

time” to satisfy the requirement for the 30-minute rest break, provided they do not perform any other work during the break. The second exemption will allow drivers to use the short-haul RODS exception but with a 14-hour duty period instead of 12 hours.

VII. Terms and Conditions for the Exemption

- Drivers must have a copy of this notice or equivalent signed FMCSA exemption document in their possession while operating under the terms of the exemptions. The exemption document must be presented to law enforcement officials upon request.

- Drivers must return to the work reporting location and be released from work within 14 consecutive hours.

Preemption

In accordance with 49 U.S.C. 31315(d), during the period these exemptions are in effect, no State shall enforce any law or regulation that conflicts with or is inconsistent with this exemption with respect to a firm or person operating under the exemptions.

Notification to FMCSA

Exempt motor carriers must notify FMCSA within 5 business days of any accident (as defined in 49 CFR 390.5), involving any of its CMVs operating under the terms of the exemptions. The notification must include the following information:

- (a) Name of the exemption: “NAPA”
- (b) Name of the operating motor carrier,
- (c) Date of the accident,
- (d) City or town, and State, in which the accident occurred, or closest to the accident scene,
- (e) Driver’s name and license number,
- (f) Vehicle number and State license number,
- (g) Number of individuals suffering physical injury,
- (h) Number of fatalities,
- (i) The police-reported cause of the accident,
- (j) Whether the driver was cited for violation of any traffic laws, motor carrier safety regulations, and
- (k) The driver’s total driving time and total on-duty time period prior to the accident.

Reports filed under this provision shall be emailed to MCPSD@DOT.GOV.

Termination

FMCSA does not believe the drivers covered by this exemption will experience any deterioration of their safety record.

Interested parties or organizations possessing information that would

otherwise show that any or all of these motor carriers are not achieving the requisite statutory level of safety should immediately notify FMCSA. The Agency will evaluate any information submitted and, if safety is being compromised or if the continuation of the exemptions are inconsistent with 49 U.S.C. 31315(b)(4) and 31136(e), FMCSA will immediately take steps to revoke the exemptions of the company or companies and drivers in question.

Issued on: January 19, 2018.

SUPPLEMENTARY INFORMATION:

I. Background

The VIS Working Group is a recently created advisory committee established in accordance with Section 10 of the Protecting our Infrastructure of Pipelines and Enhancing Safety Act of 2016 (Pub. L. 114-183), the Federal Advisory Committee Act of 1972 (5 U.S.C., App. 2, as amended), and 41 CFR 102-3.50(a).

II. Meeting Details and Agenda

The VIS Working Group agenda will include briefings on topics such as mandate requirements, integrity management, data types and tools, in-line inspection repair and other direct assessment methods, geographic information system implementation, subcommittee considerations, lessons learned, examples of existing information-sharing systems, safety management systems, and more. As part of its work, the committee will ultimately provide recommendations to the Secretary, as required and specifically outlined in Section 10 of Public Law 114-183, addressing:

(a) The need for, and the identification of, a system to ensure that dig verification data are shared with in-line inspection operators to the extent consistent with the need to maintain proprietary and security-sensitive data in a confidential manner to improve pipeline safety and inspection technology;

(b) Ways to encourage the exchange of pipeline inspection information and the development of advanced pipeline inspection technologies and enhanced risk analysis;

(c) Opportunities to share data, including dig verification data between operators of pipeline facilities and in-line inspector vendors to expand

knowledge of the advantages and disadvantages of the different types of in-line inspection technology and methodologies;

(d) Options to create a secure system that protects proprietary data while encouraging the exchange of pipeline inspection information and the development of advanced pipeline inspection technologies and enhanced risk analysis;

(e) Means and best practices for the protection of safety and security-sensitive information and proprietary information; and

(f) Regulatory, funding, and legal barriers to sharing the information described in paragraphs (a) through (d).

The Secretary will publish the VIS Working Group's recommendations on a publicly available DOT website and in the docket. The VIS Working Group will fulfill its purpose once its recommendations are published online. PHMSA will publish the agenda on the PHMSA meeting page <https://primis.phmsa.dot.gov/meetings/MtgHome.mtg?mtg=130>, once it is finalized.

Issued in Washington, DC, on January 23, 2018, under authority delegated in 49 CFR 1.97.

Alan K. Mayberry,

Associate Administrator for Pipeline Safety.
