*Description of the need for the information and proposed use:* The collection of this information supports HUD’s ongoing mission to provide safe,

decent and affordable housing to lower income households. Accurate assessment information is necessary. PHAs performing poorly may be subject to additional reporting requirements, may receive HUD assistance, and are subject to possible penalties. For the Office of Housing, accurate scores are vital to their monitoring and compliance efforts. Unacceptable property scores result in automatic penalties and referral for enforcement actions.

Pursuant to § 6(j)(2)(A)(iii) of the United States Housing Act of 1937, as amended, HUD established procedures in the Public Housing Assessment System (PHAS) rule for a public housing agencies (PHAs) to appeal a troubled assessment designation (§ 902.69). The PHAS rule in §§ 902.24 and 902.68 also provides that under certain circumstances PHAs may submit a request for a database adjustment and technical review, respectively, of physical condition inspection results.

Pursuant to the Office of Housing Physical Condition of Multifamily Properties regulation at § 200.857(d) and (e), multifamily property owners also have the right, under certain circumstances, to submit a request for a database adjustment and technical review, respectively, of physical condition inspection results.

Appeals, when granted, change assessment scores and designations; database adjustments and technical reviews, when granted, change property scores. These changes result in more accurate assessments.

Section 902.60 of the PHAS rule also provides that, in extenuating circumstances, PHAs may request an extension of time to submit required unaudited financial information. When granted, an extension of time postpones the imposition of sanctions for a late submission.
