

appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice. We reference the regulations outlining the terms and conditions of a grant in the *Applicable Regulations* section of this notice.

3. *Reporting:* (a) If you apply for a grant under this program, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) You must submit an annual performance report (APR) using the ED Facts System Portal at <https://eden.ed.gov>, including financial information, as directed by the Secretary, within 90 days after the close of the grant year. The APR is located within the ED Facts System Portal under the EASIE Part III tab. Prior to the system being open to users, grantees will receive an email from the ED Facts PSC identifying the date that the APR will be available to grantees and the deadline for its transmission.

(c) Under 34 CFR 75.250(b), the Secretary may approve a data collection period for a grant for a period of up to 72 months after the end of the project period and may provide a grantee with additional funding for the sole purpose of collecting, analyzing, and reporting performance measurement data regarding the project.

4. *Performance Measures:* The Secretary has established the following key performance measures for assessing the effectiveness and efficiency of the Formula Grants program: (1) The percentage of AI/AN students in grades four and eight who score at or above the basic level in reading on the National Assessment of Educational Progress (NAEP); (2) the percentage of AI/AN students in grades four and eight who score at or above the basic level in mathematics on the NAEP; (3) the percentage of AI/AN students in grades three through eight meeting State achievement standards by scoring at or above the proficient level in reading and mathematics on State assessments; (4)

the difference between the percentage of AI/AN students in grades three through eight at or above the proficient level in reading and mathematics on State assessments and the percentage of all students scoring at those levels; (5) the percentage of AI/AN students who graduate from high school as measured by the four-year adjusted cohort graduation rate; and (6) the percentage of funds used by grantees prior to award close-out.

5. *Integrity and Performance System:* If you receive an award under this grant program that over the course of the project period may exceed the simplified acquisition threshold (currently \$150,000), under 2 CFR 200.205(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through SAM. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds \$10,000,000, the requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed \$10,000,000.
