Applicants seeking information about the status of their individual cases can check Case Status Online, available at the USCIS website at <http://www.uscis.gov>, or call the USCIS National Customer Service Center at 800-375-5283 (TTY 800-767-1833).

SUPPLEMENTARY INFORMATION:

Comments

You may access the information collection instrument with instructions, or additional information by visiting the Federal eRulemaking Portal site at: <http://www.regulations.gov> and enter USCIS-2008-0027 in the search box. Regardless of the method used for submitting comments or material, all submissions will be posted, without change, to the Federal eRulemaking Portal at <http://www.regulations.gov>, and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to consider limiting the amount of personal information that you provide in any voluntary submission you make to DHS. DHS may withhold information provided in comments from public viewing that it determines may impact the privacy of an individual or is offensive. For additional information, please read the Privacy Act notice that is available via the link in the footer of <http://www.regulations.gov>.

Written comments and suggestions from the public and affected agencies should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection:* Revision of a Currently Approved Collection.

(2) *Title of the Form/Collection:* Notice of Appeal or Motion.

(3) *Agency form number, if any, and the applicable component of the DHS sponsoring the collection:* I-290B; USCIS.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract: Primary:* Individuals or households. The form serves the purpose of standardizing requests for motions and appeals and ensures that the basic information required to adjudicate appeals and motions is provided by applicants and petitioners, or their attorneys or representatives. USCIS uses the data collected on Form I-290B to determine whether an applicant or petitioner is eligible to file an appeal or motion, whether the requirements of an appeal or motion have been met, and whether the applicant or petitioner is eligible for the requested immigration benefit. Form I-290B can also be filed with Immigration and Customs Enforcement (ICE) by schools appealing decisions on Form I-17 filings for certification to ICE's Student and Exchange Visitor Program (SEVP).

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* The estimated total number of respondents for the information collection I-290B is 24,878 and the estimated hour burden per response is 1.5 hours.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The total estimated annual hour burden associated with this collection is 37,317 hours.

(7) *An estimate of the total public burden (in cost) associated with the collection:* The estimated total annual cost burden associated with this collection of information is \$6,188,403.

Dated: January 5, 2018.

Samantha Deshommes,

Chief, Regulatory Coordination Division, Office of Policy and Strategy, U.S. Citizenship and Immigration Services, Department of Homeland Security.

U.S. Coral Reef Task Force; Public Meeting and Public Comment

AGENCY: Office of the Secretary, Interior.

ACTION: Notice of public meeting; request for public comment.

SUMMARY: We, the U.S. Department of the Interior, announce a public meeting of the U.S. Coral Reef Task Force and a request for written comments. This meeting, the 39th biannual meeting of the task force, provides a forum for coordinated planning and action among Federal agencies, State and territorial governments, and nongovernmental partners.

DATES: The meeting will be held on Thursday, February 22, 2018, from 08:30 a.m. to 5:00 p.m.

Submit advance public comments by January 29, 2018. Submit requests for copies of comments given at the meeting by March 30, 2018.

ADDRESSES: Meeting will be held at the Department of Interior, Main Interior Building, 1849 C Street NW, Washington, DC 20240.

Submit advance public comments or requests for copies of comments given at the meeting to Liza Johnson, U.S. Coral Reef Task Force Steering Committee Co-Chair, U.S. Department of the Interior, MS-3530-MIB, 1849 C Street NW, Washington, DC 20240; or via email to liza_m_johnson@ios.doi.gov; or fax to (202) 208-4867.

FOR FURTHER INFORMATION CONTACT: Liza Johnson, U.S. Coral Reef Task Force Steering Committee Co-Chair, U.S. Department of the Interior, MS-3530-MIB, 1849 C Street NW, Washington, DC 20240 (phone: 202-208-1378; fax: 202-208-4867; email: liza_m_johnson@ios.doi.gov); or visit the U.S. Coral Reef Task Force website at www.coralreef.gov.

SUPPLEMENTARY INFORMATION:

Established by Presidential Executive Order 13089 in 1998, the U.S. Coral Reef Task Force has a mission to lead, coordinate, and strengthen U.S. government actions to better preserve and protect coral reef ecosystems. The Departments of Commerce and the Interior co-chair the Task Force, whose members include leaders of 12 Federal agencies, 2 U.S. States, 5 U.S. territories, and 3 freely associated States. For more information about the meetings, draft agendas, and how to register, go to www.coralreef.gov. A written summary

of the meeting will be posted on the website after the meeting.

Registration To Attend the Meeting

Attendees can register online before the start of the meeting, or on site at the registration desk. Registration details will be announced on the task force website at www.coralreef.gov.

Public Comments

Comments may address the meeting, the role of the U.S. Coral Reef Task Force, or general coral reef conservation issues. Advance public comments should be submitted by January 29, 2018. Copies of comments given at the meeting can be submitted afterwards in writing to Liza Johnson by email, fax, or mail (see **FOR FURTHER INFORMATION CONTACT**) by March 30, 2018.

