## **NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES**

### **30-Day Notice for the "Acknowledgment of Rights-Holder for Literature: Translation Projects Applications"**

**AGENCY:** National Endowment for the Arts.

**ACTION:** Notice of submission for OMB review; comment request.

**SUMMARY:** The National Endowment for the Arts (NEA) has submitted the following public information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995: "*Acknowledgment of Rights-Holder for Literature: Translation Projects Applications*." Copies of this ICR, with applicable supporting documentation, may be obtained by visiting [www.Reginfo.gov](http://www.Reginfo.gov).

**DATES:** Comments should be sent to OMB's Office of Information and Regulatory Affairs within thirty days of this publication in the **Federal Register**.

**ADDRESSES:** Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for the National Endowment for the Arts, Office of Management and Budget, Room 10235, Washington, DC 20503 (202/395-4718).

**FOR FURTHER INFORMATION CONTACT:** Jillian Miller, Director of Guidelines and Panel Operations, National Endowment for the Arts, at [millerj@arts.gov](mailto:millerj@arts.gov) or 202/682-5504.

**SUPPLEMENTARY INFORMATION:** The NEA's Literature: Translation Projects program gives grants to translators of previously written works which may be protected by copyright. The NEA typically requires that these applicants obtain from the publisher the affirmative "right to translate" the work (or, in cases that do not apply to this request that the work be in the public domain). Some publishers, due to industry standard practices, have refused to provide applicants with the "right to translate" but do not object to the work being translated. In order to ensure that these otherwise qualified applicants are eligible, the NEA proposes to use this form in which a non-applicant rights-holder affirmatively acknowledges and approves of the applicant's project.

*Title of Collection:* Acknowledgement of Rights-Holder for Literature: Translation Projects Applications.

*Type of Review:* Regular.

*Affected Public:* Individuals.

*Total Estimated Number of Respondents Across All Three Years:* 300.

*Total Estimated Number of Annual Respondents:* 100.

*Estimated Time per Respondent:* 1 hour.

*Total Annual Burden Hours:* 100.

*Total Annualized Capital/Startup Costs:* 0.

*Total Annual Costs (Operating/Maintaining Systems or Purchasing Services):* 0.

*Request for Comments:* Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. The OMB is particularly interested in comments which: (1.) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2.) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (3.) Enhance the quality, utility and clarity of the information to be collected; (4.) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses; and (5.) Estimate the capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information; and to transmit or otherwise disclose the information.

Dated: January 5, 2018.

**Jillian Miller,**

*Director, Office of Guidelines and Panel Operations, Administrative Services, National Endowment for the Arts.*

## **NUCLEAR REGULATORY COMMISSION**

**[NRC-2017-0235]**

### **Licensing Support Network Advisory Review Panel: Revised Meeting Notice**

**AGENCY:** Nuclear Regulatory Commission.

**ACTION:** Notice of meeting; revised; request for comments.

**SUMMARY:** The U.S. Nuclear Regulatory Commission (NRC) will convene a meeting of the Licensing Support Network Advisory Review Panel (LSNARP) on February 27-28, 2018, at the NRC's Headquarters Offices in Room 01C3, Three White Flint North Building, 11601 Landsdown Street, Rockville, Maryland 20852. The NRC has revised the meeting date from January 30-31 to February 27-28, 2018, to allow more time to evaluate options for the potential reconstitution or replacement of the Licensing Support Network (LSN).

The meeting is being held to carry out the NRC's responsibilities under the U.S. Court of Appeals for the District of Columbia Circuit's decision in the case *In re Aiken County*, 645 F.3d 428 (D.C. Cir. 2011), and the Commission's July 31, 2017, direction in the Staff Requirements Memorandum associated with COMSECY-17-0019 that a next step in the Yucca Mountain licensing process is for the NRC to initiate information-gathering activities regarding reinstituting or replacing the LSN. The LSN, which was used to make documentary material associated with the Yucca Mountain adjudicatory proceeding available to hearing participants and the public, was decommissioned when the adjudication was suspended in 2011. The information being collected will assist the Commission in making efficient, informed decisions concerning appropriate means for reconstituting the LSN's functionality if the currently-suspended Yucca Mountain adjudication were to re-commence in the future.

