The display of OMB control numbers for certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: EPA's Safer Choice program formally recognizes safer products where all ingredients have an environmental and human health profile showing that they are the safest in their functional use class. Under the encouragement of this program, leading companies have made great progress in developing safer, highly effective chemical products. Since the program's inception in 1997, formulators have used the program as a portal to EPA's unique chemical expertise, information resources, and guidance on greener chemistry. Safer Choice program partners enjoy Agency recognition, including the use of the Safer Choice program logo on products with the safest possible formulations. In the future, EPA expects much greater program participation due to rising demand for safer products. This information collection enables EPA to accommodate participation by more than nine formulators each year and to enhance program transparency.

Information collection activities associated with this program will assist the Agency in meeting the goals of the Pollution Prevention Act (PPA) by providing resources and recognition for businesses committed to promoting and using safer chemical products. In turn, the program will help businesses meet corporate sustainability goals by providing the means to, and an objective measure of, environmental stewardship. Investment analysts and advisers seek these types of measures in evaluating a corporation's sustainability profile and investment worthiness. Safer Choice Product Recognition program partnership is an important impetus for prioritizing and completing the transition to safer chemical products. The Safer Choice Product Recognition program is also needed to promote greater use of safer chemical products by companies unaware of the benefits of such a change.

EPA has tailored its request for information, and especially the Safer Choice Product Recognition program application forms, to ensure that the Agency requests only that information essential to verify applicants' eligibility for recognition.

Respondents/Affected Entities: Companies engaged in the formulation of end-use, for-sale products that have

furthered the goals of the Safer Choice program through participation in and promotion of the program, and that wish to receive recognition for their achievements.

Respondent's obligation to respond:

Responses to the collection of information are voluntary. Respondents may claim all or part of a response confidential. EPA will disclose information that is covered by a claim of confidentiality only to the extent permitted by, and in accordance with, the procedures in TSCA section 14 and 40 CFR part 2.

Estimated total number of potential respondents: 157.

Frequency of response: On occasion.

Estimated total burden: 1,596 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Estimated total costs: \$ 652,359 (per year), includes no annualized capital investment or maintenance and operational costs.

Changes in the estimates: There is an increase of 362 hours in the total estimated respondent burden compared with that identified in the ICR currently approved by OMB. This increase reflects EPA's estimate of a greater number of respondents, due to historical experience and increases in the expected future number of responses due to greater consumer awareness and demand for products with the Safer Choice label. This increase is partially offset by reduced per-response burden estimates based on expected efficiencies created by using the Salesforce-based Safer Choice Community on the part of respondents. This change is an adjustment.

Director, Regulatory Support Division.

FEDERAL MARITIME COMMISSION

[Petition No. P3-17]

Petition of Great White Fleet Liner Services Ltd. and Great White Fleet Corp.; Notice of Filing and Request for Comments

Notice is hereby given that Great White Fleet Liner Services Ltd. and Great White Fleet Corp. ("Petitioners"), have petitioned the Commission pursuant to 46 U.S.C. 40103 of the Shipping Act of 1984 and Rules 92 and 94 of the Commission's Rules of Practice and Procedure, 46 CFR 502.92, and 46 CFR 502.94, for an exemption from "the provisions of 46 CFR 530.10 requiring each service contract amendment to be signed by both parties and filed with the Commission."

The Petitioners state that a pending corporate restructuring will result in Great White Fleet Liner Services Ltd. transferring agreed upon assets and services to Great White Fleet Corp. As some of the transferred services will be ". . . service contracts with shippers filed with the Commission under the Shipping Act . . ." the Petitioners are requesting an exemption from 46 CFR 530.10 that requires ". . . all amendments to service contracts to be manually amended by both parties, including amendments changing the carrier party to a successor carrier, even to an affiliate." The Petitioners claim that ". . . approximately 300 service contracts would require manual amendments" which would "place a severe administrative burden upon the carriers and shippers alike . . ." among other issues. The Petitioners claim that "the potential for negative competitive or commercial effects is minimal . . ." due to the terms of their corporate restructuring.

In order for the Commission to make a thorough evaluation of the exemption requested in the Petition, pursuant to 46 CFR 502.92, interested parties are requested to submit views or arguments in reply to the Petition no later than December 27, 2017. Replies shall be sent to the Secretary by email to Secretary@fmc.gov or by mail to Federal Maritime Commission, 800 North Capitol Street NW, Washington, DC 20573-0001, and replies shall be served on Petitioners'

counsel, Wade S. Hooker, Law Office of Wade S. Hooker, 211 Central Park W, New York, New York 10024, wadeshooker@gmail.com.

Non-confidential filings may be submitted in hard copy to the Secretary at the above address or by email as a PDF attachment to Secretary@fmc.gov and include in the subject line: P3-17 (Commenter/Company). Confidential filings should not be filed by email. A confidential filing must be filed with the Secretary in hard copy only, and be accompanied by a transmittal letter that identifies the filing as "Confidential-Restricted" and describes the nature and extent of the confidential treatment requested. The Commission will provide confidential treatment to the extent allowed by law for confidential submissions, or parts of submissions, for which confidentiality has been requested. When a confidential filing is submitted, there must also be submitted a public version of the filing. Such public filing version shall exclude confidential materials, and shall indicate on the cover page and on each affected page "Confidential materials excluded." Public versions of confidential filings may be submitted by email. The Petition will be posted on the Commission's website at <http://www.fmc.gov/P3-17>. Replies filed in response to the Petition will also be posted on the Commission's website at this location.

Rachel E. Dickon,

Assistant Secretary.
