obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission’s Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit seven copies of filings made in the proceeding with the Commission and must mail a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission’s rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the project.

Persons who wish to comment on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission’s environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission’s environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission’s final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the eFiling link at http://www.ferc.gov. Persons unable to file electronically should submit an original and 7 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

[Docket No. FA15–16–000]

Dominion Energy Transmission, Inc.; Notice of Paper Hearing Procedure

Take notice that on December 8, 2017, Dominion Energy Transmission, Inc. (Dominion) filed a request for Commission review of certain findings and recommendations in the November 8, 2017 audit report ő issued in this docket by the Director of the Office of Enforcement under authority delegated to him by section 375.311 of the Commission’s regulations (Audit Report). In accordance with section 158.3 of the Commission’s regulations, 2 Dominion notified the Commission that it requested review of contested issues by means of a shortened procedure. Pursuant to section 158.3, we direct the commencement of a paper hearing.

The Audit Report summarizes Enforcement’s review, first announced in this docket on April 15, 2015, of Dominion’s compliance with the Uniform System of Accounts, the reporting requirements of the FERC Form No. 2, and Dominion’s own gas tariff. The Audit Report states that, while Dominion agreed not to contest certain of Enforcement’s findings and recommendations in the report, it does contest the Audit Report’s findings and recommendations pertaining to the Allowance for Funds Used During Construction (AFUDC). The scope of the paper hearing is limited to these challenged findings and recommendations.

In accordance with section 158.3, Dominion and any other interested entity, including the Commission staff, shall file, within 45 days of this notice, an initial memorandum that addresses the relevant facts and applicable law that support the position or positions taken regarding the matters at issue. Reply memoranda may be filed by participants who filed initial memoranda. Reply memoranda must be filed within 20 days of the due date for initial memoranda. Pursuant to section 158.3, subpart T of Part 385 of the Commission’s regulations shall apply to all filings. Further, pursuant to section 158.4, each entity’s memorandum should set out the facts and argument as prescribed for briefs in Rule 706 of the Commission’s Rules of Practice and Procedure. 4 Section 158.5 also requires that the facts stated in the memorandum must be sworn to by persons having knowledge thereof, which latter fact must affirmatively appear in the affidavit. 5

A review of the Audit Report reveals that Dominion’s memorandum did not meet the requirements of section 158.4 or 158.5. The memorandum did not include sworn affidavits presented in accordance with 18 CFR 375.311 (2017). 3 The Audit Report did not set forth the evidentiary basis and argument as required by 18 CFR 375.311 (2017) in support of Dominion’s memorandum.

The Commission is granting Dominion’s request for a full paper hearing. Any person, dominion or otherwise, who desires to participate in this hearing must file a motion to intervene and any documents necessary to participate in this hearing. The Commission looks forward to receiving these documents and considering them in due course.

Pursuant to section 158.4, a full paper hearing shall be granted.

Dated: January 22, 2018.
Kimberly D. Bose,
Secretary.
