Request for Comment on Information Collection Proposal

The Board invites public comment on the following information collection, which is being reviewed under authority delegated by the OMB under the PRA. Comments are invited on the following:

- a. Whether the proposed collection of information is necessary for the proper performance of the Federal Reserve's functions; including whether the information has practical utility;
- b. The accuracy of the Federal Reserve's estimate of the burden of the proposed information collection, including the validity of the methodology and assumptions used;
- c. Ways to enhance the quality, utility, and clarity of the information to be collected;
- d. Ways to minimize the burden of information collection on respondents, including through the use of automated collection techniques or other forms of information technology; and
- e. Estimates of capital or startup costs and costs of operation, maintenance, and purchase of services to provide information.

At the end of the comment period, the comments and recommendations received will be analyzed to determine the extent to which the Federal Reserve should modify the proposal prior to giving final approval.

Proposal to approve under OMB delegated authority the extension for three years, without revision, of the following report:

Report title: Recordkeeping Requirements Associated with Limitations on Interbank Liabilities.

Agency form number: Regulation F.
OMB control number: 7100-0331.

Frequency: On occasion.

Respondents: Depository institutions insured by the Federal Deposit Insurance Corporation (FDIC).

Estimated number of respondents: State member banks: 829; non-member banks: 3,396; national banks: 921; state savings banks: 309; federal savings banks: 228; savings & loan associations: 195; insured federal branch of foreign banking organization: 4; insured state branch of foreign banking organization: 6; non-depository trust company member: 2; cooperative banks: 33.

Estimated average hours per response: 8 hours.

Estimated annual burden hours: State member banks: 6,632; non-member

banks: 27,168; national banks: 7,368; state savings banks: 2,472; federal savings banks: 1,824; savings & loan associations: 1,560; insured federal branch of foreign banking organization: 32; insured state branch of foreign banking organization: 48; non-depository trust company member: 16; cooperative banks: 264.

General description of report: Section 206.3 of the Board's Regulation F, 12 CFR 206.3, requires insured depository institutions to establish and maintain policies and procedures designed to prevent excessive exposure to "correspondents," which include non-affiliated U.S. insured depository institutions and non-affiliated foreign banks. Regulation F limits the risks that the failure of a correspondent would pose to insured depository institutions. Where exposure to a correspondent is significant, the policies and procedures shall require periodic reviews of the financial condition of the correspondent and shall take into account any deterioration in the correspondent's financial condition. Where the financial condition of the correspondent and the form or maturity of the exposure create a significant risk that payments will not be made in full or in a timely manner, the policies and procedures should limit the bank's exposure to the correspondent, either by the establishment of internal limits or by other means.

The Board has updated its burden estimate for this information collection to account for all depository institutions insured by the Federal Deposit Insurance Corporation (FDIC), all of which are potential respondents. The Board's previous burden estimate accounted only for state member banks. The increase in burden reflects the update to correct the number of potential respondents, and is not due to a change in burden for individual institutions.

Legal authorization and confidentiality: The Board's Legal Division has determined that the recordkeeping requirements of Regulation F are mandatory and authorized by section 23 of the Federal Reserve Act, as added by section 308 of the Federal Deposit Insurance Corporation Improvement Act of 1991 (FDICIA) (12 U.S.C. 371b-2). Because the Board does not collect any information, no issue of confidentiality normally arises. However, if a compliance program becomes a Board record during an examination, the information may be protected from disclosure under exemptions (b)(4) and (b)(8) of the Freedom of Information Act (5 U.S.C. 552(b)(4) and (b)(8)).

Board of Governors of the Federal Reserve System, January 17, 2018.

Ann E. Misback,

Secretary of the Board.
