V. Accelerated Approval of Proposed Rule Change, as Modified by Amendment No. 1

The Commission finds good cause to approve the proposed rule change, as modified by Amendments No. 1 and No. 3, prior to the 30th day after the date of publication of notice of Amendment No. 1 in the **Federal Register**.²⁸ Amendment No. 1 does not expand the structure of the proposed rule change as it was previously published for notice and comment; Amendment No. 1 supplements the proposal by, among other things, limiting the amount of listed options held by the Fund that are listed on a non-ISG/CSSA market and expanding the continued listing requirements applicable to the Shares. These changes helped the Commission to evaluate the Shares' susceptibility to manipulation, and determine that the listing and trading of the Shares would be consistent with the protection of investors and the public interest. Accordingly, the Commission finds good cause, pursuant to Section 19(b)(2)

of the Exchange Act,²⁹ to approve the proposed rule change, as modified by Amendments No. 1 and No. 3, on an accelerated basis.

VI. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Exchange Act,³⁰ that the proposed rule change (SR-NYSEArca-2017-107), as modified by Amendments No. 1 and No. 3, be, and it hereby is, approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.³¹

Assistant Secretary.

Rule 6.4. Minimum Increments for Bids and Offers

The Board of Directors may establish minimum quoting increments for options traded on the Exchange. When the Board of Directors determines to change the minimum increments, the Exchange will designate such change as a stated policy, practice, or interpretation with respect to the administration of this Rule within the meaning of subparagraph (3)(A) of subsection 19(b) of the Exchange Act and will file a rule change for effectiveness upon filing with the Commission. Until such time as the Board of Directors makes a change to the minimum increments, the following minimum increments shall apply to options traded on the Exchange:

(1) No change.

(2) No change.

(3) The decimal increments for bids and offers for all series of the option classes participating in the Penny Pilot Program are: \$0.01 for all option series quoted below \$3 (including LEAPS), and \$0.05 for all option series \$3 and above (including LEAPS). For QQQQs, IWM, and SPY, the minimum increment is \$0.01 for all option series. The Exchange may replace any option class participating in the Penny Pilot Program that has been delisted with the next most actively-traded, multiply-listed option class, based on national average daily volume in the preceding six calendar months, that is not yet included in the Pilot Program. Any replacement class would be added on the second trading day following [July 1, 2017]/*January 1, 2018*. The Penny Pilot shall expire on [December 31, 2017]/*June 30, 2018*. Also, for so long as SPDR options (SPY) and options on Diamonds (DIA) participate in the Penny Pilot Program, the minimum increments for Mini-SPX Index Options (XSP) and options on the Dow Jones Industrial Average (DJX), respectively, may be \$0.01 for all option series quoting less than \$3 (including LEAPS), and \$0.05 for all option series quoting at \$3 or higher (including LEAPS).

²⁸ As noted above, Amendment No. 2 is not subject to notice and comment. See *supra* note 6.

(4) No change.

The text of the proposed rule change is also available on the Exchange's website (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Penny Pilot Program (the "Pilot Program") is scheduled to expire on December 31, 2017. The Exchange proposes to extend the Pilot Program until June 30, 2018. The Exchange believes that extending the Pilot Program will allow for further analysis of the Pilot Program and a determination of how the Pilot Program should be structured in the future.

During this extension of the Pilot Program, the Exchange proposes that it may replace any option class that is currently included in the Pilot Program and that has been delisted with the next most actively traded, multiply listed option class that is not yet participating in the Pilot Program ("replacement class"). Any replacement class would be determined based on national average daily volume in the preceding six months,⁵ and would be added on the second trading day following January 1, 2018. The Exchange will announce to its Trading Permit Holders by circular any replacement classes in the Pilot Program. The Exchange notes that it intends to utilize the same parameters to

select prospective replacement classes as was originally approved.