The meeting will be open to the public pursuant to the Federal Advisory Committee Act (FACA) (Pub. L. 94-463, 86 Stat. 770-776) and will be conducted

as a virtual meeting with representatives of LSNARP member organizations utilizing the capabilities of GoToMeeting® and the general public having access via GoToWebinar®. Representatives of LSNARP member organizations and the public may also attend in person at the location indicated above.

**DATES:** The NRC requests that by February 13, 2018, any LSNARP member wishing to propose an option for a reconstitution or replacement of the LSN, that has a significantly different technical basis from those discussed in the December 2017 NRC-prepared options paper (Agencywide Documents Access and Management System (ADAMS) Accession No. ML17347B671): (1) Provide information describing that option including, if practicable, any estimates regarding implementation time and costs; and (2) indicate whether the member wants to make a presentation at the meeting

regarding that option and how much time would be needed for that presentation. Additionally, by February 13, 2018, LSNARP members are invited to provide written comments regarding any of the options set forth in the December 2017 NRC-prepared paper describing options for a reconstituted or replacement LSN.

**ADDRESSES:** You may submit written comments by Email to the LSNARP Chairman at: [LSNARP@nrc.gov](mailto:LSNARP@nrc.gov).

**Agenda:** The meeting will be held from 10:00 a.m. to 6:30 p.m. EST on Tuesday, February 27, 2018, and 10:00 a.m. to 5:00 p.m. EST on Wednesday, February 28, 2018. If attending the meeting in person, please plan your arrival to allow additional time (e.g., 15 to 30 minutes) for security screening. The preliminary agenda is listed below. Additional details regarding timing of presentations and changes to the agenda may be obtained through the contacts

listed below and will be announced prior to the meeting.

The primary focus of the meeting will be on the options available for reconstituting the LSN's functionality. The NRC has prepared a paper describing the options to be examined and discussed at the meeting with the objective of soliciting the views of the LSNARP member organizations on the best path forward for reconstituting the LSN or developing a suitable replacement system if the Yucca Mountain licensing adjudication is resumed in the future. Additionally, at the conclusion of the February 27 meeting session, the NRC will provide an orientation session regarding the ADAMS LSN Library, which currently houses the documentary material previously accessible via the LSN and provides the technical basis for one of the options to be discussed at the meeting.

END OF DAY 2	

The agenda is subject to change.  
**Public Participation:** Members of the public attending the meeting in person

or virtually utilizing GoToWebinar or an audio-only telephone connection may provide oral comments to the LSNARP

during the meeting or submit written comments during and after the meeting. Instructions for attending the meeting

and providing comments virtually via GoToWebinar or an audio-only connection are outlined below and the process for providing comments will be explained during the LSNARP meeting.

#### Instructions for Virtual Attendance at the February 27–28, 2018, LSNARP Meeting by Members of the Public via GoToWebinar

LogMeIn, Inc.'s GoToWebinar will be the primary method for virtual (*i.e.*, remote) attendance by members of the public (*i.e.*, anyone other than a designated primary/secondary representative of an LSNARP member organization)<sup>1</sup> to view and participate in, when appropriate, the February 27–28, 2018, LSNARP meeting. Additionally, audio-only attendance will be offered to members of the public via a toll-free telephone connection.

#### Instructions for Viewing via GoToWebinar

Registration is required to view the meeting using GoToWebinar. To register, members of the public should access the following link at least several days before the meeting: <https://attendee.gotowebinar.com/register/4882474129139440898>. Once registered for the meeting at this link, a member of the public will receive a confirmation email that will contain the link and other connection information to be used to view the meeting.

A member of the public viewing the LSNARP meeting via GoToWebinar will be able to hear speaker presentations and any discussion with/among LSNARP member organization representatives through his/her computer/tablet speakers or telephone, but will not be able to talk to the presenters or LSNARP member representatives directly, as that audio connection will be muted until instances during the meeting when public comments/questions are requested.

When afforded an opportunity to comment and/or ask written questions, a member of the public connected via GoToWebinar and using (1) headphones or a microphone/speakers; or (2) the GoToWebinar-provided toll telephone connection will be able to employ the “Raise Your Hand” feature that will allow meeting organizers to recognize him/her by unmuting his/her audio so that the comment/question can be provided orally to all those attending the meeting in person and remotely.

