

- Schedule G is deleted. This schedule was used to collect comments. It is easier for respondents to provide comments when completing a schedule so the new form will collect comments after each section.

- A copy of Standard Contract (10 CFR 961.11) Appendix E *General Specifications* is added to the survey for the convenience of the respondents.

- The following terms have either been added or updated to match the definition prescribed by the Standard Contract; Canister, DOE Facility, Failed Fuel, Multi-Assembly Canister/Cask, Non-fuel Component Identifier, Non-standard Fuel and Reconstructed Assembly.

- DOE is changing Form GC-859 to collect information once every three years on a triennial basis. Reporting once every three years reduces respondent burden by permitting all new data for the multiyear period to be reported in one report.

- In response to a public comment on the 60-day **Federal Register** notice, the due date listed in Appendix A is changed to August 31, 2018, so it is consistent with the due date listed on the cover page.

(5) *Annual Estimated Number of Respondents*: 125.

(6) *Annual Estimated Number of Total Responses*: 42.

(7) *Annual Estimated Number of Burden Hours*: 3,747 hours.

(8) *Annual Estimated Reporting and Recordkeeping Cost Burden*: Additional costs to respondents are not anticipated beyond costs associated with response burden hours. The information is maintained in the normal course of business. The cost of the burden hours is estimated to be \$276,004 (3,747 burden hours times \$73.66 per hour). EIA estimates that there are no additional costs to respondents associated with the survey other than the costs associated with the burden hours.

Request for Nominations to the National and Governmental Advisory Committees to the U.S. Representative to the Commission for Environmental Cooperation

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of request for nominations.

SUMMARY: The U.S. Environmental Protection Agency (EPA) invites nominations from a diverse range of qualified candidates to be considered for appointment to the National Advisory Committee (NAC) and the Governmental Advisory Committee (GAC), to advise the U.S. Representative to the Commission for Environmental Cooperation (CEC). Vacancies on these two committees are expected to be selected by the spring of 2018. Please submit nominations by no later than February 16, 2018. Additional sources may be utilized in the solicitation of nominees.

SUPPLEMENTARY INFORMATION:

Background: The National Advisory Committee and the Governmental Advisory Committee advise the EPA Administrator in his capacity as the U.S. Representative to the CEC Council. The Committees are authorized under Articles 17 and 18 of the North American Agreement on Environmental Cooperation (NAAEC), and as directed by Executive Order 12915, entitled "Federal Implementation of the North American Agreement on Environmental Cooperation." The Committees are responsible for providing advice to the United States Representative on a wide range of strategic, scientific, technological, regulatory and economic issues related to implementation and further elaboration of the NAAEC. The National Advisory Committee consists of 15 representatives from environmental non-profit groups, business and industry, and educational institutions. The Governmental Advisory Committee consists of 14 representatives from state, local, and tribal governments. Members are appointed by the EPA Administrator for a two-year term. The committees usually meet 3 times per year and the average workload for committee members is approximately 10 to 15 hours per month. Members serve on the committees in a voluntary capacity.

Although we are unable to provide compensation or an honorarium for

your services, you may receive travel and per diem allowances, according to applicable federal travel regulations. EPA is seeking nominations from various sectors, *i.e.*, for the NAC we are seeking nominees from academia, business and industry, and non-governmental organizations; for the GAC we are seeking nominees from state, local and tribal government sectors. Nominees will be considered according to the mandates of FACA, which requires committees to maintain diversity across a broad range of constituencies, sectors, and groups. EPA values and welcomes diversity. In an effort to obtain nominations of diverse candidates, EPA encourages nominations of women and men of all racial and ethnic groups. The following criteria will be used to evaluate nominees:

- Professional knowledge of the subjects examined by the committees, including trade & environment issues, NAFTA, the NAAEC, and the CEC.

- Represent a sector or group involved in trilateral environmental policy issues.

- Senior-level experience in the sectors represented on both committees.

- A demonstrated ability to work in a consensus building process with a wide range of representatives from diverse constituencies.

- Nominees may self-nominate.

If you are interested in serving on the NAC or GAC, please submit the following information:

- Nominations must include a brief statement of interest, a resume or curriculum vitae, and a short biography describing your professional and educational qualifications, including a list of relevant activities and any current or previous service on advisory committees. The statement of interest, resume, curriculum vitae, or short biography should include the candidate's name, and name and address of current organization, position title, email address, and daytime telephone number(s). In preparing your statement of interest, please describe how your background, knowledge, and experience, will bring value to the work of the NAC or GAC, and how these qualifications will contribute to the overall diversity of the committees. Also, please describe any previous involvement with EPA through employment, grant funding, and/or contracting sources.

- Candidates from the academic and tribal sectors must also provide a letter of recommendation authorizing the nominee to represent their organization or Tribal government.

- Please be advised that federally registered lobbyists are not permitted to serve on federal advisory committees.
