EPA APPROVED NONREGULATORY PROVISIONS AND QUASI-REGULATORY MEASURES

Name SIP provision	Applicable geographic or nonattainment area	State submittal date/ effective date	EPA approval date	Explanation
* Louisiana Regional Haze.	* Statewide .....	* 6/13/2008 8/11/2016 2/10/2017 10/26/2017	* 12/21/2017, [Insert <b>Federal Register</b> citation].	* Supplemental information provided 10/9/2017 regarding Entergy Louisiana, LLC, Michoud Electric Generating Plant, Units 1, 2, and 3, Permit no. 2140-00014-V4, effective 4/28/15.

■ 3. Section 52.985 is revised to read as follows:

**§ 52.985 Visibility protection.**

(a) *Measures addressing best available retrofit technology (BART) for electric generating unit (EGU) emissions of nitrogen oxides (NO<sub>x</sub>).* The BART requirements for EGU NO<sub>x</sub> emissions are satisfied by § 52.984.

(b) *Other measures addressing BART.* The BART requirements for emissions other than EGU NO<sub>x</sub> emissions are satisfied by the Louisiana Regional Haze SIP approved December 21, 2017.

**BILLING CODE 6560-50-P**

**ENVIRONMENTAL PROTECTION AGENCY**

**40 CFR Part 52**

[EPA-R05-OAR-2016-0185; FRL-9972-34-Region 5]

**Air Plan Approval; Ohio; Regional Haze Five-Year Progress Report State Implementation Plan**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is approving a State Implementation Plan (SIP) revision submitted by the state of Ohio on March 11, 2016. Ohio's SIP revision addresses requirements of the Clean Air Act (CAA) and EPA's rules that require states to submit periodic reports describing progress toward reasonable progress

goals (RPGs) established for regional haze and a determination of the adequacy of the state's existing regional haze SIP. Ohio's progress report notes that Ohio has implemented the measures in the regional haze SIP due to be in place by the date of the progress report and that Federal Class I areas affected by emissions from Ohio are meeting or exceeding the RPGs for 2018. Ohio also determined that the state's regional haze SIP is adequate to meet these reasonable progress goals for the first implementation period and requires no substantive revision at this time.

**DATES:** This final rule is effective on January 22, 2018.

**ADDRESSES:** EPA has established a docket for this action under Docket ID No. EPA-R05-OAR-2016-0185. All documents in the docket are listed on the [www.regulations.gov](http://www.regulations.gov) website.

Although listed in the index, some information is not publicly available, *i.e.*, Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available either through [www.regulations.gov](http://www.regulations.gov) or at the Environmental Protection Agency, Region 5, Air and Radiation Division, 77 West Jackson Boulevard, Chicago, Illinois 60604. This facility is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding Federal holidays. We recommend that you telephone Michelle Becker, Life Scientist, at (312) 886-3901 before visiting the Region 5 office.

**FOR FURTHER INFORMATION CONTACT:** Michelle Becker, Life Scientist, Attainment Planning and Maintenance Section, Air Programs Branch (AR-18J), Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 886-3901, [becker.michelle@epa.gov](mailto:becker.michelle@epa.gov).

**SUPPLEMENTARY INFORMATION:** Throughout this document whenever “we,” “us,” or “our” is used, we mean EPA. This supplementary information section is arranged as follows:

- I. Background
- II. What action is EPA taking?
- III. Statutory and Executive Order Reviews

#### I. Background

States are required to submit a progress report in the form of a SIP revision every five years that evaluates progress towards the RPGs for each mandatory Class I Federal area within the state and in each mandatory Class I Federal area outside the state which may be affected by emissions from within the state. See 40 CFR 51.308(g). In addition, the provisions under 40 CFR 51.308(h) require states to submit, at the same time as the 40 CFR 51.308(g) progress report, a determination of the adequacy of the state’s existing regional haze SIP. The first progress report SIP is due five years after submittal of the initial regional haze SIP.

On October 16, 2017 (82 FR 48030), EPA published a notice of proposed rulemaking (NPR) proposing approval of Ohio’s March 11, 2016 Regional Haze Five-Year Progress Report SIP revision on the basis that it satisfies the requirements of 40 CFR 51.308(g) and (h).

The specific details of Ohio’s March 11, 2016 SIP revision and the rationale for EPA’s approval are discussed in the NPR and will not be restated here. EPA

received one comment agreeing with EPA’s assessment of Ohio’s March 11, 2016 Regional Haze Five-Year Progress Report.

#### II. What action is EPA taking?

EPA is approving Ohio’s March 11, 2016 Regional Haze Five-Year Progress Report SIP submittal as meeting the requirements of 40 CFR 51.308(g) and (h).

