DEPARTMENT OF LABOR

Employment and Training Administration

Labor Certification Process for the Temporary Employment of Aliens in Agriculture in the United States: 2018 Adverse Effect Wage Rates for Non-Range Occupations

AGENCY: Employment and Training Administration, Department of Labor.

ACTION: Notice.

SUMMARY: The Employment and Training Administration (ETA) of the Department of Labor (Department) is issuing this notice to announce the 2018 Adverse Effect Wage Rates (AEWRs) for the employment of temporary or seasonal nonimmigrant foreign workers (H-2A workers) to perform agricultural labor or services other than the herding or production of livestock on the range.

AEWRs are the minimum wage rates the Department has determined must be offered and paid by employers to H-2A workers and workers in corresponding employment for a particular occupation and area so that the wages and working conditions of similarly employed U.S. workers will not be adversely affected. In this notice, the Department announces the annual update of the AEWRs.

DATE: This notice is applicable January 4, 2018.

FOR FURTHER INFORMATION CONTACT: William W. Thompson, II, Administrator, Office of Foreign Labor Certification, Box #12-200, Employment & Training Administration, U.S.

Department of Labor, Office of Foreign Labor Certification, 200 Constitution Avenue NW, Washington, DC 20210. Telephone: 202-513-7350 (this is not a toll-free number).

Individuals with hearing or speech impairments may access the telephone number above via TTY by calling the toll-free Federal Information Relay Service at 1-877-889-5627.

SUPPLEMENTARY INFORMATION: As a condition precedent to receiving an H-2A visa, employers must first obtain a labor certification from the Department of Labor. The labor certification provides that: (1) There are not sufficient U.S. workers who are able, willing, and qualified and who will be available at the time and place needed to perform the labor or services involved in the petition; and (2) the employment of the foreign worker(s) in such labor or services will not adversely affect the wages and working conditions of workers in the U.S. similarly employed. 8 U.S.C. 1101(a)(15)(H)(ii)(a), 1184(c)(1), and 1188(a); 8 CFR 214.2(h)(5); 20 CFR 655.100.

Adverse Effect Wage Rates for 2018

The Department's H-2A regulations at 20 CFR 655.122(l) provide that employers must pay their H-2A workers and workers in corresponding employment at least the highest of: (i) The AEWR; (ii) the prevailing hourly wage rate; (iii) the prevailing piece rate; (iv) the agreed-upon collective bargaining wage rate, if applicable; or (v) the Federal or State minimum wage rate, in effect at the time the work is performed.

Except as otherwise provided in 20 CFR part 655, subpart B, the region-wide AEWR for all agricultural employment (except for the herding or

production of livestock on the range, which is covered by 20 CFR 655.200-235) for which temporary H-2A certification is being sought is equal to the annual weighted average hourly wage rate for field and livestock workers (combined) in the State or region as published annually by the United States Department of Agriculture (USDA). 20 CFR 655.120(c) requires that the Administrator of the Office of Foreign Labor Certification publish the USDA field and livestock worker (combined) wage data as AEWRs in a **Federal Register** notice. Accordingly, the 2018 AEWRs to be paid for agricultural work performed by H-2A and U.S. workers on or after the applicable date of this notice are set forth in the table below:
