

Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, FSIS will announce this **Federal Register** publication on-line through the FSIS web page located at: <http://www.fsis.usda.gov/federal-register>.

FSIS also will make copies of this publication available through the FSIS Constituent Update, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, and other types of information that could affect or would be of interest to our constituents and stakeholders. The Update is available on the FSIS web page. Through the web page, FSIS is able to provide information to a much broader, more diverse audience. In addition, FSIS offers an email subscription service which provides automatic and customized access to selected food safety news and information. This service is available at: <http://www.fsis.usda.gov/subscribe>. Options range from recalls to export information, regulations, directives, and notices. Customers can add or delete subscriptions themselves, and have the option to password protect their accounts.

SUPPLEMENTARY INFORMATION:

Background

The Codex was established in 1963 by two United Nations organizations, the Food and Agriculture Organization (FAO) and the World Health Organization (WHO). Through adoption of food standards, codes of practice, and other guidelines developed by its committees, and by promoting their adoption and implementation by governments, Codex seeks to protect the health of consumers and ensure that fair practices are used in the food trade.

The CCCF is responsible for:

- (a) Establishing or endorsing permitted maximum levels, and where necessary revising existing guideline levels for contaminants and naturally occurring toxicants in food and feed;
- (b) Preparing priority lists of contaminants and naturally occurring

toxicants for risk assessment by the Joint FAO/WHO Expert Committee on Food Additives (JECFA);

(c) Considering and elaborating methods of analysis and sampling for the determination of contaminants and naturally occurring toxicants in food and feed;

(d) Considering and elaborating standards or codes of practice for related subjects; and

(e) Considering other matters assigned to it by Codex in relation to contaminants and naturally occurring toxicants in food and feed.

The Committee is hosted by the Netherlands.

Issues To Be Discussed at the Public Meeting

The following items on the Agenda for the 12th Session of the CCCF will be discussed during the public meeting:

- Matters referred to the Committee by the Codex Alimentarius Commission and/or its subsidiary bodies
- Matters of interest arising from FAO and WHO (Including JECFA)
- Matters of interest arising from other international organizations
- Proposed draft and draft maximum levels of lead in selected commodities in the General Standard for Contaminants and Toxins in Food and Feed
- Proposed draft maximum levels for cadmium in chocolate and cocoa-derived products
- Proposed draft maximum levels for methylmercury in fish including associated sampling plans
- Proposed draft revision of the Code of practice for the prevention and reduction of dioxins and dioxin-like PCBs in food and feed
- Proposed draft Code of practice for the reduction of 3-monochloropropane-1,2-diol esters and glycidyl esters in refined oils and products made with refined oils, especially infant formula
- Proposed draft maximum level for total aflatoxins in ready-to-eat peanuts and associated sampling plan
- Proposed draft maximum levels for total aflatoxins and ochratoxin A in nutmeg, chili and paprika, ginger, pepper and turmeric and associated sampling plans
- Proposed draft guidelines for risk analysis of chemicals inadvertently present in food at low levels
- Discussion paper on maximum levels for hydrocyanic acid in cassava and cassava-based products and mycotoxin contamination in these products
- Discussion paper on future work on maximum levels for lead for inclusion

in the General Standard for Contaminants and toxins in Food and Feed

- Discussion paper on aflatoxins and sterigmatocystin contamination in cereals
- Discussion paper on the development of a Code of Practice for the prevention and reduction of cadmium contamination in cocoa
- Priority list of contaminants and naturally occurring toxicants for evaluation by JECFA
- Other business and future work

Each issue listed will be fully described in documents distributed, or to be distributed, by the Secretariat before the Meeting. Members of the public may access or request copies of these documents (see **ADDRESSES**).

Public Meeting

At the February 22, 2018 public meeting, draft U.S. positions on the agenda items will be described, discussed, and attendees will have the opportunity to pose questions and offer comments. Written comments may be offered at the meeting or emailed to Dr. Lauren Posnick Robin (see **ADDRESSES**). Written comments should state that they relate to activities of the 12th Session of the CCCF.
