pipeline.

The original and Supplemental NOIs were sent to federal, state, and local government agencies; elected officials; affected landowners; environmental and public interest groups; Native American tribes and regional organizations; commentators and other interested parties; and local libraries and newspapers. Major issues raised during scoping include project design, alternatives, water resources, wildlife, vegetation, land use, recreation, transportation, traffic, socioeconomics, and cultural resources.

The U.S. Army Corps of Engineers, U.S. Coast Guard, U.S. Department of Transportation, U.S. Environmental Protection Agency, and U.S. Department of Energy are cooperating agencies in the preparation of the EIS.

This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to www.ferc.gov/docs-filing/esubscription.asp.