The Exchange is specifically authorized to act jointly with the other options exchanges participating in the Pilot Program in identifying any replacement class.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁶ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁷ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitation transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁸ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers. In particular, the proposed rule change allows for an extension of the Pilot Program for the benefit of market participants.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

Specifically, the Exchange believes that, by extending the expiration of the Pilot Program, the proposed rule change will allow for further analysis of the Pilot Program and a determination of how the Program should be structured in the future. In doing so, the proposed rule change will also serve to promote regulatory clarity and consistency, thereby reducing burdens on the marketplace and facilitating investor protection. In addition, the Exchange has been authorized to act jointly in extending the Pilot Program and

believes the other exchanges will be filing similar extensions.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act⁹ and Rule 19b-4(f)(6) thereunder.¹⁰ Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹¹ and Rule 19b-4(f)(6)(iii) thereunder.

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative prior to 30 days after the date of the filing.¹² However, pursuant to Rule 19b-4(f)(6)(iii),¹³ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because doing so will allow the Pilot Program to continue without interruption in a manner that is consistent with the Commission's prior approval of the extension and expansion of the Pilot Program and will allow the Exchange and the Commission additional time to analyze the impact of

¹¹ 15 U.S.C. 78s(b)(3)(A).

¹² 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change along with a brief description and the text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this pre-filing requirement.

⁵ The month immediately preceding a replacement class's addition to the Pilot Program (*i.e.*, December) would not be used for purposes of the six-month analysis. Thus, a replacement class to be added on the second trading day following January 1, 2018 would be identified based on The Option Clearing Corporation's trading volume data from June 1, 2017 through November 30, 2017.

the Pilot Program.¹⁴ Accordingly, the Commission designates the proposed rule change as operative upon filing with the Commission.¹⁵

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹⁶ of the Act to determine whether the proposed rule change should be approved or disapproved.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-82398; File No. SR-CBOE-2017-070]

Self-Regulatory Organizations; Cboe Exchange, Inc.; Order Approving a Proposed Rule Change To Amend Rule 6.56 To Include Procedures for Multi-Leg Positions

December 22, 2017.

I. Introduction

On November 3, 2017, the Cboe Exchange, Inc. ("Exchange" or "Cboe Options") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule to amend Rule 6.56 (Compression Forums) to include procedures for multi-leg positions. The proposed rule change was published for comment in the **Federal Register** on November 22, 2017.³ The Commission did not receive any comment letters on

the proposed rule change. This order approves the proposed rule change.

II. Description of the Proposed Rule Change

As described in more detail in the Notice,⁴ the Exchange proposes to amend its SPX Compression Forum procedures set forth in Cboe Rule 6.56, primarily to authorize the Exchange to include information on hypothetical multi-leg positions constructed from the single series voluntarily submitted by Trading Permit Holders ("TPHs"). Specifically, in addition to the information Cboe Options currently provides on single series interest, the Exchange now also will generate a list, using the individual series of SPX options submitted by TPHs, of all possible multi-leg positions based on the three option strategies specified in Rule 6.56—vertical call spreads, vertical put spreads, and box spreads.⁵

In addition to listing hypothetical multi-leg positions with offsetting interest in the compression-list position file, the Exchange also will provide to each TPH that submitted compression-list positions, a new individualized multi-leg position file that includes: (a) A complete list of all possible combinations of offsetting multi-leg positions that are composed of series the individual TPH submitted as part of a compression-list position; (b) a unique identification number for each multi-leg position ("PID") that would enable the TPH to identify particular multi-leg positions; (c) the series that make up the multi-leg position; and (d) the offsetting size of the multi-leg position against other TPHs on an individualized and anonymous basis.⁶ TPHs would be able to give the Exchange permission to share their identity with the contra-party for a particular multi-leg position, and vice-versa, provided that both parties have agreed to reveal their identities.⁷

Finally, Exchange will extend the hours for submitting compression-list positions from 3:15pm to 4:30pm Chicago time.⁸

⁵ *Id.* at 55667. The Exchange represents that its "provision of the list does not constitute advice, guidance, a commitment to trade, an execution, or a recommendation to trade." See *id.* Furthermore, the Exchange notes that TPHs determine whether to submit compression-list positions, whether to participate in the compression forum, and whether to represent orders on the trading floor.

⁶ *Id.* at 55671.

⁷ *Id.* at 55673. The disclosure of the TPH's identity would be done on a multi-leg position by multi-leg position basis, as referenced by the PID.
