

turnover in staff related to both the change in administration and natural attrition over a period of multiple years. These events impact the capacity, decision-making structure, and institutional knowledge of the Department, causing it to be less agile and to move at a slower velocity for some period. Fortunately in recent months that has changed. However, due to these events, including some that were unforeseen, as well as the other conditions described in the paragraphs above, the development of the application was affected.

The end result remains that a traditional paperwork clearance would have resulted in applicants being unable to use the awarded flexibility until the 2019–2020 school year, which would delay a program that Congress intended to equitably allocate resources to educationally disadvantaged students. Therefore, the Department is seeking emergency clearance.