#### III. Statutory and Executive Order Reviews

Under the Clean Air Act, the Administrator is required to approve a SIP submission that complies with the provisions of the Clean Air Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA’s role is to approve state choices, provided that they meet the criteria of the Clean Air Act. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- Is not an Executive Order 13771 (82 FR 9339, February 2, 2017) regulatory action because SIP approvals are exempted under Executive Order 12866;
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);
- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would

be inconsistent with the Clean Air Act; and

- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, the SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications and will not impose substantial direct costs on tribal governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by February 20, 2018. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2)).

#### List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Carbon monoxide, Incorporation by reference, Intergovernmental relations, Lead, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Sulfur oxides, Volatile organic compounds.

Dated: December 8, 2017.

**Robert A. Kaplan,**

*Acting Regional Administrator, Region 5.*

40 CFR part 52 is amended as follows:

**PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS**

■ 1. The authority citation for part 52 continues to read as follows:

**Authority:** 42 U.S.C. 7401 *et seq.*

■ 2. In § 52.1870, the table in paragraph (e) is amended by adding a subheading

at the end of the table entitled “Visibility Protection” and the entries “Regional Haze Plan” and “Regional Haze Five-Year Progress Report” under the subheading to read as follows:

**§ 52.1870 Identification of plan.**

[EPA–R05–OAR–2017–0323; FRL–9972–33–Region 5]

**Air Plan Approval; Illinois; Volatile Organic Compounds Definition; Withdrawal of Direct Final Rule**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Withdrawal of direct final rule.

**SUMMARY:** Due to the receipt of an adverse comment, the Environmental Protection Agency (EPA) is withdrawing the November 7, 2017, direct final rule approving changes to the Illinois Administrative Code definition of volatile organic material, otherwise known as volatile organic compound (VOC). The revision would remove recordkeeping and reporting requirements related to the use of t-butyl acetate as a VOC, and is in response to an EPA rulemaking that occurred in 2016.

**DATES:** The direct final rule published at 82 FR 50811 on November 2, 2017, is withdrawn effective December 21, 2017.

**FOR FURTHER INFORMATION CONTACT:** Charles Hatten, Environmental Engineer, Control Strategy Section, Air Programs Branch (AR–18), Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 886–6031, *hatten.charles@epa.gov*.

**SUPPLEMENTARY INFORMATION:** In the direct final rule, EPA stated that if

adverse comments were submitted by December 4, 2017, the rule would be withdrawn and not take effect. EPA received an adverse comment prior to the close of the comment period and, therefore, is withdrawing the direct final rule. EPA will address the comment in a subsequent final action based upon the proposed action also published on November 2, 2017 (82 FR 50853). EPA will not institute a second comment period on this action.

**List of Subjects in 40 CFR Part 52**

Environmental protection, Air pollution control, Incorporation by reference, Intergovernmental relations, Ozone, Reporting and recordkeeping requirements, Volatile organic compounds.

**Authority:** 42 U.S.C. 7401 *et seq.*

Dated: December 11, 2017.

**Robert A. Kaplan,**

*Acting Regional Administrator, Region 5.*

**PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS**

■ Accordingly, the amendment to 40 CFR 52.720 published in the **Federal Register** on November 2, 2017 (82 FR 50811) is withdrawn effective December 21, 2017.

**40 CFR Part 52**

[EPA–R05–OAR–2017–0280; FRL–9972–32–Region 5]

**Air Plan Approval; Wisconsin; 2017 Revisions to NR 400 and 406; Withdrawal of Direct Final Rule**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Withdrawal of direct final rule.

**SUMMARY:** Due to the receipt of an adverse comment, the Environmental Protection Agency (EPA) is withdrawing the November 7, 2017, direct final rule approving a revision to the Wisconsin State Implementation Plan (SIP). The revision replaces the definition of “emergency electric generator” with a broader definition of “restricted internal combustion engine”, makes amendments to procedures for revoking construction permits as well as language changes and other administrative updates, and lastly, removing from the SIP two Wisconsin Administrative Code provisions that affect eligibility of coverage under general and construction permits.

**DATES:** The direct final rule published at 82 FR 51575 on November 7, 2017, is withdrawn effective December 21, 2017.

**FOR FURTHER INFORMATION CONTACT:** Radhica Kanniganti, Environmental Engineer, Air Permits Section, Air Programs Branch (AR–18), Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 886–8097, *kanniganti.radhica@epa.gov*.

**SUPPLEMENTARY INFORMATION:** In the direct final rule, EPA stated that if
