Note 35(c) to subchapter XXII of HTS chapter 98 provides duty-free treatment for certain sugar goods of Panama entered under subheading 9822.09.17 in an amount equal to the lesser of Panama's trade surplus or the specific quantity set out in that note for that calendar year.

During CY 2016, the most recent year for which data is available, Panama's imports of the sugar and syrup goods and sugar-containing products described above exceeded its exports of those goods by 705 metric tons according to data published by the National Institute of Statistics and Census, Office of the General Comptroller of Panama. Based on this data, USTR has determined that Panama's trade surplus is negative. Therefore, in accordance with U.S. Note 35(c) to subchapter XXII of HTS chapter 98, goods of Panama are not eligible to enter the United States duty-free under subheading 9822.09.17 in CY 2018.

In order to ensure a timely and consistent process for Paperwork Reduction Act compliance, the Federal Aviation Administration is proposing to develop a Generic Information Collection Request to be utilized for Customer Interactions that support the Agency's mission.

Customer Interactions can support the Federal Aviation Administration's mission by allowing the Agency to collect qualitative and quantitative data that can help inform scientific research; aviation assessments and monitoring efforts; validate models or tools; and enhance the quantity and quality of data collected across communities. Customer Interactions also create an avenue to incorporate local knowledge and needs, and can contribute to increased data sharing, open data, and government transparency. [Docket No. FAA-2017-1197; Notice of Availability Docket No. 17-AEA-25]

Notice of Availability of Categorical Exclusion and Record of Decision (CATEX/ROD) for LGA RNAV (GPS) Runway 13 Procedure

AGENCY: Federal Aviation Administration, (FAA), DOT.

ACTION: Notice of availability.

SUMMARY: The FAA, Eastern Service Area is issuing this notice to advise the public of the availability of the Categorical Exclusion/Record of Decision (CATEX/ROD) for the LaGuardia Airport (LGA) RNAV (GPS) Runway 13 (RWY 13) procedure. The FAA reviewed the action and determined it to be categorically excluded from further environmental documentation.

FOR FURTHER INFORMATION CONTACT: Mr. Ryan W. Almsy, Federal Aviation Administration, Operations Support Group, Eastern Service Center, 1701 Columbia Avenue, College Park, Georgia

30337, (404) 305-5601 or http://www.faa.gov/air_traffic/environmental_issues/.

SUPPLEMENTARY INFORMATION: The LGA RNAV (GPS) RWY 13 procedure provides a de-conflicted approach procedure when weather or winds require LGA to land RWY 13. Without this procedure, when the weather minimums fall below 1,500 feet, and 3-mile visibility and use of an ILS is required, Newark (EWR), Teterboro (TEB), and LGA cannot operate at the same time. Traffic at one of the three airports must be stopped to permit the other two airports to operate. The FAA is proposing to use the RNAV procedure for approximately 1,500 operations annually (0.8 percent of all LGA landings) to de-conflict the New York metro airspace. The FAA reviewed the action and determined it to be categorically excluded from further environmental documentation according to FAA Order 1050.1F, Environmental Impacts: Policies and Procedures. The applicable categorical exclusion is section 5-6.5(i).

Issued in College Park, Georgia, on December 15, 2017.

Manager, Operations Support Group, Eastern Service Center, Air Traffic Organization.

An electronic copy of this document may be downloaded from the **Federal Register's** home page at: <http://www.archives.gov> and the Government Publishing Office's database at: <http://www.access.gpo.gov/nara>. Comments may be submitted to FHWA's Buy America website for this waiver at: <https://www.fhwa.dot.gov/construction/contracts/waivers.cfm?id=150>.

Background

The FHWA's Buy America policy in 23 CFR 635.410 requires a domestic manufacturing process for any steel or iron products (including protective coatings) that are permanently incorporated in a Federal-aid construction project. The regulation also provides for a waiver of the Buy America requirements when satisfactory quality domestic steel and iron products are not sufficiently available (non-availability). This notice provides information regarding FHWA's finding that a Buy America waiver is appropriate for iron and steel components of eight RMG cranes that will be procured by GPA to increase intermodal capacity at the Garden City Terminal in Garden City, Georgia, due to non-availability.

On November 20, 2017, FHWA issued a Buy America waiver for 33