<sup>1</sup> LSNARP member organization representatives have been contacted separately and provided information on how to make video/audio connections if they wish to attend the LSNARP meeting virtually rather than in person.

Alternatively, a member of the public viewing the meeting via GoToWebinar can submit a written comment/question using the GoToWebinar “Questions” feature, which permits text messages to be sent to meeting organizers who, in turn, will forward comments/questions for appropriate consideration during the meeting.

Members of the public with questions regarding the use of GoToWebinar should visit the GoToWebinar customer support page at <https://support.logmeininc.com/gotowebinar>. It is also recommended that members of the public run a computer system check (available on the GoToWebinar customer support page) prior to the LSNARP meeting.

#### Instructions for Audio-Only Remote Attendance

A member of the public wishing to participate via audio-only (both to listen and, when appropriate, to talk) can do so using the following toll-free telephone number and access code: (888) 395–2501/4652554. The telephone connection of a member of the public using this toll-free number to attend the LSNARP meeting will be muted until an opportunity for public comments/questions is afforded during the meeting. During the meeting, instructions will be given on how a member of the public attending via an audio-only connection can make a comment/ask a question.

**SUPPLEMENTARY INFORMATION:** The LSN was an internet-based electronic discovery database developed to aid the NRC in complying with the schedule for the decision on the construction authorization for the high-level waste repository contained in Section 114(d) of the Nuclear Waste Policy Act of 1982, as amended. In 1998, the NRC Rules of Practice in title 10 of the *Code of Federal Regulations* (10 CFR) part 2, subpart J, were modified to provide for the creation and operation of the internet-based LSN as the technological solution for the submission and management of documentary material relating to the licensing of a geologic repository for the disposal of high-level radioactive waste (63 FR 71729). Pursuant to 10 CFR 2.1011(d), the agency authorized the creation of the LSNARP, a FACA advisory committee chartered to provide advice to the NRC on, among other things, fundamental issues relating to LSN design, operation, maintenance, and compliance monitoring. In 2011, the original LSN was decommissioned, with the documentary material contained therein preserved by the NRC and currently

residing in the ADAMS LSN Library, <https://www.nrc.gov/reading-rm/lsn/index.html>.

**FOR FURTHER INFORMATION CONTACT:** Mr. Russell Chazell, Office of the Secretary, U.S. Nuclear Regulatory Commission, Mail Stop O–16B33, Washington, DC 20555–0001; telephone 301–415–7469; email [Russell.Chazell@nrc.gov](mailto:Russell.Chazell@nrc.gov) or [LSNARP@nrc.gov](mailto:LSNARP@nrc.gov).

Dated at Rockville, Maryland, this 4th day of January, 2018.

For the Nuclear Regulatory Commission.

#### NUCLEAR REGULATORY COMMISSION

[Docket No. 70–7003; NRC–2018–0002]

#### American Centrifuge Lead Cascade Facility; American Centrifuge Operating, LLC

**AGENCY:** Nuclear Regulatory Commission.

**ACTION:** Exemption; issuance.

**SUMMARY:** The U.S. Nuclear Regulatory Commission (NRC) issued an exemption in response to an August 22, 2017, request from the American Centrifuge Operating, LLC (ACO) for a one-time exemption from the requirement to conduct a biennial Emergency Preparedness (EP) onsite exercise. The ACO requested to postpone conducting the exercise from calendar year (CY) 2017, to the third quarter of CY 2018.

**ADDRESSES:** Please refer to Docket ID NRC–2018–0002 when contacting the NRC about the availability of information regarding this document. You may access publicly-available information related to this document using any of the following methods:

- *Federal Rulemaking website:* Go to <http://www.regulations.gov> and search for Docket ID NRC–2018–0002. Address questions about NRC dockets to Carol Gallagher; telephone: 301–287–3422; email: [Carol.Gallagher@nrc.gov](mailto:Carol.Gallagher@nrc.gov). For technical questions, contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

- *NRC's Agencywide Documents Access and Management System (ADAMS):* You may obtain publicly-available documents online in the ADAMS Public Documents collection at <http://www.nrc.gov/reading-rm/adams.html>. To begin the search, select “ADAMS Public Documents” and then select “Begin Web-based ADAMS
