SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on March 24, 2017, based on a complaint filed on behalf of Pathway Innovations and Technologies, Inc. ("Complainant") of San Diego, California. 82 FR 15069-70 (March 24, 2017). The complaint alleges violations of section 337 based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain document cameras and software for use therewith by reason of infringement of certain claims of U.S. Patent No. 8,508,751. The complaint named IPEVO, Inc. of Sunnyvale, California; AVer Information Inc. of Fremont, California; and Lumens Integrations Inc. ("Lumens") of Fremont, California as respondents. Lumens was previously terminated from the investigation.

On November 21, 2017, Complainant filed an unopposed motion to terminate the investigation based on withdrawal of the complaint.

On November 24, 2017, the ALJ issued an ID granting the unopposed motion. Order No. 20. The ALJ found that Complainant complied with Commission Rule 210.21. Specifically, the Complainant represented that there are no agreements, written or oral, express or implied concerning the subject matter of the investigation. The ALJ also found that termination of the investigation is not contrary to the public interest and there are no extraordinary circumstances that prevent termination of the investigation. No petitions for review were filed.

The Commission has determined not to review the subject ID.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: December 14, 2017.

Secretary to the Commission.
