

Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Pacific Islands Region Vessel and Gear Identification Requirements.

OMB Control Number: 0648–0360.

Form Number(s): None.

Type of Request: Regular (extension of a currently approved information collection).

Number of Respondents: 339.

Average Hours per Response: Vessel-marking for all but purse seine vessels: 45 minutes; purse seine vessels, 75 minutes; gear-marking, 5 minutes per piece of gear.

Burden Hours: 2,348.

Needs and Uses: This request is for extension of a currently approved information collection.

Regulations at 50 CFR 665.16 require that all U.S. vessels with Federal permits fishing for Western Pacific fishery management unit species display identification markings on the vessel and gear, as specified in 50 CFR 665 and 50 CFR 300. Vessels registered for use with a permit issued under Subparts B through E and Subparts G through I of 50 CFR 665, must display the vessel's official number on both sides of the deckhouse or hull, and on an appropriate weather deck. Vessels fishing for highly migratory species in the Western and Central Pacific Fisheries Commission (WCPFC) Convention Area must comply with the regulations at 50 CFR 300.217. These regulations require that vessels must display their international radio call sign on both sides of the deckhouse or hull, and on an appropriate weather deck, unless specifically exempted. Regulations at 50 CFR 300.35 require that vessels fishing under the South Pacific Tuna Treaty must display their international radio call sign on the hull, the deck, and on the sides of auxiliary equipment such as skiffs and helicopters. The numbers must be a specific size at specified locations. The display of the identifying numbers aids in fishery law enforcement.

Western Pacific fisheries regulations at 50 CFR 665.128, 665.228, 665.428, 665.628, and 665.804 require that certain fishing gear must be marked. In the pelagic longline fisheries, the vessel operator must ensure that the official number of the vessel is affixed to every longline buoy and float. In the coral reef ecosystem fisheries, the vessel number must be affixed to all fish and crab traps. The marking of gear links fishing or other activity to the vessel, aids law enforcement, and is valuable in actions concerning the damage, loss of gear, and civil proceedings.

Affected Public: Business or other for-profit organizations; individuals or households.

Frequency: Annually or on occasion.

Respondent's Obligation: Mandatory.

This information collection request may be viewed at *reginfo.gov*. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to *OIRA_Submission@omb.eop.gov* or fax to (202) 395–5806.

Dated: December 21, 2017.

Sarah Brabson,

NOAA PRA Clearance Officer.

National Oceanic and Atmospheric Administration

RIN 0648–XF923

Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Pacific Fishery Management Council's (Pacific Council) Highly Migratory Species Management Team (HMSMT) will hold a meeting, which is open to the public.

DATES: The meeting will be held Monday, January 22, 2018 to Wednesday, January 24, 2018, and will start at 8:30 a.m. and continue until business is concluded on each day.

ADDRESSES: The meeting will be held at the Glenn M. Anderson Federal Building, 501 W. Ocean Blvd., Long Beach, CA 90802, on the Third Floor in Room 3400. Visitors need to present photo ID and pass through electronic security equipment to enter the building. There is no visitor parking available in the building for the general public. Metered street parking is nearby. Commercial parking lots are within walking distance to the building.

Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220.

FOR FURTHER INFORMATION CONTACT: Dr. Kit Dahl, Pacific Council; telephone: (503) 820–2422.

SUPPLEMENTARY INFORMATION: The purpose of the HMSMT meeting is to finalize a preliminary analysis of the range of alternatives for authorizing a fishery using deep-set buoy gear adopted by the Pacific Council in September 2017. The HMSMT will provide the draft analysis at the Pacific Council's March 2018 meeting. At that meeting the Council is scheduled to further refine the alternatives as needed and adopt a preliminary preferred alternative, if possible. The HMSMT may also discuss updates to the HMS Stock Assessment and Fishery Evaluation document and HMS-related matters scheduled on future Council agendas.

Although non-emergency issues not contained in the meeting agenda may be discussed, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Kris Kleinschmidt (503) 820–2411 at least 10 business days prior to the meeting date.

Dated: December 20, 2017.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