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Shawn Buckner,

Acting Director, Office of Policy Analysis, U.S. Department of the Interior.

Notice of Availability for the Final Environmental Impact Statement for the Pojoaque Basin Regional Water System, Santa Fe County, New Mexico

AGENCY: Office of the Assistant Secretary—Water and Science, Interior.

ACTION: Notice of availability.

SUMMARY: The Secretary of the Interior, acting through the Bureau of Reclamation, announces the availability of the Final Environmental Impact Statement (FEIS) for the proposed Pojoaque Basin Regional Water System, as authorized by the Aamodt Litigation Settlement Act. The FEIS responds to comments received on the Draft Environmental Impact Statement during the comment period that ended on February 27, 2017, and identifies Alternative E as the preferred alternative

for the Pojoaque Basin Regional Water System.

DATES: The Department of the Interior will complete a Record of Decision identifying the actions that will be implemented no sooner than 30 days after publication of the U.S. Environmental Protection Agency's Notice of Availability in the **Federal Register**.

ADDRESSES: The FEIS is available for viewing on the following websites: <http://www.usbr.gov/uc/envdocs/eis.html> or www.pojoaquebasineis.com. Compact disc copies may be obtained by contacting Ms. Sarah Branum, Bureau of Reclamation, Albuquerque Area Office, 555 Broadway NE, Suite 100, Albuquerque, New Mexico 87102; or via email to pojoaquebasineis@usbr.gov. Please see the **SUPPLEMENTARY INFORMATION** section for additional locations where the FEIS is available.

FOR FURTHER INFORMATION CONTACT: Ms. Sarah Branum, Environmental Project Manager, Bureau of Reclamation, sbranum@usbr.gov, (505) 462-3591. Persons who use a telecommunications device for the deaf may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above-named individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The Bureau of Reclamation (Reclamation) prepared the FEIS in cooperation with the U.S. Bureau of Indian Affairs, U.S. Indian Health Service, U.S. Army Corps of Engineers, U.S. Fish and Wildlife Service, Pueblo de San Ildefonso, Pueblo of Nambé, Pueblo of Pojoaque, Pueblo of Tesuque, New Mexico Department of Transportation, Santa Fe County, and the City of Santa Fe. The FEIS has been updated according to public comments received during the 45-day Draft Environmental Impact Statement (DEIS) public review period (January 13–February 27, 2017) and other project updates. A summary of changes between the DEIS and FEIS is included in Chapter 1 of the FEIS.

Background: The Pojoaque Basin Regional Water System (RWS) is described in and authorized by the Aamodt Litigation Settlement Act (Title VI of the Claims Resolution Act of 2010; Public Law 111-291, Title VI; 124 Stat. 3065) (“Settlement Act”). The Settlement Act authorizes and ratifies the Aamodt Litigation Settlement Agreement (Settlement Agreement), dated January 19, 2006, as conformed to

the Settlement Act and amendments. The settlement parties are the United States; the State of New Mexico; Santa Fe County; City of Santa Fe; Pueblo de San Ildefonso, Pueblo of Nambé, Pueblo of Pojoaque, Pueblo of Tesuque (Settlement Pueblos); and other individuals. The Settlement Agreement resolves the water rights claims of the Settlement Pueblos.

Among other provisions, the RWS and 2,220 acre-feet per year of new water supply to the basin are included in the Settlement Agreement in exchange for the Pueblos agreeing to reduce their claims to water within the basin and to limit their priority calls against existing non-Pueblo water users. The Settlement Agreement also addresses funding for other water-related projects on the Settlement Pueblos.

Proposed Federal Action: The Secretary of the Interior, through Reclamation, proposes to plan, design, and construct a regional water system in accordance with the Settlement Agreement, consisting of water diversion from the Rio Grande and water treatment facilities on the Pueblo de San Ildefonso, along with storage tanks and transmission and distribution pipelines that are necessary to supply up to 4,000 acre-feet of water annually to customers in the Pojoaque Basin.

Purpose of and Need for the Proposed Federal Action: The purpose of the proposed action is to reliably provide a firm, safe supply of treated drinking water for distribution in the Pojoaque Basin, in compliance with the Settlement Act. The need for action is to reduce reliance on groundwater in the Pojoaque Basin and to allow the Settlement Pueblos to receive a portion of the water provided under the Settlement Act. The proposed action would also enable the Settlement Pueblos to use funding made available in the Settlement Act for certain water-related infrastructure improvements, if requested. This funding can be requested prior to substantial completion of the RWS and, if approved by the Secretary, used for water-related improvements that would be more cost effective when implemented in conjunction with RWS construction (Settlement Act, Section 615[d][7][A][ii]).

The FEIS Analyzes Five Alternatives: The FEIS assesses the potential environmental effects of five alternatives for the RWS. These include the No Action Alternative (Alternative A), and four action alternatives (Alternatives B, C, D, and E) that vary in six main components or project elements:

1. Firm, reliable water supply.
