## DEPARTMENT OF ENERGY

### Nuclear Energy Advisory Committee; Notice of Renewal

**AGENCY:** Office of Nuclear Energy, Department of Energy.

**ACTION:** Notice of renewal.

**SUMMARY:** Pursuant to the Federal Advisory Committee Act, and in accordance with Title 41 of the Code of Federal Regulations, Section 102-3.65(a), and following consultation with the Committee Management Secretariat, General Services Administration, notice is hereby given that the Nuclear Energy Advisory Committee (NEAC) will be renewed for a two-year period beginning on December 11, 2017.

The Committee will provide advice to the Department of Energy's Office of Nuclear Energy on complex science and technical issues that arise in the planning, managing, and implementation of DOE's nuclear energy program.

Additionally, the renewal of the NEAC has been determined to be essential to conduct business of the Department of Energy and to be in the public interest in connection with the performance of duties imposed upon the Department of Energy, by law and agreement. The Committee will continue to operate in accordance with the provisions of the Federal Advisory Committee Act, adhering to the rules and regulations in implementation of that Act.

**FOR FURTHER INFORMATION CONTACT:** Robert Rova, Designated Federal Officer at (301) 903-9096.

Issued at Washington, DC, on December 11, 2017.

**Shena Kennerly,**

*Acting Committee Management Officer.*

#### Wind Industry Partnership Summit

**AGENCY:** Wind Energy Technologies Office, Office of Energy Efficiency and Renewable Energy, U.S. Department of Energy.

**ACTION:** Notice of the Wind Industry Partnership Summit.

**SUMMARY:** This notice announces that the Wind Energy Technologies Office (WETO) within the U.S. Department of Energy (DOE) intends to hold a Wind Industry Partnership Summit ("Summit") in Washington, DC, on January 24-25, 2018. WETO invests in energy science research and development (R&D) activities that enable innovation, advance U.S. wind systems, reduce the cost of electricity, and accelerate the deployment of wind power. In an effort to ensure that DOE's research and development priorities continue to benefit the wind energy industry, WETO is hosting this summit to share innovative technologies that may be beneficial to your firm and engage industry leaders in a dialogue about the future of public research and development laboratory R&D investments.

**DATES:** DOE will host the Summit from 8:00 a.m. to 6:00 p.m. on Wednesday, January 24, 2018, and 8:30 a.m. to 1:00 p.m. on Thursday, January 25, 2018.

**ADDRESSES:** The Summit will be held at Kimpton Hotel Palomar, 2121 P St. NW, Washington, DC 20045.

**FOR FURTHER INFORMATION CONTACT:**

Alexsandra Lemke, Office of Energy Efficiency and Renewable Energy, U.S. Department of Energy, 1000 Independence Ave. SW, Washington, DC 20585. Telephone: (720)-648-4381. Email: [Alexsandra.lemke@EE.DOE.Gov](mailto:Alexsandra.lemke@EE.DOE.Gov).

**SUPPLEMENTARY INFORMATION:**

#### Background

The Wind Industry Partnership Summit will engage wind energy experts and industries to articulate wind power industry R&D needs, discuss capabilities of DOE National Laboratories, and provide guidance on how to engage DOE National Laboratories. This information will be summarized in a summary report capable of providing the wind energy industry and DOE with clarity on how the capabilities of its National Laboratories and other DOE Wind Program resources align with the perceived and prioritized R&D needs of the industry.

In November of 2015, the Executive Summit on Wind Research and Development was held in conjunction with the American Wind Energy Association (AWEA) Fall Symposium to identify and discuss priorities for industry-DOE Wind Program collaboration. This event will build on the successful 2015 Wind Industry Summit but provide a more focused

agenda around particular technology areas as well as provide a setting for development of plans for wind power industry partnerships with DOE.

This Summit will focus on the intersection of wind power industry R&D and technology development needs with the capabilities of DOE National Laboratories and other participants in R&D initiated by the DOE Wind Program. The *Wind Vision*<sup>1</sup> includes a roadmap outlining potential actions, in a non-prescriptive manner, for consideration by all wind power stakeholders. In the spring of 2017, a survey was developed around the *Wind Vision* to solicit input from industry, including developers, manufacturers, utilities, owner/operators, service providers, and consultants, among others, on the technology development needs of greatest importance to industry and where DOE support was deemed valuable. Informed by the *Wind Vision* roadmap and subsequent survey, summit sessions will address three categories of R&D activities: (1) *Turbine Technology Innovation and Extreme-Scale Turbines*, (2) *The SMART Wind Plant*, and (3) *Grid-enhancing Wind Power Plants*.

#### Public Participation

Although this meeting is primarily intended to be an information sharing event with design, consulting, assessment and operations professionals with experience in addressing the short and long-term challenges of wind energy development and operations, the event is open to the public based upon space availability. DOE anticipates that wind power professionals will share insights on the technological and science gaps that limit the growth of wind power capacity and generation and impede the enhancement of wind power technology and operations for greater value to the nation. As seating is limited, please RSVP to Alexsandra Lemke by January 3rd, 2018. DOE will also accept public comments as described above for purposes of better understanding the wind power industry and challenges associated with increased deployment. These comments may be submitted at [Alexsandra.lemke@EE.DOE.Gov](mailto:Alexsandra.lemke@EE.DOE.Gov).

Participants should limit information and comments to those based on personal experience, individual advice, information, or facts regarding this topic. It is not the object of this session to obtain any group position or consensus from the meeting participants.

### Information on Services for Individuals With Disabilities

Individuals requiring special accommodations at the meeting should contact [Alexandra.lemke@ee.doe.gov](mailto:Alexandra.lemke@ee.doe.gov).

