

flight, collapse of the main landing gear, and failure of the pressure deck.

(f) Compliance

Comply with this AD within the compliance times specified, unless already done.

(g) Required Actions for Group 1 Airplanes

For airplanes identified as Group 1 in Boeing Alert Service Bulletin 737-53A1364, dated May 24, 2017, within 120 days after the effective date of this AD, inspect the stub beam webs for any cracking, and do all applicable on-condition actions, using a method approved in accordance with the procedures specified in paragraph (j) of this AD.

(h) Required Actions for Group 2, 3, 4, 5, and 6 Airplanes

Except as required by paragraph (i) of this AD: For Group 2, 3, 4, 5, and 6 airplanes, as identified in Boeing Alert Service Bulletin 737-53A1364, dated May 24, 2017, at the applicable times specified in paragraph 1.E., "Compliance," of Boeing Alert Service Bulletin 737-53A1364, dated May 24, 2017, do all applicable actions identified as "RC" (required for compliance) in, and in accordance with, the Accomplishment Instructions of Boeing Alert Service Bulletin 737-53A1364, dated May 24, 2017.

(i) Exceptions to Service Information Specifications

(1) For purposes of determining compliance with the requirements of this AD, the phrase "the effective date of this AD" may be substituted for "the original issue date of this service bulletin," as specified in Boeing Alert Service Bulletin 737-53A1364, dated May 24, 2017.

(2) Where Boeing Alert Service Bulletin 737-53A1364, dated May 24, 2017, specifies contacting Boeing, and specifies that action as RC: This AD requires using a method approved in accordance with the procedures specified in paragraph (j) of this AD.

(j) Alternative Methods of Compliance (AMOCs)

(1) The Manager, Los Angeles ACO Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the manager of the certification office, send it to the attention of the person identified in paragraph (k) of this AD. Information may be emailed to: 9-ANM-LAACO-AMOC-Requests@faa.gov.

(2) Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/certificate holding district office.

(3) An AMOC that provides an acceptable level of safety may be used for any repair, modification, or alteration required by this AD if it is approved by the Boeing Commercial Airplanes Organization Designation Authorization (ODA) that has been authorized by the Manager, Los Angeles ACO Branch, to make those findings. To be

approved, the repair method, modification deviation, or alteration deviation must meet the certification basis of the airplane, and the approval must specifically refer to this AD.

(4) Except as required by paragraph (i)(2) of this AD: For service information that contains steps that are labeled as RC, the provisions of paragraphs (j)(4)(i) and (j)(4)(ii) of this AD apply.

(i) The steps labeled as RC, including substeps under an RC step and any figures identified in an RC step, must be done to comply with the AD. If a step or substep is labeled "RC Exempt," then the RC requirement is removed from that step or substep. An AMOC is required for any deviations to RC steps, including substeps and identified figures.

(ii) Steps not labeled as RC may be deviated from using accepted methods in accordance with the operator's maintenance or inspection program without obtaining approval of an AMOC, provided the RC steps, including substeps and identified figures, can still be done as specified, and the airplane can be put back in an airworthy condition.

(k) Related Information

For more information about this AD, contact Galib Abumeri, Aerospace Engineer, Airframe Section, FAA, Los Angeles ACO Branch, 3960 Paramount Boulevard, Lakewood, CA 90712-4137; phone: 562-627-5324; fax: 562-627-5210; email: galib.abumeri@faa.gov.

(l) Material Incorporated by Reference

(1) The Director of the Federal Register approved the incorporation by reference (IBR) of the service information listed in this paragraph under 5 U.S.C. 552(a) and 1 CFR part 51.

(2) You must use this service information as applicable to do the actions required by this AD, unless the AD specifies otherwise.

(i) Boeing Alert Service Bulletin 737-53A1364, dated May 24, 2017.

(ii) Reserved.

(3) For service information identified in this AD, contact Boeing Commercial Airplanes, Attention: Contractual & Data Services (C&DS), 2600 Westminister Blvd., MC 110-SK57, Seal Beach, CA 90740-5600; telephone 562-797-1717; internet <https://www.myboeingfleet.com>.

(4) You may view this service information at the FAA, Transport Standards Branch, 1601 Lind Avenue SW, Renton, WA. For information on the availability of this material at the FAA, call 425-227-1221.

(5) You may view this service information that is incorporated by reference at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030, or go to: <http://www.archives.gov/federal-register/cfr/ibr-locations.html>.

Issued in Renton, Washington, on December 5, 2017.

Dionne Palermo,

Acting Director, System Oversight Division, Aircraft Certification Service.

