DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Proposed Information Collection Activity; Comment Request

Proposed Projects:

Title: National Child Abuse and Neglect Data System.

OMB No.: 0970-0424.

Description: The Administration on Children, Youth and Families in the U.S. Department of Health and Human Services (HHS) established the National Child Abuse and Neglect Data System (NCANDS) to respond to the 1988 and 1992 amendments (Pub. L. 100-294 and Pub. L. 102-295) to the Child Abuse Prevention and Treatment Act (42 U.S.C. 5101 *et seq.*), which called for the creation of a coordinated national data collection and analysis program, both universal and case specific in scope, to examine standardized data on false, unfounded, or unsubstantiated reports.

In 1996, the Child Abuse Prevention and Treatment Act was amended by Public Law 104-235 to require that any state receiving the Basic State Grant work with the Secretary of the Department of Health and Human Services (HHS) to provide specific data on child maltreatment, to the extent practicable. These provisions were retained and expanded upon in the 2010 reauthorization of CAPTA (Pub. L. 111-320). Item (17) below was enacted with the Justice for Victims of Trafficking Act of 2015 (Pub. L. 114-22). The law goes into effect in 2017 and it is anticipated that states will begin reporting with FFY 2018 data. Item (18) below was enacted with the Comprehensive Addiction and Recovery Act of 2016 (CARA) (Pub. L. 114-198). The law goes into effect in 2017 and it is anticipated that states will begin reporting with FFY 2018 data. Each state to which a grant is made under this section shall annually work with the Secretary to provide, to the maximum extent practicable, a report that includes the following:

1. The number of children who were reported to the state during the year as victims of child abuse or neglect.

2. Of the number of children described in paragraph (1), the number

with respect to whom such reports were—

- A. substantiated;
- B. unsubstantiated; or
- C. determined to be false.

3. Of the number of children described in paragraph (2)—

A. the number that did not receive services during the year under the state program funded under this section or an equivalent state program;

B. the number that received services during the year under the state program funded under this section or an equivalent state program; and

C. the number that were removed from their families during the year by disposition of the case.

4. The number of families that received preventive services, including use of differential response, from the state during the year.

5. The number of deaths in the state during the year resulting from child abuse or neglect.

6. Of the number of children described in paragraph (5), the number of such children who were in foster care.

7. A. The number of child protective service personnel responsible for the—

- i. intake of reports filed in the previous year;
- ii. screening of such reports;
- iii. assessment of such reports; and
- iv. investigation of such reports.

B. The average caseload for the workers described in subparagraph (A).

8. The agency response time with respect to each such report with respect to initial investigation of reports of child abuse or neglect.

9. The response time with respect to the provision of services to families and children where an allegation of child abuse or neglect has been made.

10. For child protective service personnel responsible for intake, screening, assessment, and investigation of child abuse and neglect reports in the state—

A. information on the education, qualifications, and training requirements established by the state for child protective service professionals, including for entry and advancement in the profession, including advancement to supervisory positions;

B. data of the education, qualifications, and training of such personnel;

C. demographic information of the child protective service personnel; and

D. information on caseload or workload requirements for such personnel, including requirements for average number and maximum number of cases per child protective service worker and supervisor.
