

part 395, for any truck added to its fleet on or after December 18, 2017, until the company's full transition to ELDs can be accomplished. Old Dominion explained that the exemption would provide the company time to work with its AOB RD/ELD provider, PeopleNet, to complete the development of the software necessary to integrate ELD data with Old Dominion's fleet management and safety systems. The integration of the hours-of-service data with the fleet management and safety systems would enable the company to achieve a high level of safety oversight of its drivers.

FMCSA considers the request to be on behalf of all motor carriers in similar situations concerning the integration of PeopleNet's ELD software into fleet management systems.

Old Dominion explained that all of the PeopleNet AOB RD and ELD hardware currently installed in Old Dominion's vehicles, and the systems that will be installed in the near future, would satisfy the ELD mandate after the company implements the transition to PeopleNet's December 15, 2017, release. However, the new PeopleNet release does not include the necessary means to integrate into Old Dominion's fleet management and safety software.

A copy of Old Dominion's application for exemption is available for review in the docket for this notice.

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition.

SUMMARY: FMCSA announces its decision to renew exemptions for 10 individuals from the requirement in the Federal Motor Carrier Safety Regulations (FMCSRs) that interstate commercial motor vehicle (CMV) drivers have "no established medical history or clinical diagnosis of epilepsy or any other condition which is likely

to cause loss of consciousness or any loss of ability to control a CMV." The exemptions enable these individuals who have had one or more seizures and are taking anti-seizure medication to continue to operate CMVs in interstate commerce.

DATES: The exemptions were applicable on August 13, 2017. The exemptions expire on August 13, 2019.

II. Background

On November 27, 2017, FMCSA published a notice announcing its decision to renew exemptions for 10 individuals from the epilepsy and seizure disorders prohibition in 49 CFR 391.41(b)(8) to operate a CMV in interstate commerce and requested comments from the public (82 FR 56110). The public comment period ended on December 27, 2017 and zero comments were received.

As stated in the previous notice, FMCSA has evaluated the eligibility of these applicants and determined that renewing these exemptions would achieve a level of safety equivalent to or

greater than the level that would be achieved by complying with the current regulation 49 CFR 391.41(b)(8).

The physical qualification standard for drivers regarding epilepsy found in 49 CFR 391.41(b)(8) states that a person is physically qualified to drive a CMV if that person has no established medical history or clinical diagnosis of epilepsy or any other condition which is likely to cause the loss of consciousness or any loss of ability to control a CMV.

In addition to the regulations, FMCSA has published advisory criteria to assist Medical Examiners in determining whether drivers with certain medical conditions are qualified to operate a CMV in interstate commerce. [49 CFR part 391, APPENDIX A TO PART 391—MEDICAL ADVISORY CRITERIA, section H. Epilepsy: § 391.41(b)(8), paragraphs 3, 4, and 5.]

III. Discussion of Comments

FMCSA received zero comments in this preceding.

IV. Conclusion

Based upon its evaluation of the 10 renewal exemption applications, FMCSA announces its decision to exempt the following drivers from the epilepsy and seizure disorders prohibition in 49 CFR 391.41(b)(8):

Eric J. Barnwell (MI)
John W. Boerth (WI)
Don C. Darbyshire (IA)
Todd A. Davis (WI)
Daniel Dellaserra (CA)
Charles T. Gray (OK)
Eric A. Hilmer (WI)
David Kietzman (WI)
Dennis Klamm (MN)
Brian J. Wiggins (ID)

The drivers were included in docket numbers FMCSA-2010-0203; FMCSA-2011-0389; FMCSA-2012-0050; FMCSA-2012-0294; FMCSA-2012-0094; FMCSA-2014-0382; FMCSA-2015-0116; FMCSA-2015-0117. Their exemptions are applicable as of August 13, 2017, and will expire on August 13, 2019.

In accordance with 49 U.S.C. 31315, each exemption will be valid for two years from the effective date unless revoked earlier by FMCSA. The exemption will be revoked if the following occurs: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained prior to being granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136 and 31315.
