AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition.

SUMMARY: FMCSA announces its decision to renew exemptions for three individuals from the requirement in the Federal Motor Carrier Safety Regulations (FMCSRs) that interstate commercial motor vehicle (CMV) drivers have “no established medical history or clinical diagnosis of epilepsy or any other condition which is likely to cause loss of consciousness or any loss of ability to control a CMV.” The exemptions enable these individuals who have had one or more seizures and are taking anti-seizure medication to continue to operate CMVs in interstate commerce.

II. Background

On November 27, 2017, FMCSA published a notice announcing its decision to renew exemptions for three individuals from the epilepsy and seizure disorders prohibition in 49 CFR 391.41(b)(8) to operate a CMV in interstate commerce and requested comments from the public (82 FR 56106). The public comment period ended on December 27, 2017 and zero comments were received.

As stated in the previous notice, FMCSA has evaluated the eligibility of these applicants and determined that renewing these exemptions would achieve a level of safety equivalent to or greater than the level that would be achieved by complying with the current regulation 49 CFR 391.41(b)(8).

The physical qualification standard for drivers regarding epilepsy found in 49 CFR 391.41(b)(8) states that a person is physically qualified to drive a CMV if that person has no established medical history or clinical diagnosis of epilepsy or any other condition which is likely to cause the loss of consciousness or any loss of ability to control a CMV.

In addition to the regulations, FMCSA has published advisory criteria to assist Medical Examiners in determining whether drivers with certain medical conditions are qualified to operate a CMV in interstate commerce. [49 CFR part 391, APPENDIX A TO PART 391—MEDICAL ADVISORY CRITERIA, section H. Epilepsy: § 391.41(b)(8), paragraphs 3, 4, and 5.]

III. Discussion of Comments

FMCSA received zero comments in this preceding.

IV. Conclusion

Based upon its evaluation of the three renewal exemption applications, FMCSA announces its decision to exempt the following drivers from the epilepsy and seizure disorders prohibition in 49 CFR 391.41 (b)(8): Joshua Abel, (MD); Jeremy H. Fryburg, (PA); and Anthony E. Martens, (SD).

The drivers were included in docket number FMCSA-2015-0118. Their exemptions are applicable as of October

22, 2017, and will expire on October 22, 2019.

In accordance with 49 U.S.C. 31315, each exemption will be valid for two years from the effective date unless revoked earlier by FMCSA. The exemption will be revoked if the following occurs: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained prior to being granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136 and 31315.

[Docket No. FMCSA-2018-0002]

Hours of Service of Drivers: Electronic Logging Devices; Application for Exemption; Old Dominion and Other Motor Carriers Experiencing Problems Integrating PeopleNet ELD System Updates Into Their Fleet Management Systems

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of application for exemption; request for comments.

SUMMARY: FMCSA announces that Old Dominion Freight Line Inc. (Old Dominion) has requested an exemption from the electronic logging device (ELD) requirements. Old Dominion request this exemption to allow the company to install ELD devices running on automatic on-board recording device (AOBRD) software in commercial motor vehicles (CMVs) added to the company's fleet for up to one year from the December 18, 2017, ELD mandate compliance date. If granted, this modified ELD phase-in period will allow Old Dominion's AOBRD/ELD provider, PeopleNet, to complete the development of the software necessary to integrate ELD data with the company's fleet management and safety systems to fully meet the ELD mandate. FMCSA considers the request to be on behalf of all motor carriers in similar situations concerning the integration of PeopleNet's ELD software into fleet management systems.
