

Act of 1980 (ANILCA) for certain projects. The FHWA is extending the date to accommodate a potential shift in the preferred alternative and to determine with the Department of the Interior how a 2017 commitment to undertake a land exchange in the project area would affect the decision making process. The delay is agreeable to the applicant (Alaska Department of Transportation and Public Facilities) and other involved Federal agencies.

DATES: The publication of a final environmental impact statement for the Sterling Highway MP 45–60 Project is extended to March 13, 2018.

ADDRESSES: Applicant's project website: <http://sterlinghighway.net>.

FOR FURTHER INFORMATION CONTACT: John Lohrey, FHWA Alaska Division Transportation Planner, 907–586–7428, john.lohrey@dot.gov.

SUPPLEMENTARY INFORMATION: The Alaska Department of Transportation and Public Facilities (DOT&PF) proposes to upgrade and partially realign the Sterling Highway (AK–1) over about 14 miles in the vicinity of Cooper Landing, in the Kenai Peninsula Borough, Alaska. The Sterling Highway Milepost 45–60 Project, in part, would use Federal funding administered by the FHWA. The FHWA and DOT&PF issued a draft supplemental environmental impact statement (EIS) for the project in March 2015. The EIS was a supplemental EIS because FHWA had issued a draft EIS in 1994 for a 23-mile stretch of the Sterling Highway and had issued authorization following the 1994 draft EIS to split the project into two parts, each with independent utility. A decision in 1995 authorized design and construction of the Milepost 37–45 portion (completed in 2001) and development of a supplemental EIS for the Milepost 45–60 portion.

Some alternatives evaluated in the current EIS would cross lands classified as conservation system units (CSUs) by the ANILCA. Title XI of ANILCA requires special procedures for completion of an EIS under the National Environmental Policy Act if a transportation project will cross a CSU. The ANILCA Section 1104(e) [16 U.S.C. 3164(e)] describes procedural requirements, including a requirement that the project's final EIS shall be completed within 1 year of submittal of a form applying to cross a CSU. The procedural requirements allow the lead Federal agency to extend the time period for good cause if a notice is published in the **Federal Register** to explain the reasons for the extension.

For ANILCA requirements, the involved Federal agencies are FHWA

(Department of Transportation); Forest Service (Department of Agriculture); U.S. Fish and Wildlife Service (Department of the Interior); and Corps of Engineers (Department of the Army). These agencies have long been cooperating agencies and have been working in good faith to produce the EIS.

Under ANILCA Title XI, FHWA and the other involved Federal agencies consider the Kenai National Wildlife Refuge and the Resurrection Pass National Recreation Trail on Chugach National Forest to be CSUs. Two alternatives would use land from these CSUs, and two alternatives would not use land from any CSUs. DOT&PF filed the required Federal form, Standard Form 299, as an application for crossing the CSUs. The filing date was March 13, 2015. At that time, neither DOT&PF nor FHWA had identified a preferred alternative, so the application was made in general, because two alternatives would involve CSUs. In December 2015, DOT&PF and FHWA agreed that the G South Alternative was the preferred alternative and released this information to the public. The FHWA issued a letter dated December 9, 2016, to cooperating agencies stating that the preferred alternative would not cross any CSU and that no decision under ANILCA Title XI would be required. Consideration of the timelines under ANILCA Title XI was put aside.

However, based on public and agency comment following publication of the Draft Supplemental EIS and the announcement of the preferred alternative, and based on input from cooperating agencies during preparation of the Final EIS, FHWA and DOT&PF have been reconsidering the preferred alternative. New information also affects identification of the preferred alternative. Therefore, the involved Federal agencies and DOT&PF as the applicant are in agreement that it is in the best interest of good decision-making for this project to extend the timeline given in ANILCA.

Specifically, FHWA is extending the timeline for publishing the Final EIS to March 13, 2018. The FHWA and the other involved Federal agencies expect to publish the Final EIS within that time and to issue their individual decisions regarding permits and authorizations in accordance with ANILCA following the Final EIS publication. The actual issuance of a permit or right-of-way, or actual transfer of funds, is expected to occur as promptly as possible following these decisions, per ANILCA sections 1106(a)(1)(A) and 1106(c)(6).

Authority: 16 U.S.C. 3164(e).

SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the OMB for each collection of information that they conduct or sponsor.

Section 3506(c)(2)(A) of title 44 requires federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed renewal of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the OCC is publishing notice of the proposed renewal of information set forth in this document.

Title: Registration of Mortgage Loan Originators.

OMB Number: 1557-0243.

Description: The Secure and Fair Enforcement for Mortgage Licensing Act (the S.A.F.E. Act)¹ requires an employee of a bank, savings association, or credit union and their subsidiaries regulated by a federal banking agency or an employee of an institution regulated by the Farm Credit Administration (FCA) (collectively, institutions) who engages in the business of a residential mortgage loan originator (MLO) to register with the Nationwide Mortgage Licensing System and Registry (Registry) and obtain a unique identifier. Institutions must require their employees who act as residential MLOs to comply with the Act’s requirements to register and obtain a unique identifier and also adopt and follow written

policies and procedures to assure compliance with these requirements.

Among other things, the Registry is intended to aggregate and improve the flow of information to and between regulators; provide increased accountability and tracking of mortgage loan originators; enhance consumer protections; reduce fraud in the residential mortgage loan origination process; and provide consumers with easily accessible information at no charge regarding the employment history of, and the publicly adjudicated disciplinary and enforcement actions against, mortgage loan originators.

Along with the Board of Governors of the Federal Reserve System, the Federal Deposit Insurance Corporation, the National Credit Union Administration, and the Farm Credit Administration, the OCC issued a final rule implementing the SAFE Act.² The Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act), Public Law 111-203, later transferred this rule to the Consumer Financial Protection Bureau (CFPB) and the CFPB republished this rule as 12 CFR part 1007.³ However, the OCC retains enforcement authority for this rule for national banks, federal savings associations and federal branches and agencies of foreign banks with total assets of \$10 billion or less.⁴

MLO Reporting Requirements

Except in situations where the de minimis exception applies, 12 CFR 1007.103 requires an employee of an institution who is engaged in the business of a MLO to register with the Registry, maintain and update such registration, and obtain a unique identifier. This section also requires an institution to require its MLO employees to comply with these requirements. Section 1007.103(d) sets forth the categories of information that an institution must require its employees to submit to the Registry, or to submit on the employee’s behalf. This section also requires the employee to submit to the Registry an attestation as to the correctness of the information submitted and an authorization for the Registry to obtain further information.

MLO Disclosure Requirement

Section 1007.105(b) requires the MLO to provide the unique identifier to a consumer upon request, before acting as a mortgage loan originator, and through the originator’s initial written

communication with a consumer, if any, whether on paper or electronically.

Financial Institution Reporting Requirements

Section 1007.103(e) specifies the institution and employee information that an institution must submit to the Registry in connection with the registration of one or more MLOs and annually thereafter. The institution also must update this information within 30 days of it becoming inaccurate. Employees of the institution who submit information to the Registry on behalf of the institution also must verify their identity and attest to the accuracy of the information submitted.

Financial Institution Disclosure Requirements

Section 1007.105(a) requires the institution to make the unique identifier of MLO employees available to consumers in a manner and method practicable to the institution.

Financial Institution Recordkeeping Requirements

Section 1007.104 requires that an institution that employs MLOs to adopt and follow written policies and procedures, at a minimum addressing certain specified areas, but otherwise appropriate to the nature, size and complexity of their mortgage lending activities.
