Abstract: The BIA is seeking to renew
the information collection conducted
under 25 CFR 23, related to the Indian
Child Welfare Act (ICWA). BIA collects
information using a consolidated
caseload form, which tribal ICWA
program directors fill out. BIA uses the
information to determine the extent of
service needs in local Indian
communities, assess ICWA program
effectiveness, and provide data for the
annual program budget justification.
The aggregated report is not considered
confidential. This form must be completed
by tribes that operate child protection
programs. Submission of this
information by Indian tribes allows BIA
to consolidate and review selected data
on Indian child welfare cases. The data
is useful on a local level, to the tribes
and tribal entities that collect it, for case
management purposes. The data are
useful on a nationwide basis for
planning and budget purposes.