BILLING CODE 4910-13-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R01-OAR-2016-0626; A-1-FRL-9972-20-Region 1]

Air Plan Approval; Vermont; Regional Haze Five-Year Progress Report

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving Vermont's Regional Haze Five-Year Progress Report (Progress Report), submitted on February 29, 2016 as a revision to its State Implementation Plan (SIP). Vermont's SIP revision addresses requirements of the Clean Air Act (CAA) and EPA's rules that require states to submit periodic reports describing the progress toward reasonable progress goals (RPGs) established for regional haze and a determination of adequacy of the State's existing regional haze SIP. EPA is approving Vermont's Progress Report on the basis that it addresses the progress report and adequacy determination requirements for the first implementation period covering through 2018.

DATES: This rule is effective on January 17, 2018.

ADDRESSES: EPA has established a docket for this action under Docket Identification No. EPA-R01-OAR-2016-0626. All documents in the docket are listed on the <http://www.regulations.gov> website. Although listed in the index, some information is not publicly available, *i.e.*, CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available at <http://www.regulations.gov> or at the U.S. Environmental Protection Agency, EPA New England Regional Office, Office of Ecosystem Protection, Air Quality Planning Unit, 5 Post Office Square—Suite 100, Boston, MA. EPA requests that if at all possible, you contact the contact listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. The Regional Office's official hours of business are Monday through Friday, 8:30 a.m. to 4:30 p.m., excluding legal holidays.

FOR FURTHER INFORMATION CONTACT: Anne K. McWilliams, Air Quality Planning Unit, U.S. Environmental Protection Agency, New England

Regional Office, 5 Post Office Square—Suite 100, (Mail code OEP05–2), Boston, MA 02109–3912, telephone (617) 918–1697, facsimile (617) 918–0697, email mcwilliams.anne@epa.gov.

SUPPLEMENTARY INFORMATION:

Throughout this document whenever “we,” “us,” or “our” is used, we mean EPA.

Table of Contents

- I. Background and Purpose.
- II. Response to Comment.
- III. Final Action.
- IV. Statutory and Executive Order Reviews.

I. Background and Purpose

On August 16, 2017, EPA proposed to approve Vermont’s Regional Haze Five-Year Progress Report. See 82 FR 38864. The Progress Report was submitted by Vermont as a State Implementation Plan (SIP) revision on February 29, 2016. In conjunction with the August 16, 2017 notice of proposed rulemaking (NPR), EPA issued a direct final rule (DFR) approving the Vermont Progress Report. See 82 FR 38834. In the DFR, EPA stated that if an adverse comment were to be submitted to EPA by September 15, 2017, the action would be withdrawn and not take effect, and a final rule would be issued based on the NPR. EPA received one adverse comment prior to the close of the comment period. Therefore, EPA withdrew the DFR on October 13, 2017. See 82 FR 47630. Today’s action is a final rule based on the NPR.

A detailed discussion of Vermont’s February 29, 2016 SIP revision and EPA’s rationale for approving the SIP revision were provided in the DFR and will not be restated here, except to the extent relevant to our response to the public comment we received.

II. Response to Comment

EPA received one adverse comment on its proposed approval of the Vermont Progress Report.

Comment: The commenter stated that Vermont should have considered visibility effects on parks in Canada and ocean marine sanctuaries.

Response: In section 169A(a)(1) of the 1977 Amendment to the Clean Air Act (CAA), Congress created a program for protecting visibility in certain of the nation’s national parks and wilderness areas. This section on the CAA establishes as a national goal the “prevention of any future, and remedying of any existing, impairment of visibility in mandatory Class I Federal areas which impairment results from manmade air pollution.” Areas designated as mandatory Class I Federal areas consist of national parks

exceeding 6000 acres, wilderness areas and national memorial parks exceeding 5000 acres, and all international parks that were in existence on August 7, 1977 (42 U.S.C. 7472(a)). In accordance with section 169A of the CAA, EPA, in consultation with the Department of Interior, promulgated a list of 156 areas where visibility is identified as an important value. See 44 FR 69122, November 30, 1979. The requirements of the visibility program set forth in section 169A of the CAA apply only to these “mandatory Class I Federal areas.” When we use the term “Class I area” in this and other regional haze actions, we mean a “mandatory Class I Federal area” where visibility has been identified as an important value.

The list of 156 areas includes Roosevelt/Campobello International Park (RCIP) located in New Brunswick, Canada. The Vermont Regional Haze Plan for the first planning period affirmed that emissions from Vermont did not contribute to the visibility impairment at this Class I area. See 77 FR 11914, February 28, 2012. The Vermont Progress Report confirms, however, that not only has the state reduced visibility impairing emissions consistent with its regional haze SIP, but that the reasonable progress goals for RCIP for the first regional haze planning period have already been met.¹

Based on the requirements of section 169A of the CAA, EPA finds that the Progress Report appropriately considered the visibility status of nearby Class I areas, including that of the Roosevelt/Campobello International Park in Canada. There are no nearby marine sanctuaries identified as Class I areas.

