application. Such applicants are required to provide MARAD access to their vessel tracking systems upon approval of their VISA application. If VISA applicants do not have a tracking system, they must indicate this in their VISA application. The VISA program requires enrolled ships to comply with 46 CFR pt. 307, Establishment of Mandatory Position Reporting System for Vessels.

**Compensation**

In addition to receiving priority in the award of DOD peacetime cargo, a participant will receive compensation during contingency activation for that capacity activated under Stage I, II and III. The amount of compensation will depend on the Stage at which capacity is activated. During enrollment, each participant must select one of several compensation methodologies. The compensation methodology selection will be completed with USTRANSCOM resulting in prices in contingency contracts between DOD and the participant.

**Security Clearances**

All VISA applicants accepted for VISA participation, but which do not have a Facility Security Clearance (FCL), will be required to pursue the clearance process with the Defense Security Service (DSS). If the accepted applicant does not have a clearance, MARAD will initiate the clearance process with DSS. Participants must have a FCL and individual security clearances, at a minimum of SECRET level, for key personnel in order for them to participate in the VISA Joint Planning Advisory Group (JPAG) meetings and to meet VISA contingency contract obligations. One of the objectives of the JPAG is to provide the USTRANSCOM, MARAD, and VISA participants planning forum to analyze DOD contingency sealift/intermodal service and resource requirements against industry commitments. JPAG meetings are often SECRET classified sessions. Eligibility for VISA participation will be terminated if an applicant is rejected for a facility clearance or if it fails to progress in a timely manner in the clearance process.

**Application for VISA Program Participation**

New applicants may apply to participate by obtaining a VISA application package (Form MA–1020 (OMB Approval No. 2133–0532)) from the Director, Office of Sealift Support. Form MA–1020 includes instructions for completing and submitting the application, blank VISA Application forms and a request for information regarding the operations and U.S. citizenship of the applicant company. A copy of the VISA document as published in the Federal Register on October 29, 2014, will also be provided with the package. This information is needed in order to assist MARAD in making a determination of the applicant’s eligibility. An applicant company must provide an affidavit that demonstrates that the company is qualified to document a vessel under 46 U.S.C. 12103, and that it owns, or bareboat charters and controls, oceangoing, militarily useful vessel(s) for purposes of committing assets to the VISA program.

Applicants must provide the following: U.S. citizenship documentation; copy of their Articles of Incorporation and bylaws; copies of loadline documents from a recognized classification society to validate oceangoing vessel capability; U.S. Coast Guard Certificates of Documentation for all vessels in their fleet; copy of bareboat charter, if applicable, valid through the period of enrollment, which state that the owner will not interfere with the charterer’s obligation to commit chartered vessel(s) to the VISA program for the duration of the charter; and copy of time charters, valid through the period of enrollment, for tug services to barge operators, if sufficient tug service is not owned or bareboat chartered by the VISA applicant. Barge operators must provide evidence to MARAD that tug service of sufficient horsepower will be available for all barges enrolled in the VISA program.

Once MARAD has reviewed the application and determined VISA eligibility, MARAD will sign the VISA application document which completes the eligibility phase of the VISA enrollment process. Approved VISA participants will be responsible for ensuring that information submitted with their application remains up to date beyond the approval process. If charter agreements are due to expire, participants must provide MARAD with charters that extend the charter duration for another 12 months or longer.

After VISA eligibility is approved by MARAD, approved applicants are required to execute a VISA Contingency Contract with USTRANSCOM. The USTRANSCOM VISA Contingency Contract will specify the following: Participant’s Stage III commitment, and appropriate Stage I and/or II commitments for the period of performance; Drytime Contingency terms and conditions; and Liner Contingency terms and conditions, if applicable. If any change is expected in the Contractor’s U.S. flag fleet during the period of the applicable VISA Contingency Contract, a minimum 30-day notice shall be provided to MARAD and USTRANSCOM identifying the change and to alter the VISA Capacity Commitment indicated on Attachment I of the VISA Contingency Contract.

Execution of the USTRANSCOM VISA Contingency Contract completes the enrollment process and establishes the approved applicant as a VISA Participant. The Maritime Administration reserves the right to revalidate all eligibility requirements without notice. USTRANSCOM reserves the right to revalidate eligibility for VISA priority for DOD business at any time without notice.