Following the meeting, a summary will be compiled by DOE; and a public summary of the 2017 survey results will also be distributed, the summary will be posted at [wind.energy.gov](http://wind.energy.gov).

Issued on December 12, 2017 in Washington, DC.

## DEPARTMENT OF ENERGY

### Office of Energy Efficiency and Renewable Energy

[EERE-2013-BT-NOC-0005]

### Appliance Standards and Rulemaking Federal Advisory Committee: Notice of Public Meeting

**AGENCY:** Office of Energy Efficiency and Renewable Energy, Department of Energy.

**ACTION:** Notice of public meeting and webinar.

**SUMMARY:** This notice announces a meeting of the Appliance Standards and Rulemaking Federal Advisory Committee (ASRAC). The Federal Advisory Committee Act, requires that agencies publish notice of an advisory committee meeting in the **Federal Register**.

**DATES:** DOE will hold a public meeting on January 10, 2018 from 9 a.m. to 5 p.m., in Washington, DC. The meeting will also be broadcast as a webinar.

**ADDRESSES:** The public meeting will be held at the U.S. Department of Energy, Forrestal Building, Room 8E-089, 1000 Independence Avenue SW, Washington, DC 20585-0121. Please see the Public Participation section of this notice for additional information on attending the public meeting, including webinar registration information, participant instructions, and information about the capabilities available to webinar participants.

**FOR FURTHER INFORMATION CONTACT:** John Cymbalsky, ASRAC Designated Federal Officer, U.S. Department of Energy, Building Technologies Program, EE-5B, 1000 Independence Avenue SW, Washington, DC 20585-0121, (202) 287-1692, Email: [asrac@ee.doe.gov](mailto:asrac@ee.doe.gov).

**SUPPLEMENTARY INFORMATION:** The primary focus of this meeting will be the discussion and prioritization of topic areas that ASRAC can assist the Appliance and Equipment Standards Program with. DOE plans to hold this public meeting to gather advice and recommendations to the Energy Department on the development of standards and test procedures for residential appliances and commercial equipment. (The final agenda will be available for public viewing at <https://www.regulations.gov/docket?D=EERE-2013-BT-NOC-0005>.)

### Public Participation

#### Attendance at Public Meeting

The time, date and location of the public meeting are listed in the **DATES** and **ADDRESSES** sections of this document. If you plan to attend the public meeting, please notify the ASRAC staff at [asrac@ee.doe.gov](mailto:asrac@ee.doe.gov).

Please note that foreign nationals participating in the public meeting are subject to advance security screening procedures which require advance notice prior to attendance at the public meeting. If a foreign national wishes to participate in the public meeting, please inform DOE as soon as possible by contacting Ms. Regina Washington at (202) 586-1214 or by email: [Regina.Washington@ee.doe.gov](mailto:Regina.Washington@ee.doe.gov) so that the necessary procedures can be completed.

DOE requires visitors to have laptops and other devices, such as tablets, checked upon entry into the building. Any person wishing to bring these devices into the Forrestal Building will be required to obtain a property pass. Visitors should avoid bringing these devices, or allow an extra 45 minutes to check in. Please report to the visitor's desk to have devices checked before proceeding through security.

Due to the REAL ID Act implemented by the Department of Homeland Security (DHS), there have been recent changes regarding ID requirements for individuals wishing to enter Federal buildings from specific States and U.S. territories. DHS maintains an updated website identifying the State and territory driver's licenses that currently are acceptable for entry into DOE facilities at <https://www.dhs.gov/real-id-enforcement-brief>. A driver's license from a State or territory identified as not compliant by DHS will not be accepted for building entry and one of the alternate forms of ID listed below will be required. Acceptable alternate forms of Photo-ID include U.S. Passport or Passport Card; an Enhanced Driver's License or Enhanced ID-Card issued by

States and territories as identified on the DHS website (Enhanced licenses issued by these States and territories are clearly marked Enhanced or Enhanced Driver's License); a military ID or other Federal government-issued Photo-ID card.

In addition, you can attend the public meeting via webinar. Webinar registration information, participant instructions, and information about the capabilities available to webinar participants will be published on DOE's website: <https://energy.gov/eere/buildings/public-meetings-and-comment-deadlines>. Participants are responsible for ensuring their systems are compatible with the webinar software.

#### Procedure for Submitting Prepared General Statements for Distribution

Any person who has plans to present a prepared general statement may request that copies of his or her statement be made available at the public meeting. Such persons may submit requests, along with an advance electronic copy of their statement in PDF (preferred), Microsoft Word or Excel, WordPerfect, or text (ASCII) file format, to the appropriate address shown in the **FOR FURTHER INFORMATION CONTACT** section of this notice. The request and advance copy of statements must be received at least one week before the public meeting and may be emailed, hand-delivered, or sent by mail. DOE prefers to receive requests and advance copies via email. Please include a telephone number to enable DOE staff to make a follow-up contact, if needed.

#### Conduct of Public Meeting

ASRAC's Designated Federal Officer will preside at the public meeting and may also use a professional facilitator to aid discussion. The meeting will not be a judicial or evidentiary-type public hearing, but DOE will conduct it in accordance with section 336 of EPCA (42 U.S.C. 6306). A court reporter will be present to record the proceedings and prepare a transcript. DOE reserves the right to schedule the order of presentations and to establish the procedures governing the conduct of the public meeting.

The public meeting will be conducted in an informal, conference style. DOE will present summaries of comments received before the public meeting, allow time for prepared general statements by participants, and encourage all interested parties to share their views. Each participant will be allowed to make a general statement (within time limits determined by DOE), before the discussion of specific topics.