III. Final Action

EPA is approving Vermont’s Regional Haze Five-Year Progress Report SIP revision, submitted by VT DEC on February 29, 2016, as meeting the applicable regional haze requirements set forth in 40 Code of the Federal Regulations (CFR) 51.308(g) and (h).

IV. Statutory and Executive Order Reviews

Under the Clean Air Act, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable

¹ Visibility impairment is measured by monitors in the Interagency Monitoring of Protected Visual Environments (IMPROVE) program. Due to the proximity of the Moosehorn Wilderness Area IMPROVE monitor to RCIP, the Moosehorn monitor is considered representative of visibility at RCIP. More discussion of the visibility status of RCIP can be found in EPA’s proposed approval of the Maine Regional Haze 5-Year Progress Report. See 82 FR 33471, July 20, 2017.

Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA’s role is to approve state choices, provided that they meet the criteria of the Clean Air Act. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);

- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);

- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);

- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);

- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);

- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);

- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);

- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and

- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, the SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications and will not impose substantial direct costs on tribal governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small

Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. Section 804, however, exempts from section 801 the following types of rules: Rules of particular applicability; rules relating to agency management or personnel; and rules of agency organization, procedure, or practice that do not substantially affect the rights or obligations of non-agency parties. 5 U.S.C. 804(3). Because this is a rule of particular applicability, EPA is not required to submit a rule report regarding this action under section 801.

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the

appropriate circuit by February 16, 2018. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Carbon monoxide, Incorporation by reference, Intergovernmental relations, Lead, Nitrogen dioxide, Ozone, Particulate matter, Regional haze, Reporting and recordkeeping requirements, Sulfur oxides, Volatile organic compounds.

Dated: December 6, 2017.
Ken Moraff,
Acting Regional Administrator, EPA New England.
 Part 52 of chapter I, title 40 of the Code of Federal Regulations is amended as follows:

PART 52—[AMENDED]

■ 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart UU—Vermont

■ 2. In § 52.2370, the table in paragraph (e) is amended by adding an entry for “Vermont Regional Haze Five-Year Progress Report” at the end of the table to read as follows:

§ 52.2370 Identification of plan.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Parts 1 and 32

[WC Docket No. 14-130, CC Docket No. 80-286; FCC 17-15]

Comprehensive Review of the Uniform System of Accounts, Jurisdictional Separations and Referral to the Federal-State Joint Board

AGENCY: Federal Communications Commission.

ACTION: Final rule; announcement of effective date.

SUMMARY: In this document, the Commission announces that the Office of Management and Budget (OMB) has approved, for a period of three years, information requirements associated with the Commission’s Order, FCC 17-15. In this Order, the Commission minimized the compliance burdens imposed by the Uniform System of Accounts (USOA) on price cap and rate-of-return telephone companies, while

ensuring that the Commission retains access to the information it needs to fulfill its regulatory duties. This document is consistent with the Order, which stated that the Commission would publish a document in the **Federal Register** announcing the effective date of the rules.

DATES: The amendments to 47 CFR 1.1409(g) and 32.1, published on May 4, 2017 at 82 FR 20833, are effective January 1, 2018.

FOR FURTHER INFORMATION CONTACT: Robin Cohn, Pricing Policy Division, Wireline Competition Bureau, at (202) 418-2747, or email: *Robin.Cohn@fcc.gov*.

SUPPLEMENTARY INFORMATION: This document announces that, on December 3, 2017 OMB approved, for a period of three years, the information collection requirements contained in the Commission’s *Part 32 Order*, WC Docket No. 14-130, CC Docket No. 80-286, FCC 17-15. The OMB Number is 3060-1247. The Commission publishes this document as an announcement of the effective date of the rules. If you have any comments on the burden estimates listed below, or how the Commission can improve the collections and reduce

any burdens caused thereby, please contact Nicole Ongele, Federal Communications Commission, Room 1-A620, 445 12th Street SW, Washington, DC 20554. Please include the OMB Control Number, 3060-1247, in your correspondence. The Commission will also accept your comments via email at *PRA@fcc.gov*.

To request materials in accessible formats for people with disabilities (Braille, large print, electronic files, audio format), send an email to *fcc504@fcc.gov* or call the Consumer and Governmental Affairs Bureau at (202) 418-0530 (voice), (202) 418-0432 (TTY).

Synopsis

As required by the Paperwork Reduction Act of 1995 (44 U.S.C. 3507), the FCC is notifying the public that it received OMB approval on December 3, 2017, for the information collection requirements contained in the Commission’s rules at 47 CFR 1.791; 1.1409(g); 32.1; 32.3; 32.11; 32.26; 32.101(c); 32.103; 32.2000(a)(4), (b)(1), (b)(2)(iii), (c)(2)(x), (e)(8), (f)(2)(iii), and (j); 32.2110; 32.2210; 32.2230; 32.2310; 32.2410; 32.2680; 32.2682(c); 32.2690(b); 32.3000; 32.3400(a);
