

Total Estimated Number of Annual Burden Hours: 94,916.

Abstract: The Higher Education Opportunity Act (HEOA) (Pub. L. 110–315) was enacted on August 14, 2008 and reauthorized the Higher Education Act of 1965, as amended, (HEA). It requires participating Title IV institutions to apply for funds and report expenditures for the Federal Perkins Loan (Perkins), the Federal Supplemental Educational Opportunity Grant (FSEOG) and the Federal Work-Study (FWS) Programs on an annual basis.

The data submitted electronically in the Fiscal Operations Report and Application to Participate (FISAP) is used by the Department of Education to determine the institution's funding need for the award year and monitor program effectiveness and accountability of fund expenditures. The data is used in conjunction with institutional program reviews to assess the administrative capability and compliance of the applicant. There are no other resources for collecting this data.

The HEA requires that if an institution anticipates not using all of its allocated funds for the FWS, and FSEOG programs by the end of an award year, it must specify the anticipated remaining unused amount to the Secretary, who reduces the institution's allocation accordingly.

The changes to the Perkins Loan Program in this annual update reflect the immediate reporting needs. There will be more extensive changes to the FISAP in next year's iteration to accommodate the continuing Perkins program close out.

Title of Collection: Implementation of Title I/II Program Initiatives.

OMB Control Number: 1850–0902.

Type of Review: A reinstatement of a previously approved information collection.

Respondents/Affected Public: State, Local, and Tribal Governments **Total Estimated Number of Annual Responses:** 770.

Total Estimated Number of Annual Burden Hours: 872.

Abstract: The second round of data collection for the Implementation of Title I/II–A Program Initiatives study will continue to examine the implementation of policies promoted through the Elementary and Secondary Education Act (ESEA) at the state and district levels, in four core areas: School accountability and support for low-performing schools, improving teacher and leader effectiveness, state content standards, and assessments. The first round of data collection for this study was conducted in Spring and Summer 2014.

The purpose of this follow-up data collection is to provide policy makers with detailed information on the core policies promoted by Title I and Title II–A being implemented at the state and district levels, and the resources and supports they provide to schools and teachers. The timing of the data collection is critical to provide early information on the implementation of the Every Student Succeeds Act (ESSA) in the 2017–18 school year.

This study will rely on information collected from existing sources, for which there are no respondents or burden, and on a set of revised state and district surveys based on the 2014 data collection in order to address the study's research questions. Extant data sources include (a) the National Assessment of Educational Progress (NAEP) and (b) EDFacts data.

The revised surveys of states and school districts will begin in March 2018. All respondents will have the opportunity to complete an electronic (e.g., web-based) survey (or paper survey, if preferred). The survey respondents are described briefly below:

State Surveys: The state survey will be sent to the chief state school officer in each of the 50 states and the District of Columbia. The state surveys will be administered using an electronic instrument divided into modules corresponding to the four core areas.

School District Surveys: The school district survey will be sent to school superintendents from the same nationally representative sample of 570

school districts that participated in the 2014 survey, as well as a new nationally representative sample of 149 charter school districts. The district survey will be web-based and modularized, corresponding to the four core areas, to allow for completion by one or multiple respondents.
