

Pursuant to Section 184 of the AEA, no license granted under 10 CFR part 110 shall be transferred, assigned, or in any manner disposed of, directly or indirectly, through transfer of control of any license to any person unless the NRC, after securing full information, finds that the transfer is in accordance with the provisions of the AEA, and gives its consent in writing. Pursuant to 10 CFR 110.50(d), a specific license granted under 10 CFR part 110 may be transferred, disposed of, or assigned to another person only with the approval of the NRC by license amendment.

After review of the information in the revised applications dated October 19, 2017, and relying on statements and representations contained in the supplemental information dated October 5, 2017, the NRC staff has determined that the proposed transferee is qualified to hold the licenses and that the direct transfers of control are consistent with the applicable provisions of the AEA, regulations, and orders issued by the Commission. MPMO stated that (1) there will be no change in personnel, duties, or location; (2) all manufacturing data and information, operating instructions, documentation, operating records, files, and data were included in the asset purchase agreement and have been maintained; and (3) MPMO will abide by all constraints, conditions, and requirements of the licensed program, including the regulations in 10 CFR 110.53. The NRC staff has further determined that the request for the proposed conforming license amendments complies with the standards and requirements of the AEA, and the NRC regulations in 10 CFR part 110. The transfers of control of the licenses and issuance of the conforming license amendments will not be inimical to the common defense and security, or to the health and safety of the public, and all applicable requirements have been satisfied.

III.

Accordingly, pursuant to Section 184 of the AEA and 10 CFR 110.50(d), IT IS HEREBY ORDERED that the direct transfer of the licenses from Molycorp to MPMO, as described herein, is approved.

It is further ordered that the conforming license amendments associated with the direct transfer shall be issued.

This Order is effective upon issuance.
