SUPPLEMENTARY INFORMATION:

I. General Information

The Post Road Drum Site is located at located at 200 Post Road, Anchorage, Alaska, within property owned by the ARRC. The Site is approximately four acres that ARRC leases to SAN LLC. Beginning in 2005 or 2006, SAN LLC subleased a portion of this property to William Vizzera, who did business as Precision Pavement Marking, Inc. (PPMI). In early November 2010, EPA received a citizen complaint regarding several 55 gallon drums and containers

on the Site that were suspected of leaking hazardous substances on to the ground and appeared to be abandoned. On November 10, 2010, EPA personnel conducted a Site visit and observed an estimated several hundred containers, including 55-gallon drums and 5-gallon pails, precariously stacked and scattered about the Site. Labels with the words "flammable liquid" and "organic peroxide" were observed on many containers. On December 15, 2010, EPA conducted a removal site evaluation. Drums were found in various states of deterioration as evidenced by bulging, corrosion, and other physical damage. EPA inventoried hundreds of containers, collected samples performed hazard categorization sample screening. Drums and containers were found across the Site on the ground or on top of or under the various vehicles at the Site—a flatbed trailer, two flatbed trucks and two box trailers. Approximately 340 fifty-five gallon drums, 140 five gallon pails and several pressurized paint vessels and several approximately 250-gallon liquid storage totes were found at the Site. Field screening and laboratory analysis of RSE samples indicates that the contents of containers at the site included ignitable and toxic characteristic RCRA hazardous wastes, which are hazardous substances. In response to the release or threatened release of hazardous substances at or from the Site, EPA oversaw the removal action at the Site.

EPA incurred approximately \$231,458 in response costs at the Site. Pursuant to the terms of the CERCLA Section 122(h)(1) Settlement Agreement for Recovery of Response Costs, the settling parties will pay EPA \$50,000. In return for the payment of this amount, EPA covenants not to sue the settling parties for past response costs—response costs incurred by EPA prior to the effective date of the Settlement Agreement—at the Site.
