NUCLEAR REGULATORY COMMISSION

[NRC-2017-0235]

Licensing Support Network Advisory Review Panel: Meeting Notice

AGENCY: U.S. Nuclear Regulatory Commission.

ACTION: Notice of meeting.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) will convene a meeting of the Licensing Support Network Advisory Review Panel (LSNARP) on January 30-31, 2018, at the NRC's Headquarters Offices in Room 01C3, Three White Flint North Building, 11601 Landsdown Street, Rockville, Maryland 20852.

The meeting is being held to carry out the NRC's responsibilities under the U.S. Court of Appeals for the District of Columbia Circuit's decision in the case *In re Aiken County*, 645 F.3d 428 (D.C. Cir. 2011), and the Commission's July 31, 2017, direction in the Staff

Requirements Memorandum associated with COMSECY-17-0019 that a next step in the Yucca Mountain licensing process is for the NRC to initiate information-gathering activities regarding reinstating or replacing the Licensing Support Network (LSN). The LSN, which was used to make documentary material associated with the Yucca Mountain adjudicatory proceeding available to hearing participants and the public, was decommissioned when the adjudication was suspended in 2011. The information being collected will assist the Commission in making efficient, informed decisions concerning appropriate means for reconstituting the LSN's functionality if the currently-suspended Yucca Mountain adjudication were to re-commence in the future.

The meeting will be open to the public pursuant to the Federal Advisory Committee Act (FACA) (Pub. L. 94-463, 86 Stat. 770-776) and will be conducted as a virtual meeting with representatives of LSNARP member organizations utilizing the capabilities of GoToMeeting® and the general public having access via GoToWebinar®. Representatives of LSNARP member organizations and the public may also attend in person at the location indicated above.

Agenda: The meeting will be held from 10:00 a.m. to 6:30 p.m. EST on

Tuesday, January 30, 2018, and 10:00 a.m. to 5:00 p.m. EST on Wednesday, January 31, 2018. If attending the meeting in person, please plan your arrival to allow additional time (e.g., 15 to 30 minutes) for security screening. The preliminary agenda is listed below. Additional details regarding timing of presentations and changes to the agenda may be obtained through the contacts listed below and will be announced prior to the meeting.

The primary focus of the meeting will be on the options available for reconstituting the LSN's functionality. The NRC has prepared a paper describing the options (Agencywide Documents Access and Management System (ADAMS) Accession No. ML17347B671) to be examined and discussed at the meeting with the objective of soliciting the views of the LSNARP member organizations on the best path forward for reconstituting the LSN or developing a suitable replacement system if the Yucca Mountain licensing adjudication is resumed in the future. Additionally, at the conclusion of the January 30 meeting session, the NRC will provide an orientation session regarding the ADAMS LSN Library, which currently houses the documentary material previously accessible via the LSN and provides the technical basis for one of the options to be discussed at the meeting.

Instructions for attending the meeting and providing comments virtually via GoToWebinar or an audio-only connection are outlined below and the process for providing comments will be explained during the LSNARP meeting.

Instructions for Virtual Attendance at the January 30–31, 2018, LSNARP Meeting by Members of the Public via GoToWebinar

LogMeIn, Inc.’s GoToWebinar will be the primary method for virtual (*i.e.*, remote) attendance by members of the public (*i.e.*, anyone other than a designated primary/secondary representative of an LSNARP member organization ¹) to view and participate in, when appropriate, the January 30–31, 2018, LSNARP meeting. Additionally, audio-only attendance will be offered to members of the public via a toll-free telephone connection.

Instructions for Viewing via GoToWebinar

Registration is required to view the meeting using GoToWebinar. To register, members of the public should access the following link at least several days before the meeting: <https://attendee.gotowebinar.com/register/4882474129139440898>. Once registered for the meeting at this link, a member of the public will receive a confirmation email that will contain the link and other connection information to be used to view the meeting.

¹ LSNARP member organization representatives have been contacted separately and provided information on how to make video/audio connections if they wish to attend the LSNARP meeting virtually rather than in person.

A member of the public viewing the LSNARP meeting via GoToWebinar will be able to hear speaker presentations and any discussion with/among LSNARP member organization representatives through his/her computer/tablet speakers or telephone, but will not be able to talk to the presenters or LSNARP member representatives directly, as that audio connection will be muted until instances during the meeting when public comments/questions are requested.

When afforded an opportunity to comment and/or ask written questions, a member of the public connected via GoToWebinar and using (1) headphones or a microphone/speakers; or (2) the GoToWebinar-provided toll telephone connection will be able to employ the “Raise Your Hand” feature that will allow meeting organizers to recognize him/her by unmuting his/her audio so that the comment/question can be provided orally to all those attending the meeting in person and remotely. Alternatively, a member of the public viewing the meeting via GoToWebinar can submit a written comment/question using the GoToWebinar “Questions” feature, which permits text messages to be sent to meeting organizers who, in turn, will forward comments/questions for appropriate consideration during the meeting.

Members of the public with questions regarding the use of GoToWebinar should visit the GoToWebinar customer support page at <https://support.logmeininc.com/gotowebinar>. It is also recommended that members of the public run a computer system check (available on the GoToWebinar customer support page) prior to the LSNARP meeting.

Instructions for Audio-Only Remote Attendance

A member of the public wishing to participate via audio-only (both to listen and, when appropriate, to talk) can do

so using the following toll-free telephone number and access code: (888) 395–2501/4652554. The telephone connection of a member of the public using this toll-free number to attend the LSNARP meeting will be muted until an opportunity for public comments/questions is afforded during the meeting. During the meeting, instructions will be given on how a member of the public attending via an audio-only connection can make a comment/ask a question.

SUPPLEMENTARY INFORMATION: The LSN was an internet-based electronic discovery database developed to aid the NRC in complying with the schedule for the decision on the construction authorization for the high-level waste repository contained in Section 114(d) of the Nuclear Waste Policy Act of 1982, as amended. In 1998, the NRC Rules of Practice in title 10 of the *Code of Federal Regulations* (10 CFR) part 2, subpart J, were modified to provide for the creation and operation of the internet-based LSN as the technological solution for the submission and management of documentary material relating to the licensing of a geologic repository for the disposal of high-level radioactive waste (63 FR 71729). Pursuant to 10 CFR 2.1011(d), the agency authorized the creation of the LSNARP, a FACA advisory committee chartered to provide advice to the NRC on, among other things, fundamental issues relating to LSN design, operation, maintenance, and compliance monitoring. In 2011, the original LSN was decommissioned, with the documentary material contained therein preserved by the NRC and currently residing in the ADAMS LSN Library, <https://www.nrc.gov/reading-rm/lsn/index.html>.
