

using existing international transmission facilities. On May 3, 2017, GSEMNA changed its name to EEMNA in Order No. EA-386-A. That authority expires on March 27, 2018. On January 26, 2018, EEMNA filed an application with DOE for renewal of the export authority contained in Order No. EA-386 for an additional five-year term.

In its application, EEMNA states that it does not own or operate any electric generation or transmission facilities, and it does not have a franchised service area. The electric energy that EEMNA proposes to export to Mexico would be purchased from third parties such as electric utilities and Federal power marketing agencies pursuant to voluntary agreements. The existing international transmission facilities to be utilized by EEMNA have previously been authorized by Presidential Permits issued pursuant to Executive Order 10485, as amended, and are appropriate for open access transmission by third parties.
