Fine Denier Polyester Staple Fiber From the People’s Republic of China: Preliminary Affirmative Determination of Sales at Less Than Fair Value, Postponement of Final Determination, and Extension of Provisional Measures

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) preliminarily determines that fine denier polyester staple fiber (fine denier PSF) from the People’s Republic of China (PRC) is being, or is likely to be sold in the United States at less than fair value (LTFV). The period of investigation (POI) is October 1, 2016, through March 31, 2017.

FOR FURTHER INFORMATION CONTACT: Edythe Arman or John McGowan, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3931 or (202) 482–3019, respectively.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 733(b) of the Tariff Act of 1930, as amended (the Act). The Department published the notice of initiation of this investigation on June 28, 2017.1 On October 24, 2017, the Department postponed the preliminary determination of this investigation and the revised deadline is now December 18, 2017.2 For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum.3 A list of topics included in the Preliminary Decision

3 See Memorandum, “Decision Memorandum for the Preliminary Determination in the Less-Than-Fair-Value Investigation of Fine Denier Polyester Staple Fiber from the People’s Republic of China,” dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).

Scope of the Investigation

The product covered by this investigation is fine denier PSF from the PRC. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

In accordance with the preamble to the Department’s regulations,4 the Initiation Notice set aside a period of time for parties to raise issues regarding product coverage (i.e., scope).5 Certain interested parties commented on the scope of the investigation as it appeared in the Initiation Notice. For a summary of the product coverage comments and rebuttal responses submitted to the record for this preliminary determination, and accompanying discussion and analysis of all comments timely received, see the Preliminary Scope Decision Memorandum.6 The Department is preliminarily modifying the scope language as it appeared in the Initiation Notice. See the revised scope in Appendix I to this notice.

Methodology

The Department is conducting this investigation in accordance with section 731 of the Act. The Department has calculated export prices and constructed export prices in accordance with section 772(a) of the Act. Because the PRC is a non-market economy within the meaning of section 771(18) of the Act, normal value (NV) was calculated in accordance with section 773(c) of the

Act. For a full description of the methodology underlying the preliminary determination, see the Preliminary Decision Memorandum. Calculate producer/exporter combination rates for the respondents that are eligible for a separate rate in this investigation. Policy Bulletin 05.1 describes this practice.9

### Combination Rates

In the *Initiation Notice,* the Department stated that it would calculate producer/exporter combination rates for the respondents that are eligible for a separate rate in this investigation. Policy Bulletin 05.1 describes this practice.9

### Suspension of Liquidation

In accordance with section 733(d)(2) of the Act, the Department will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise, as described in Appendix I, entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in

the Federal Register. Further, pursuant to section 733(d)(1)(B) of the Act and 19 CFR 351.205(d), the Department will instruct CBP to require a cash deposit 12 equal to the weighted-average amount by which NV exceeds U.S. price, adjusted where appropriate for export subsidies,13 as follows: (1) For the producer/exporter combinations listed in the above table, the cash deposit rate for the exporter/producer combinations listed in the table above will be the rate the Department determines in this preliminary determination; (2) for all combinations of PRC exporters/ producers of merchandise under consideration that have not established eligibility for their own separate rates, the cash deposit rate will be the cash deposit rate established for the PRC-wide entity; and (3) for all non-PRC exporters of merchandise under consideration which have not received their own separate rate above, the cash deposit rate will be the cash deposit rate applicable to the PRC exporter/producer combination that supplied that non-PRC exporter.

To determine the cash deposit rate, the Department normally adjusts the estimated weighted-average dumping margin by the amount of domestic subsidy pass-through and export subsidies determined in a companion CVD proceeding when CVD provisional measures are in effect. Accordingly, where the Department has made a preliminary affirmative determination for domestic subsidy pass-through or export subsidies, the Department has offset the calculated estimated weighted-average dumping margin by the appropriate rate(s). Rates adjusted for export subsidies may be found in the Preliminary Determination section’s chart of estimated weighted-average dumping margins above.

As stated previously, we will adjust cash deposit rates by the amount of export subsidies, where appropriate. In the companion CVD investigation, Hailun was also a mandatory respondent and received a calculated export subsidy rate of 10.54 percent, and, thus, we will offset the calculated rate for Hailun by 10.54 percent. Huahong was also a mandatory responding in the companion CVD investigation and received a calculated export subsidy rate of 10.60 percent, and, thus, we will offset the calculated rate for the Huahong by 10.60 percent. For the separate rate companies, which were not mandatory respondents in the companion CVD investigation, we will offset the calculated rate for each of the companies by 10.57 percent, the average of the export subsidy rates for the two mandatory respondents in the companion CVD investigation. Finally, we are adjusting the cash deposit rate for the PRC-wide entity by 10.54 percent, the lowest adjustment for any party in the companion CVD investigation.14

