The Federal Schedule includes columns reflecting derived weekly and daily rates. This revised Federal Schedule of Remuneration is effective for UCX “first claims” filed beginning with the first day of the first week which begins on or after January 1, 2018, pursuant to 20 CFR 614.12(c).

The working group reviewed all stakeholder comments and posted summaries of the comments on the NCUA’s Call Report Modernization web page.

The working group also conducted additional technical research, such as on generally accepted accounting principles relevant to the Call Report. The working group’s comprehensive analysis resulted in this proposal to reorganize the schedules in the Call Report and Profile, retire obsolete account codes, and relocate some account codes to other collections. The proposed streamlining for the Call Report results in a net reduction of roughly 40 percent of account codes. The proposed changes to the Profile result in approximately a 20 percent net reduction.

The proposed updates to the 5200 Call Report and 4501A Profile forms, instructions, and related background material are available for review and comment, online at https://www.ncua.gov/About/Pages/open-government/call-report-modernization.aspx. Target participants include credit unions, credit union leagues, trade associations, regulators, and industry-related persons.

DATES: Comments must be received on or before April 2, 2018.

ADDRESSES: Comments may be submitted using one of the methods below (Please do not send comments through multiple methods). Include “[Your name and company name (if any)]—Call Report/Profile Content Modernization” in all correspondence.

• Mail: Please direct written comments related to Call Report/Profile Content Modernization to Mary Thor, National Credit Union Administration, Office of Examination and Insurance, 1775 Duke Street, Alexandria, VA 22314.

• Email: Address to CallReportMod@ncua.gov. Any of the following formats is acceptable: HTML, ASCII, Word, RTF, TXT or PDF.

NCUA will post all material received by the deadline on the agency website (www.ncua.gov) without alteration or redaction, so commenters should not include information they do not want to become public (such as personal or confidential business information). Spam or marketing materials will be discarded without publication. All comments should be specific to this notice on the proposed Call Report and Profile forms and instructions.

FOR FURTHER INFORMATION CONTACT: Mary Thor, National Credit Union Administration, Office of Examination and Insurance, 1775 Duke Street, Alexandria, VA 22314, telephone (703) 518–6586, and email mthor@ncua.gov. Media inquiries should be directed to NCUA’s Office of Public and Congressional Affairs at (703) 518–6330 or pacamail@ncua.gov.

SUPPLEMENTARY INFORMATION: The National Credit Union Administration’s (NCUA) regulation and supervision of federally insured credit unions is designed to protect the safety and soundness of credit unions and enforce applicable laws and regulations. As the financial services industry and credit union landscape evolve, the NCUA must regularly review and update our data collection and other supervisory processes. While the NCUA is proposing to reduce the amount of data collected...
through the 5300 Call Report, credit unions will need to maintain supporting documentation for the information typically requested during examination and supervision contacts. The NCUA uses the Call Report and Profile to collect financial and nonfinancial information from federally insured credit unions. The resulting data are integral to risk supervision at institution and industry levels, which is central to safeguarding the integrity of the National Credit Union Share Insurance Fund.

After extensive outreach, the working group developed a prototype of streamlined Call Report and Profile forms. The current Call Report has 1,523 account codes (the September 2017 post-MBL/Commercial loan changes). The prototype retires 1,017 account codes. Most of the account codes proposed to be retired are no longer needed, but some would be collected through another means, such as the exam process.

The prototype Call Report adds 413 new account codes to accommodate necessary changes such as for ASC Topic 326, Financial Instruments Current Expected Credit Losses and for the risk-based capital rule currently scheduled to go into effect in January 2019.

After these additions, the final number of total account codes on the prototype Call Report is 919—a net reduction of approximately 40 percent. The prototype retires 1,017 account codes. Most of the account codes proposed to be retired are no longer needed, but some would be collected through another means, such as the exam process.

The prototype Call Report includes improved information for CU Online as part of the Enterprise Solutions Modernization. The prototype also includes improved adaptive user interface the NCUA plans to provide for CU Online as part of the Enterprise Solutions Modernization. The prototype also includes improved instructions. The Profile underwent a similar review and redesign, eliminating outdated data elements and attributes resulting in a reduction of approximately 150 data elements and attributes. All of these changes incorporate the stakeholder feedback received.

**Request for Comment**

The NCUA is seeking comments on all proposed changes to the Call Report form 5300, the Profile form 4501A, and their accompanying instructions. The proposed forms and instructions are available on the NCUA’s Call Report Modernization web page. When reviewing the comment documents, please consider the following questions.

1. Are there account codes that are proposed to be retired that are still pertinent? If so, please provide the account code(s) and the reason for maintaining it.
2. Are there additional account codes that should be retired or consolidated? If so, please provide the account code(s) and the reason for retiring it.
3. Are relocated account codes grouped logically? If not, please propose a location you feel is more logically suited.
4. Should any of the schedules be expanded to assist in analysis based on new rules or accounting changes? If so, please provide details of data the NCUA should also collect.
5. Are the instructions adequate in both content and design? If not, please cite specific sections that require improvement or correction.
6. How much lead time do credit unions need to work with vendors to make changes to their systems in order to support such changes to the Call Report?
7. Are there any other operational issues the NCUA should be aware of prior to implementing the proposed changes?
8. From your perspective, do you think this is a reduction in your reporting burden? Please explain.

Information received will not be used for statistical purposes. Responses containing references to studies, research, or data not widely available to the public should include copies of referenced materials. A description of the commenter’s organization and its interest in the Call Report and Profile will help the NCUA use the input provided.

**Next Steps:** The NCUA will review all comments and make necessary changes before implementing the future Call Report and Profile forms. When the NCUA has reviewed the future Call Report and Profile forms, the OMB Paperwork Reduction Act process will be used to formally announce planned changes.

By the National Credit Union Administration, this 25th day of January 2018.

Gerard Poliquin,
Secretary of the Board.

[FR Doc. 2018–01879 Filed 1–30–18; 8:45 am]

**BILLING CODE 7535–01–P**

**NATIONAL LABOR RELATIONS BOARD**

Amendment of Statement of Organization and Functions; Restructuring of National Labor Relations Board’s Field Organization

**AGENCY:** National Labor Relations Board.

**ACTION:** Notice of administrative change in status of the Anchorage, Alaska Resident Office (Region 19) of the National Labor Relations Board, which has been closed and the area will be served by agents working from other locations.

**SUMMARY:** The National Labor Relations Board has closed its Anchorage, Alaska Resident Office because it has determined that closing the office and serving the area with resident agents working in the area, will result in significant savings while continuing to effectively serve the area currently served by this office.

**DATES:** Applicable Date: The change with respect to the Anchorage, Alaska office was announced by press release on December 11, 2017 and was effective December 29, 2017.

**FOR FURTHER INFORMATION CONTACT:** Roxanne Rothschild, Deputy Executive Secretary, 1015 Half Street SE, Room 5011, Washington, DC 20570. Telephone: (202) 273–1940.

**SUPPLEMENTARY INFORMATION:** The National Labor Relations Board has closed its Anchorage Resident Office and now services the area through full-time Resident Agents. This change was prompted by an examination of the staffing, caseloads, and rental and operating costs for the Anchorage office. This revision is nonsubstantive or merely procedural in nature. The Board expects no adverse impact on the quality of casehandling as a result of the office closure.

Region 19, which handles cases arising in Alaska, is headed by a Regional Director, who works in the Seattle, Washington Regional office and has full authority for the processing of both unfair labor practice and representation cases in that area.
