

program for that portion of the limited entry trawl fishery under the Pacific Coast Groundfish Fishery Management Plan whose permits, excluding those registered to whiting catcher-processors, are endorsed for trawl gear operation (reduction fishery).

The reduction program's objective was to reduce the number of vessels and permits endorsed for the operation of groundfish trawl gear. The program also involved corollary fishing capacity reduction in the California, Oregon, and Washington fisheries for Dungeness crab and pink shrimp and the sub-loans for these state fisheries have all been repaid.

NMFS proposed the implementing notice on May 28, 2003 (68 FR 31653) and published the final notice on July 18, 2003 (68 FR 42613). NMFS allocated \$28,428,719 reduction loan to the groundfish fishery. The allocation became a reduction loan repayable by fees from the groundfish fishery.

NMFS published in the **Federal Register** on July 13, 2005 (70 FR 40225), the final rule to implement the industry fee system for repaying the program's reduction loan. The regulations implementing the program are located at § 600.1012 of 50 CFR part 600, subpart M. On August 8, 2005, NMFS published in the **Federal Register** (70 FR 45695) a notice of the fee effective date and established September 8, 2005, as the effective date when fee collection and loan repayment began.

II. Purpose

The purpose of this notice is to adjust, in accordance with the framework rule's § 600.1013(b), the fee rate for the groundfish fishery. Section 600.1013(b) directs NMFS to recalculate the fee rate that will be reasonably necessary to ensure reduction loan repayment within the specified 30-year term. NMFS has determined that the current fee rate of 5.0 percent for the groundfish fishery is projected to collect more than the annual amortization amount needed for 2018. Therefore, NMFS is decreasing the fee rate to 4.5 percent for all landings beginning January 1, 2018. As of November 24, 2017, the outstanding balance on the groundfish fishery sub-loan was \$22,628,122.29.

Fish buyers may continue to disburse collected fee deposits to NMFS by using www.pay.gov or mail payments to our lockbox. Our lockbox's address is: NOAA Fisheries Pacific Coast Groundfish Buyback, P.O. Box 979059, St. Louis, MO 63197-9000. Fish buyers must include the fee collection report with the fee payment. Fish buyers using www.pay.gov will find an electronic fee collection report form. Fish buyers not

using www.pay.gov may also access the NMFS website for a copy of the fee collection report at: http://www.nmfs.noaa.gov/mb/financial_services/docs/pacific_coast_groundfish_buyback_loan_fee_collection_report.pdf.

III. Notice

The new 4.5 percent fee rate for the groundfish fishery will begin for all landings starting January 1, 2018. From and after this date, all groundfish program fish sellers paying fees fishery shall begin paying groundfish program fees at the revised rate. From and after this date, all fees received by NMFS for the groundfish fishery shall be subject to the new fee rates regardless of the applicable fee month. The first due date for fee payments with the decreased rate will be February 14, 2018.

Fee collection and submission shall follow previously established methods in § 600.1013 of the framework rule and in the final fee rule published in the **Federal Register** on July 13, 2005 (70 FR 40225).