Pursuant to 777A(f) of the Act, we also intend to adjust preliminary cash deposit rates for estimated domestic subsidy pass-through, where appropriate. We will make these adjustments after analysis of responses to a double-remedy questionnaire, which we issued to Hailun and Huahong on December 12, 2017. Should provisional measures in the companion CVD investigation expire prior to the expiration of provisional measures in this LTFV investigation, the Department will direct CBP to begin collecting cash deposits at a rate equal to the estimated weighted-average dumping margins calculated in this preliminary determination unadjusted for export subsidies at the time the CVD provisional measures expire. These suspension of liquidation instructions will remain in effect until further notice.

Disclosure

The Department intends to disclose its calculations and analysis performed to interested parties in this preliminary determination within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Verification

As provided in section 782(i) of the Act, the Department intends to verify information relied upon in making its final determination.

Public Comment

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the final verification report is issued in this proceeding, unless the Secretary alters the time limit. Rebuttal briefs, limited to issues raised in case briefs, may be submitted no later than five days after the deadline for case briefs.15 Pursuant to 19 CFR 351.309(c)(2) and (d)(2), parties who submit case briefs or rebuttal briefs in this investigation are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request for a hearing to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice. Requests should contain the party’s name, address, and telephone number, the number of participants, whether any participant is a foreign national, and a list of the issues to be discussed. If a request for a hearing is made, the Department intends to hold the hearing at the U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, at a time and date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

All documents must be filed electronically using ACCESS. An electronically-filed request must be received successfully in its entirety by ACCESS no later than 5:00 p.m. Eastern Time on the established due date.

Postponement of Final Determination and Extension of Provisional Measures

Section 735(a)(2) of the Act provides that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by the petitioner. Section 351.210(e)(2) of the Department’s regulations requires that a request by exporters for postponement of the final antidumping determination be accompanied by a request for extension of provisional measures from a four-month period to a period not more than six months in duration.

12 See Modification of Regulations Regarding the Practice of Accepting Bonds During the Provisional Measures Period in Antidumping and Countervailing Duty Investigations, 76 FR 61042 (October 3, 2011).

13 See section 772(c)(1)(C) of the Act. Unlike in administrative reviews, the Department does not calculate the adjustment for export subsidies in investigations in the margin calculation program, but in the cash deposit instructions issued to CBP. See, e.g., Notice of Final Determination of Sales at Less Than Fair Value, and Negative Determination of Critical Circumstances: Certain Lined Paper Products from India, 71 FR 45012 (August 8, 2006), and accompanying Issues and Decision Memorandum at Comment 1.

14 See Preliminary Decision Memorandum.

15 See 19 CFR 351.309; see also 19 CFR 351.303 (for general filing requirements).
On November 10 and December 12, 2017, the petitioners and the respondents, respectively, requested that the Department postpone the final determination and extend provisional measures from four months to six months. In accordance with section 733(f)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii), because: (1) Our preliminary determination is affirmative; (2) the requesting exporter accounts for a significant proportion of imports of the subject merchandise; and (3) no compelling reasons for denial exist, the Department is postponing the final determination and extending the provisional measures from a four-month period to a period not greater than six months. Accordingly, we will make our final determination no later than 135 days after the date of publication of this preliminary determination.

International Trade Commission Notification

In accordance with section 733(f) of the Act, the Department will notify the International Trade Commission (ITC) of its preliminary determination. If the ITC determines that the Department has made its preliminary determination in accordance with law, the ITC will make its final determination no later than 135 days after the date of this preliminary determination or 45 days after the date of publication of this final determination is affirmative, if the Department has made a final determination. If the Department’s final determination is negative, the ITC will not be notified.

Notification to Interested Parties

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.205(c).

Dated: December 18, 2017.

Gary Taverman,
Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigation

The merchandise covered by this investigation is fine denier polyester staple fiber (fine denier PSF), not carded, combed, or pre-opened, measuring less than 3.3 denier (3 denier) in diameter. The scope covers all fine denier PSF, whether coated or uncoated. The following products are excluded from the scope:

1. PSF equal to or greater than 3.3 decitex (more than 3 denier, inclusive) currently classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 5503.20.0045 and 5503.20.0065.
2. Low-melt PSF defined as a bi-component polyester fiber having a polyester fiber component that melts at a lower temperature than the other polyester fiber component, which is currently classifiable under HTSUS subheading 5503.20.0015.
3. Fine denier PSF is classifiable under the HTSUS subheading 5503.20.0025. Although the HTSUS subheadings are provided for convenience and customs purposes, the write-up of the scope of this investigation is dispositive.
