Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

*Total Annual Burden:* 69,883 hours.

*Total Annual Cost:* No Cost.

*Needs and Uses:* In a Second Report and Order released on August 13, 2014, FCC 14–118, published at 79 FR 55367, September 16, 2014, the Commission adopted final rules—containing information collection requirements—to enable the Commission to implement text-to-911 service. The text-to-911 rules provide enhanced access to emergency services for people with disabilities and fulfilling a crucial role as an alternative means of emergency communication for the general public in situations where sending a text message to 911 as opposed to placing a voice call could be vital to the caller's safety. The Second Report and Order adopted rules to

commence the implementation of text-to-911 service with an initial deadline of December 31, 2014 for all covered text providers to be capable of supporting text-to-911 service. The Second Report and Order also provided that covered text providers would then have a six-month implementation period. They must begin routing all 911 text messages to a Public Safety Answering Point (PSAP) by June 30, 2015 or within six months of a valid PSAP request for text-to-911 service, whichever is later. To implement these requirements, the Commission seeks to collect information primarily for a database in which PSAPs voluntarily register that they are technically ready to receive text messages to 911. As PSAPs become text-ready, they may either register in the PSAP database (or submit a notification to PS Docket Nos. 10–255 and 11–153), or provide other written notification reasonably acceptable to a covered text messaging provider. Either measure taken by the PSAP constitutes sufficient notification pursuant to the rules in the Second Report and Order. PSAPs and covered text providers may also agree to an alternative implementation timeframe (other than six months). Covered text providers must notify the FCC of the dates and terms of any such alternate timeframe within 30 days of the parties' agreement. Additionally, the rules adopted by the Second Report and Order include other information collections for third party notifications necessary for the implementation of text-to-911, including notifications to consumers, covered text providers, and the Commission. These notifications are essential to ensure that all affected parties are aware of the limitations, capabilities, and status of text-to-911 services. These information collections enable the Commission to meet the objectives for implementation of text-to-911 service and for compliance by covered text providers with the six-month implementation period in furtherance of the Commission's core mission to ensure the public's safety.

#### SUPPLEMENTARY INFORMATION:

Proposal to renew the following currently approved collections of information:

1. *Title:* Uniform Application and Termination Notice for Municipal Securities Principal or Representative Associated with a Bank Municipal Securities Dealer.

*OMB Number:* 3064–0022.

*Form Number:* MSD–4 and MSD–5

*Affected Public:* Individuals and Insured state nonmember banks and state savings associations.

*Burden Estimate:*

Source and burden type	Number of respondents	Annual frequency	Total responses	Average time per response (minutes)	Estimated annual burden (hours)
Form MSD-4 Reporting .....	2	On Occasion .....	2	60	2
Form MSD-5 Reporting .....	2	On Occasion .....	2	15	0.5
<b>Total Estimated Annual Burden .....</b>					<b>2.5</b>

There is no change in the method or substance of the collection. The overall reduction in burden hours is a result of economic fluctuation. In particular, the number of respondents has decreased while the reporting frequency and the estimated time per response remain the same.

*General Description of Collection:* The 1975 Amendments to the Securities Exchange Act of 1934 established a comprehensive framework for the regulation of the activities of municipal securities dealers. Under Section 15B(a) of the Securities Exchange Act, municipal securities dealers which are banks, or separately identifiable departments or divisions of banks engaging in municipal securities activities, are required to be registered with the Securities and Exchange Commission in accordance with such rules as the Municipal Securities Rulemaking Board (MSRB), a rulemaking authority established by the 1975 Amendments, may prescribe as

necessary or appropriate in the public interest or for the protection of investors.

One of the areas in which the Act directed the MSRB to promulgate rules is the qualifications of persons associated with municipal securities dealers as municipal securities principals and municipal securities representatives. The MSRB Rules require persons who are or seek to be associated with municipal securities dealers as municipal securities principals or municipal securities representatives to provide certain background information and conversely, require the municipal securities dealers to obtain the information from such persons. Generally, the information required to be furnished relates to employment history and professional background including any disciplinary sanctions and any claimed bases for exemption from MSRB examination requirements.

The FDIC and the other two Federal bank regulatory agencies, the

Comptroller of the Currency, and the Federal Reserve Board, have prescribed Forms MSD-4 to satisfy these requirements and have prescribed Form MSD-5 for notification by a bank municipal securities dealer that a municipal securities principal's or a municipal securities representative's association with the dealer has terminated and the reason for such termination. State nonmember banks and state savings associations that are municipal security dealers submit these forms, as applicable, to the FDIC as their appropriate regulatory agency for each person associated with the dealer as a municipal securities principal or municipal securities representative.

2. *Title:* Request for Deregistration for Registered Transfer Agents.

*OMB Number:* 3064-0027

*Form Number:* 6342/12

*Affected Public:* Insured state nonmember banks and state savings associations.

*Burden Estimate:*

Source and burden type	Number of respondents	Annual frequency	Total responses	Average time per response	Estimated annual burden (hours)
Form 6342/12 Reporting .....	1	On Occasion .....	1	0.42	0.42

There is no change in the method or substance of the collection. There is an overall reduction in burden hours which is the result of (1) economic fluctuation reflected by a decrease in the number of FDIC-supervised institutions and (2) a decrease in the number of requests for deregistration of a registered transfer agent forms submitted to the FDIC.

*General Description of Collection:* Under the Securities Exchange Act of 1934 (15 U.S.C. 78q-1), an insured nonmember bank (or a subsidiary of such a bank) that functions as a transfer agent may withdraw from registration as a transfer agent by filing a written notice of withdrawal with the FDIC. The FDIC requires such banks to file FDIC Form 6342/12 as the written notice of withdrawal.

*Request for Comment:* Comments are invited on: (a) Whether the collections of information are necessary for the proper performance of the FDIC's functions, including whether the information has practical utility; (b) the accuracy of the estimates of the burden of the information collections, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collections of information on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.

Dated at Washington, DC, on December 22, 2017.
