DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****Proposed Information Collection; Comment Request; Atlantic Highly Migratory Species Permit Family of Forms**

AGENCY: National Oceanic and Atmospheric Administration, Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing

effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on a revised, and continuing information collection described below, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before March 27, 2018.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW, Washington, DC 20230 (or via the internet at pracomments@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to: Cliff Hutt, phone 301–427–8503 or email Cliff.Hutt@noaa.gov.

SUPPLEMENTARY INFORMATION:**I. Abstract**

This request is for the revision and extension of a current information collection, which includes both vessel and dealer permits.

Under the provisions of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*), the National Oceanic and Atmospheric Administration’s National Marine Fisheries Service (NMFS) is responsible for management of the Nation’s marine fisheries. In addition, NMFS must comply with the United States’ obligations under the Atlantic Tunas Convention Act of 1975 (16 U.S.C. 971 *et seq.*). NMFS issues permits to fishing vessels and dealers in order to collect information necessary to comply with domestic and international obligations, secure compliance with regulations, and disseminate necessary information.

Regulations at 50 CFR 635.4 require that vessels participating in commercial and recreational fisheries for Atlantic highly migratory species (HMS) and dealers purchasing Atlantic HMS from a vessel obtain a Federal permit issued by NMFS. This action addresses the renewal of permit applications currently approved under PRA 0648–0327, including both vessel and Atlantic Tunas Dealer permits. Vessel permits include Atlantic Tunas (except Longline permits, which are approved under OMB Control No. 0648–0205), HMS Charter/Headboat, HMS Angling, and Swordfish General Commercial permits. This action also includes the one-time requirement for commercial vessels greater than 20 meters in length to obtain a International Maritime

Organization/Lloyd's Registry (IMO/LR) number.

The primary reason for the revision of this information collection is to reflect that HMS International Trade Permits have been removed from this collection as they were discontinued in 2016, and replaced with the International Fishing Trade Permit (IFTP). The IFTP is covered under OMB Control No. 0648–0732. Thus, the burden and costs associated with renewal and issuance of an initial HMS ITP are no longer applicable to this collection of information.
